

Hon. Mr. Carvell Makes Appeal For United Effort

Minister of Public Works, in Statement to Electors, Gives Reasons Which Led Him to Enter Union Government

Woodstock, Nov. 7.—Hon. F. B. Carvell has issued the following address to the electors of Victoria and Carleton: To the Electors of the Electoral District of Victoria and Carleton: Ladies and Gentlemen:

The writs for the general election to be held on Dec. 17 next, having been issued, and, being the New Brunswick representative in the new union government, in appealing to you for your support I feel it incumbent upon me in as brief a manner as possible to state to you my position, and the reasons for the formation of the government three weeks ago.

The real question before the electors of Canada today is whether or not this dominion will do its full duty, not only to itself, the empire at large, and the civilization of the world, but to the soldiers who have already gone forward, many of whom have made the supreme sacrifice. Tens of thousands of others have been maimed and wounded, and

two hundred thousand are still in Europe fighting for you and me and everything which is of value in life.

When the Military Service act was introduced in Parliament by the present premier in the month of May last, a sharp cleavage arose, not only in Parliament, but throughout Canada at large, and, in voting upon this all important measure unfortunately twenty-five of my colleagues and myself found ourselves at variance with our leader as to the advisability of supporting selective conscription, which I freely admit was something new in the political life of Canada, and something which had not existed in the British Empire for more than 100 years, until the war had been in progress for about a year, when it was introduced and enforced in Great Britain; and, even then, we did not dream we would have to be called upon to enforce such a measure in Canada; but the world is experiencing conditions such as it never knew before. All preconceived ideas of political economy, ideas of government and the liberty of the subject must change, if necessary, under the altered conditions as they arise, to make this world a fit place in which people may dwell in peace and security.

For four long months my colleagues and myself attempted to find some common ground with our leader on this great issue, on which we could appeal to the country, but unfortunately we failed; and, believing as I do, that the first duty of every citizen is to do his utmost, and see that his country does its utmost, to the successful prosecution of this war, after many long and weary negotiations, I decided to accept the position in the union government which I now occupy.

This government has been formed by a union of both Conservatives and Liberals for the express purpose of carrying on the affairs of the country, if elected, until the close of the war and a reasonable time thereafter in which to re-establish the peace and place the country again upon a peace footing. When that has been accomplished, our agreement ceases, and every member of the government, whether Liberal or Conservative, is at perfect liberty to pursue any course which in his conscience he may deem right and proper.

We have allowed all matters of local and political interest to Canada to remain in abeyance until peace has been declared, and to devote our whole attention to the energetic prosecution of the war.

Holding these views, and upon this platform, I confidently appeal to you for your support, and, if elected, promise you that not only will I give my whole energy to the great object for which this government was constituted, but also, so far as my department is concerned, and so far as my opinion may prevail with my colleagues, the affairs of this country will be run upon a

business basis such as never existed heretofore. Patronage committees and patronage lists will be abolished, and the appointments to offices and other necessary functions of government will be divided between both political parties in as equitable a manner as it is possible. In other words, I intend to practice in office what, for the past six years, I have been preaching in opposition. I will probably not be able to accomplish all that I would like to do,

but, in so far as in me lies, I will do my best to attain the goal before me. Upon this platform, and with these objects in view, I confidently ask for your support on Dec. 17 next.

Sincerely yours,
F. B. CARVELL.

Each Party Will Name Candidate

A sub-committee of the Conservative executive of St. John met a sub-committee of the Liberal executive yesterday afternoon and discussed the political situation. A resolution was passed endorsing union government and favorable to the idea of holding separate conventions so that the Liberals might nominate one candidate and the Conservatives one candidate, both candidates to receive the support of Liberals and Conservatives alike. Last evening the Conservative executive met and received the report of its sub-committee, which was unanimously adopted. The Conservatives decided to call their convention for Wednesday evening, Nov. 14. The date for the Liberal convention will, no doubt, be announced soon.

Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type on the machine before me. I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this form.

It is believed that thousands who wear glasses can now discard them in a reason-

able time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clearing perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this form.

Buying Victory Bonds is Sound Patriotism and Good Business

THE PURPOSE of Canada's Victory Bond issue, the fourth of Canada's war loans, is two-fold:—

First, to maintain and support the Canadian army;

Second, to enable Great Britain to purchase in Canada those supplies which she must have to carry on the war and to provide food for the civilian population at home.

Canada has in both those purposes an irresistibly impelling interest. Canada's patriotism demands that our soldiers lack nothing in food, clothing, guns or service, to win the war.

And, Canada's own self-interest demands that production shall increase, that commercial activity shall continue, that wages shall be maintained.

What is more—Canada's self-interest in this case is also a patriotic duty—for we must maintain conditions of material well-being in Canada in order to sustain a maximum of war effort.

Great Britain's market offers a sure welcome to the products of Canada's fields, mines, fisheries and factories.

But Great Britain must have credit to buy these products.

So in order to provide the necessary credit the Minister of Finance borrows from the people of Canada, by means of Victory Bonds, the proceeds of which will be used to establish that credit.

You, and each of us—up to the greatest sum in our ability to invest; up to the point where it hurts; must all buy Victory Bonds.
