

## GIRLS AND BOYS LIVING GAY LIFE

Mothers of Detroit See School  
Neglected for Parties and  
Dances.

Detroit boys and girls of high school age are going to too many dances, seeing too many movies, doing altogether too much smoking, drinking, playing, and all too little studying, is the opinion of a number of prominent women who belong to the Detroit Federation of Women's Clubs.

The women are planning for a "come back to normalcy" movement for young people, and they are asking federation members to see that their own children are permitted to attend affairs away from home only on Friday and Saturday evening when there are no lessons to prepare. The new venture has been undertaken by the Civic Department of the Federation, with Mrs. James N. Downey as chairman.

"We do not want the young people to think we are depriving them of all their pleasures, but we do know that Detroit high school boys and girls are indulging in too much gaiety for their own good," Mrs. Downey says. "I have personal knowledge of boys and girls between sixteen and seventeen who are going to parties two and three evenings a week. Why can't they be kept at home on week nights and allowed to have their good times on Friday and Saturday evenings?"

"No child who has been to a party until late one night is at all fit for school next day. High school boys and girls need sleep, and plenty of it. It does not seem to me that the mothers are as interested in the welfare of their children as they used to be. Young folks have too much liberty. What they really need is a little more parental supervision and co-operation."

Mrs. C. H. Key, president of the Democratic Women's Club, condemns severely the modern high school girl who "smokes, smokes, drinks, parks" her co-sets and lies to her mother as glibly as she would to a stranger. I cannot imagine what has come over the young people today. They belong to a race never seen before in all history," Mrs. Key says. "I say to mothers, keep your children at home, if you possibly can, and the wise mother can."

That Is, Impure, Impoverished, De-  
vitalized Blood.

Probably 75 per cent. of the ailments of the human race are due to an abnormal condition of the blood—thin, poor, anemic.

This fact and the further fact that Hood's Sarsaparilla purifies, enriches and vitalizes the blood, by creating a healthy appetite, aiding digestion, promoting assimilation and thereby securing in full all the benefits of complete nutrition, must impress the thoughtful with the wisdom of giving this great medicine a good fair trial.

## ANGELICANS SAY "HAIL MARY" AND GO TO CONFESSION

Wycliffe College Sounds Call  
to "Stand Fast in the Hour  
of Difficulty and Danger."

(Toronto Telegram.)  
"Facts Worth Knowing" is the title of a pamphlet issued by Wycliffe College, in which, incidentally, attention is called to practices within the Church of England in Toronto which may prove rather startling to the members of other congregations in the same communion.

Reference is made to mass celebrated on New Year's morning at the Church of St. Mary Magdalene, Manning avenue. The mass was attended by the Anglo-Catholic Union, an organization which has as its purpose, it is alleged, the re-introduction into the Church of England which were thrown out at the reformation.

"Wycliffe College," says the pamphlet, "stands opposed to these things, and the fact that such doctrine and practices are being promulgated appears to us to be a very clear call to those who love their Bible, their liberties, and their church, to stand fast in this hour of difficulty and danger."

At the mass in question, the Lord Bishop of Fond du Lac is reported to have "pontificated at the Throne." Venerable Archdeacon Hughes officiated as "deacon of the Throne," and Rev. R. Melville of St. Stephen as sub-deacon. Rev. H. G. Hicocks of St. Mary's and Rev. P. H. Hartley of St. Matthias also assisted.

The pamphlet continues:  
"In spite of all that has been said about the comprehensiveness of our church we cannot hide our eyes to the fact that there are at least two fundamentally different schools of thought within her borders. Some men hold to the so-called 'Catholic' doctrines and ritual, while others hold to the Protestant doctrines and practices."

## Evangelical Doctrine

We do not venture to express any comment regarding the position of those who, holding the 'Catholic' doctrines and ritual, yet remain within the church. Our business is not to judge in the matter, but to maintain those scriptural, spiritual and evangelical doctrines which can be most surely proved from the Scriptures. It is sometimes said that the day has come for Wycliffe College to surrender its rights and privileges so dearly won against terrific odds, since the great body of the laity have no use for 'division' within the church."

## Private Confession

Rev. J. F. Green, Bishop of Toronto, would say nothing as to the pamphlet, nor as to the alleged practices at St. Mary Magdalene's, when his attention was called to the matter this morning.

Those who have attended the church say that the "Hail Mary" is among the prayers used in the church; that the private confession, which has long been announced from the pulpit, is now advertised on the bulletin board outside the church, and the use of incense is practiced.

A large proportion of the congregation is said to take advantage of the private confessional, though it has not been made compulsory.

The bereaved family will have the sympathy of a large circle of friends.

**John H. Walker.**  
John H. Walker, a much respected and well known citizen of this city, passed away at his residence, 146 King street east, on Sunday morning, after an illness of a few weeks' duration. The late Mr. Walker was a man of exemplary character, of bright and cheerful disposition and beloved by all who knew him.

He was born in Cheshire, England, in 1855, an expert weaver by trade, and came to St. John in 1887 to superintend the mechanical department of the Courtenay Bay cotton mills. Tiring of mechanical work, he entered business life and for thirty years or more conducted a successful grocery in King street east. A few years ago he retired and was succeeded by his nephew, W. C. Broadbent, who still conducts the business.

The late Mr. Walker was a member of Hibernia Lodge, F. and A. M., of thirty-second degree, a member of Manchester Lodge, I. O. O. F., and one of the oldest members of the local order of the Sons of England. He was also an active member of Centenary church. He leaves to mourn his wife, one brother, Robert, in England, and three nephews, two in Magog, Quebec, and W. C. Broadbent, of this city.

**Miss Marguerite A. Horgan.**

The death occurred at noon on Sunday at her mother's home, 74 Lansdowne avenue, of Miss Marguerite A. Horgan, a daughter of Margaret and the late Michael Horgan. She had been a resident of Golden Grove, but had been in poor health for some time and recently had been in the East St. John County Hospital. About four weeks ago Mrs. Horgan moved in to the city so as to be near her daughter, who came to live with her. She was a very popular young lady and will be missed by many friends. ## MAGNANIMITY OF BRITISH SEAMEN

Special care Given to Interned  
German Sailors During the  
War—Provided Camp and  
Comforts.

London, Feb. 18.—(By Canadian Press) The magnanimity of British seamen is strikingly revealed in a manifesto issued by the marine section of the International Transport Workers' Federation.

As a result of the war activities of German submarines, German seafarers serving on British ships for a period of years, but with a view to finding a road out of "this difficulty," the manifesto says, Harold Wilson, M. P., president of the federation, sought an interview with Hugo Stinnes, the German liner owner and ship owner, on his recent visit to London.

In the manifesto Mr. Wilson points out that for thirty years before the war he was a great admirer of the German nation, and German seamen in particular, and that thousands of Germans had obtained employment in British ships through his help.

The war, proceeds the letter, compelled the government to intern German merchant seamen in this country. "Though public feeling ran high at that time, I decided to establish a camp of our own for the internment of German seamen, and this cost the union, of

Intestinal Antiseptic Surprises Him**

"I suffered from gas on the stomach so that I couldn't keep food down and tossed in bed all night. After taking one bottle Aderika (intestinal antiseptic) I can now eat anything and sleep like a log." (Signed) R. C. Miller.

Intestinal Antiseptic.

There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Aderika, acts as follows:

It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart.

It is astonishing the great amount of poisonous matter Aderika draws from the alimentary canal—matter you never thought was in your system. Try it right after a natural movement and notice how much more foul matter it brings out which was poisoning
