THE STRIKERS' CALL

Demands Universal Suffrage For Russian People.

INFLAMMATORY APPEALS

"Join Us, Rise With Us," the "Call of Papers Distributed by Thousands to the Army and the Workmen—'Freedom or Slavery?'"—Thousands Obey the Call—News of Terrible Doings in Prisons.

St. Petersburg, Dec. 22.—Papers which are being distributed by thousands to the workmen are filled with the most inflammatory appeals, and sting the people to an armed rebellion. Many of the articles are especially directed to the army, which is implored, not to shed the blood of the nation.

"Join us. Rise with us. No power can stand against the people and the army united." The strike calls, in addition to making the regular demands for a constituent assembly, universal suffrage, to the abolition of martial law, immunity of the person and the other features of the proletariat's program, insist on the release of the imprisoned members of the Workmen's Council, the discontinuation of political suits, acquiescence with the petitions of the army and navy and of the railroad and postal telegraph employes for an increase of pay, the transfer of the land to the people, an eight-hour day and the abolition of all restrictions regarding nationalities and religion.

Freedom or Slavery. The preamble reads: "Citizens, freedom or slavery? Is Russia to be governed by the people or robbed by a band of thieves? Let us stop industry, commerce, and communications throughout the country and with one united effort overthrow the last vestige of autocracy. To the whip, sword, and machine gun let us oppose the revolutionary bayonet. Financial ruin threatens to engulf the Government. One more blow and the vile regime will be ended."

No Prayers For Czar. It is significant that the workmen in the mills and factories have for more than a week been presenting demands that the priests discontinue the usual prayers for the Emperor, with the alternative of being boycotted if they did not cease doing so.

Train Leaves Warsaw. At noon yesterday the continental train left the Warsaw station with military engine drivers, and a strong guard of soldiers. The tender and locomotive were old, the strikers having rendered all the others useless. Two files of soldiers were drawn up on the platform.

The railroad strike began at the St. Nicholas station at noon, but the Baltic roads were still working at that hour. The employes of the Putloff Iron Works to the number of about 12,000, have struck.

The Government's advices show that all the trains with troops which enter the Baltic provinces are being stopped by the insurgents. A number of Cosaks in a car were captured and disarmed beyond Dorpat.

Revolt Spreads. The Town of Tukum has been retaken from the insurgents by Russian troops. Advices from Ryeszhitza, in the Government of Vitebsk, announced that a rising has occurred in that vicinity similar to the insurrection in Livonia.

The report that Kharkoff is in the hands of the revolutionists is confirmed. Two hundred and fifty men of the Starobelsk and Lebelsk Regiments have joined the revolutionists, and their comrades flatly refuse to fire on them.

At Nikolavleff the revolted regiments have been captured. Two hundred and fifty prisoners were sent to Orshkoff fortress. The capture of the mutineers was effected by Gen. Stupin, who, on the arrival of reinforcements from Odessa, unexpectedly attacked the barracks where the mutineers had assembled. The latter soon surrendered.

Thousands Obey Strike Call. Moscow, Dec. 22.—Twelve thousand persons are holding a meeting in the Aquarium. Five thousand factory hands are idle. The troops are confined to their barracks and every possible military preparation for eventualities has been made.

At St. Petersburg. St. Petersburg, Dec. 22.—The streets are filled with troops, especially those in the industrial sections. The railroad stations are in possession of the military. Wholesale arrests of the leaders of the workmen were made last night.

Moscow is already cut off from St. Petersburg and with the provinces generally there is no communication. The Lithuanian insurrection was extended into Vitebsk. At Kokuhsen the chief of police and his assistants were tried by a revolutionary tribunal and executed.

A 12-Hour Battle. It turns out that Tukum, in Courland, only surrendered after a severe fight which lasted 12 hours. The latest information from Kharkoff says that 10,000 revolutionists are under arms, and that troops are being concentrated to recapture the city.

Thousands Go Out. In the manufacturing districts beyond the Warsaw and Narva gates in the Schussenberg district and in the sections on both sides of the Neva, the workmen generally obeyed the summons to strike and promptly at 12 o'clock thousands of them emerged to the streets.

A BITTER CAMPAIGN

Two Election Arrests Made in Prince Albert, Sask. SWORE THAT HE WAS PAID \$10

Liberals May In Consequence Have the Opposition Candidate, Donaldson, Arrested For Personal Bribery—Conservatives First Cause Arrest of a Deputy Returning Officer—What the Dispute Is About.

Prince Albert, Sask., Dec. 21.—The bitterness of the campaign shows no sign of relaxing. Yesterday the Conservatives caused the arrest of a deputy returning officer for failing to seal the lock of his box. He had sealed the box and locked it in the presence of the scrutineers, but the Conservatives claim the lock should also have been sealed.

This is disputed by the Liberals, who in return for this proposed to have Opposition candidate Donaldson arrested on a charge of personal bribery. One of his supporters named Foulds swore that he was paid \$10 by Donaldson for the loss of time and expense in going to vote.

HE WAS MISREPORTED.

Dr. McLennan Made No Attack on the Coal Companies. Halifax, Dec. 21.—The Conservative press published a garbled report of the speech delivered by Dr. McLennan, M. P. for Inverness, alleging that he stated that the big coal companies formed a combine, and parcelled out the contracts for the supply of coal to the intercolonial among themselves, forcing the Government to accept their terms, and that the Dominion Coal Co. bribed the intercolonial officials at Montreal by supplying to them free coal.

Dr. McLennan repudiates the report and says he merely read the questions placed on the order paper of the Commons last session, inquiring if a combine existed among the owners of the large collieries to regulate prices and supplies of coal, and if so, whether it was the duty of the Government to break it up and give the smaller collieries a fair field.

Alex. Dick, general sales agent of the Dominion Coal Co., emphatically denied the alleged statements of Dr. McLennan, and says contracts were awarded to his company after tender in the usual way. He characterizes the story about bribing I. C. R. officials as a base and false slander.

FOR TEACHERS AND PROFESSORS

Carnegie Supplements Ten Million Foundation With Five Millions. New York, Dec. 22.—It was announced from Boston yesterday, says The Herald, that the "Carnegie Foundation," a sum of \$10,000,000 given by Andrew Carnegie to provide relief for needy teachers and professors in universities, colleges and technical schools in the United States, Canada and Newfoundland, is to be forthwith increased by the addition of \$5,000,000. At the same time the restrictions which prohibited aid from being extended to members of the faculties of sectarian and state-aided institutions, are to be removed, the statement declares.

It is further declared that Mr. Carnegie has announced his willingness to add still another large sum to the "Foundation" should the managers deem such a move essential to its success.

ANGRY ODELL.

Charges President With Deliberate Attempt to Wreck Republican Party. New York, Dec. 22.—Former Governor B. B. Odell, Jr., chairman of the Republican state committee, made a statement yesterday in which he charged President Roosevelt and Governor Higgins with a deliberate attempt to wreck the Republican party of this state for their own personal ambitions.

He declared that a quarrel ensued, they, not he, will be responsible. Mr. Odell's accusations were a part of his comment on the situation growing out of the contest in the Republican party in this state for the speakership of the New York Assembly. Mr. Odell declared himself in favor of E. A. Merritt, Jr., several days ago. On Monday last Governor Higgins came out in favor of J. W. Wadsworth, Jr.

THIS PRETTY CANADIENNE

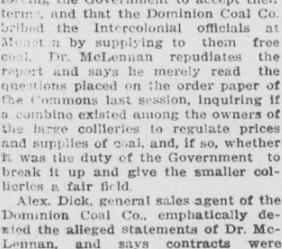

Saved From Terrible Kidney Disease By "Fruit-a-tives."

"I have much pleasure in reporting to you the great benefit I have received from taking 'Fruit-a-tives'—and I feel that I cannot say too much in favor of a medicine which has done me so much good. I was a martyr to that distressing complaint, chronic constipation accompanied with severe headaches, backache, sick stomach and all the symptoms of dyspepsia. I had also a dreadful complexion, sallow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try 'Fruit-a-tives' and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box of 'Fruit-a-tives' I began to feel better and before I had finished one box the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I was a child. Also, my complexion began to clear up again, all the sallowness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the 'Fruit-a-tives' now as I am quite well in every way. I took no medicine but 'Fruit-a-tives' but I followed faithfully the directions as to diet etc., given in the pamphlet which accompanies each box of 'Fruit-a-tives.' (Sgd.) FLORANCE JAMISON.

Every part of the body is constantly decaying and being renewed. The dead cells, or tissue waste, should be removed by the skin, kidneys and bowels. When these organs do not act regularly, this poisonous matter stays in the system—is taken up by the blood—carried to heart, liver, stomach, brain and nerves all over the body—and poisons everything it touches.

'Fruit-a-tives' keep each organ clean and healthy. 'Fruit-a-tives' act on the skin, stimulating the millions of minute glands and opening the pores so the waste can escape. They act on the liver sending more bile into the bowels and making the bowels move regularly and naturally every day. They act on the kidneys, strengthening and invigorating these organs and curing all kidney disorders.
