 From the mass of evidence in our possession we select the following—
 From L. J. RACKIE, Esq.,
 of Le Moyne, Montreal: "Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For some months I was afflicted with a severe and obstinate cough, accompanied with much pain in the chest, which did not leave me, until I used the Balsam. I immediately commenced its use, and in a few days my cough ceased, and my chest was relieved. I have since used it several times, and with the same success. I am sure that such a remedy as this Balsam is well calculated to do good in all cases of the kind, which has only to be tried to be acknowledged as the most powerful and salutary agent in the cure of a speedy cure of their own patients. We have space only for the names of a few of them:
