WILL GIVE REASONS

C.P.R. Promises to Explain High Cost of Living.

COMPARISONS ARE MADE

Counsel Representing the Various Lines Submit Evidence to Show That the Canadian Freight Tariff Is Lower Than In Similar Territory In the U. S.—Mr. Chrysler Will Tell Effect of Rates.

Ottawa, Oct. 9.—That not only would the specific complaints upon which the enquiry was based be dealt with, but that as a matter of public information, reasons why freight rates in the west were so high as to increase the cost of living there, would be given, was the gist of a statement made by F. H. Chrysler, K.C., representing the C.P.R., at yesterday's session of the western rate enquiry.

Most of the day was taken up with the presentation of a series of statements designed to show that Canadian rates in the west were lower than American ones in similar territory, while to-day it will be argued that rates in western United States are higher than in the eastern part of that country.

That for short distances American tariffs were less and for long ones greater than the Canadian rates was indicated. Density of population and greater development of American States was given as the reason for this.

W. H. McInnes, C.P.R. freight traffic manager, said that in many cases C.P.R. rates in the west were lower than American ones.

M. K. Cowan, representing Alberta and Saskatchewan, objected to these statements being put in, on the ground of irrelevancy, but they were allowed to go under protest.

During the afternoon session, the series C. list of rate comparisons was continued. Differences in favor of the C.P.R. were shown in a variety of instances, in some cases amounting to 30 per cent. of the Canadian rate itself.

Series D. dealing with through rate comparisons was next presented. Objection was raised by Messrs. M. K. comparisons as being irrelevant to the purposes of the enquiry.

"These are not even eastern local rates; they are eastern through rates," said Mr. Pitblado.

"The fact is," replied Mr. Chrysler, "that the rates in the U. S., as the exhibits show, are very much in line with rates from the east to the west. Our rates in eastern Canada are influenced by rates in adjoining territory in the U. S. So are those of the west. Why are the rates in western United States higher? It is all a question of water competition and nothing else, which has made them higher in the U.S. and made our own higher, too, in the west than in the east."

"Do you mean to say your eastern Canadian rates are based on those in the U. S.?" asked Mr. Cowan.

"Not based, but influenced," said the C.P.R. counsel. He went on to explain that some of the facts brought out were designed to meet a certain amount of outside criticism.

"The public have a right to know, if the high cost of living in the west is due to railway rates, that the same conditions apply in western United States," he stated.

Commissioner McLean called Mr. Chrysler's attention to the fact that similarly designated classifications of Canadian and American rates might include different commodities and would thus not furnish a fair basis of comparison.

The fact that the rates at Winchester, Ont., could not go above the basis established by water competition, Morrisburg was instanced as illustrative of the influence of such competition on eastern as compared with western rates. Special local railway competition was also experienced in the east and had to do with the making of rates.

"But you have this railway competition in western Canada," said Chairman Drayton.

"Yes, but on a different basis," was the reply.

Adjournment was taken until to-day.

To Rescue Burning Vessel.

Halifax, N.S., Oct. 9.—At 9 o'clock last evening Lighthouse Keeper Gilkie at Sambro sent a wireless message to the agent of the Marine Department at Halifax that a large vessel was on fire off Prospect, west of Sambro. An hour later he sent a second message that the vessel had sunk. No other particulars are available.

The marine agent at once ordered out the Government steamer Aberdeen to effect any rescue that might be possible and she sailed at midnight. The wind is northwest and the ship drifted during the hour the fire was visible.

It is believed that the crew of the burning ship would be rescued by some of the numerous motor propelled fishing craft on the coast, or it would not be a difficult matter for the crew to reach the shore in their own boats.

Herbert Hopkins was killed at the Frost and Wood Works, Smith Falls.

DEATH OF MRS. MURRAY

The death occurred yesterday of Emma Murray, relict of the late Geo Murray, aged 84 years. The funeral will take place Thursday afternoon from the residence of her Son-in-law Mr. J. M. Curry, Charles St. west, and proceed to the Ingersoll Rural Cemetery. Service at the house at 2 o'clock.

ANNUAL CONVENTION

Delegates from Auxiliaries to hospitals in a number of Western Ontario towns and cities are holding their convention here to-day. A number of the delegates arrived early this morning and were given an automobile ride about the town. They were entertained at dinner at St. Paul's church by the local Auxiliary.

The Ladies' Aid of the Baptist Church will give an old fashioned Dutch Supper in the basement of the church on Nov. 21st. Keep the date open.

THE EVANGELISTIC SERVICES

The evangelistic services held at the Methodist church by the Storr sisters, the Girl Evangelists, are increasing in attendance and power. The second week night service last evening was the best yet. The attendance was much beyond that of Monday evening and everywhere could be heard expressions of appreciation of the quiet and beautiful character of the service.

TELEGRAPHIC BRIEFS.

A true bill was returned against James Bruce of Hamilton, charged with murder of Rose Ziepe.

The barns belonging to John Williams of Fletcher, near Chatham, were destroyed by fire yesterday at noon.

The new lake steamer Calgary arrived in Montreal yesterday with a load of iron consigned to the Refords.

It is announced that Arthur A. Mahaffy of Bracebridge, M.P.P. for Muskoka, has been appointed to the county judgeship. A. McGillivray of Whitby has also been appointed judge for the County of Ontario.

A report from a source generally reliable, is to the effect that the Ontario Government has appointed a commission to investigate charges against several provincial officials in St. Catharines and the County of Welland.

Two Break Jail.

St. Catharines, Oct. 9.—John McDonald, remanded for house breaking, and James Morris, awaiting a thirty days' term in Welland jail for disorderly conduct, escaped from the Thorold lock-up at noon yesterday and are still at large.

McDonald and another man, Jerry Shea, were brought from Toronto last week to work on the street paving contract for the Westerumite Co.

The authorities suspect that Shea, who is out on suspended sentence, on a charge of having with McDonald obtained money under false pretences, had a hand in the delivery.

READY FOR BATTLE

Ontario Liberals Hold Rousing Meeting in Toronto.

"OLD CHIEF" IS PRESENT

Sir Wilfrid Home From a Remarkable Tour Tells His Ontario Lieutenants That He Will Force Premier Borden to Do His Duty — He Is Anxious For Another Tussle With the Conservatives.

Toronto, Oct. 9.—Liberalism in Ontario evidenced its rejuvenated vigor and activity in the optimistic and aggressive spirit which characterized the largely attended and representative gathering which yesterday participated in the eighth annual meeting of the General Reform Association of the province. Intense enthusiasm greeted the presence of the two leaders, the veteran Chief in the Federal arena, fresh from his triumphant tour, and the new young Captain of the Provincial forces, with such an account of his first year's stewardship as enthused and cheered all his loyal followers.

Discussing Dominion affairs, Sir Wilfrid said: "I do not think that I am exaggerating when I say that the present coalition ruling at Ottawa has come into office by accident on a wave of prejudice, passion, ignorance and self-interest. This cannot last forever. But the present Government has duties to perform which it will find very difficult.

"They condemned our trade policy, which would have given a market to the western provinces. Now they must face the conditions in the west and deal with them. The people of the west are clamoring for an outlet for their products, and I am rather glad that I have not to face the responsibility of meeting that demand. But," added Sir Wilfrid with determined emphasis, "I am going to see that Mr. Borden is kept right up to his task, and we will see that he is forced to do his duty. (Loud cheers.)

"On the naval question, as on all other questions," concluded Sir Wilfrid, "the Liberal party has stood firm in defence of its ideals, and as long in the right, and I believe that the time to commence the fight is the day after defeat. It is what we have done, and we shall carry on the fight in this way until we win out. In those meetings which I have been attending through Ontario, I have throughout used a phrase which gave me more pleasure, and which I have even more pleasure in repeating to you to-day—I have an abiding desire to have another tussle with the Tories, and we shall beat them again."

Many congratulatory resolutions were passed and the executive for the ensuing year was appointed and is as follows: President, Hon. W. L. Mackenzie King, Ottawa; vice-presidents, E. F. Pardee, M.P. (Sarnia), C. M. Bowman, M.P.P. (Southampton), A. J. Young (North Bay), Edmond Proulx, M.P. (L'Orignal); treasurer, A. E. Dyment, Toronto; general secretary, F. G. Inwood, Toronto; auditor, J. F. MacKay, Toronto.

Executive committee, Hon. Geo. P. Graham, Brockville; Lt.-Col. A. T. Thompson, Ottawa; Hugh Guthrie, M.P., Guelph; J. A. McMillan, M.P., Alexandria; H. M. Mowat, K.C., Toronto; W. O. Sealey, Hamilton; F. D. Kerr, Peterboro; J. W. Curry, K.C., Toronto.

The officers (excepting the auditor), B. G. Connolly, Renfrew; C. A. Foster, Haileybury; John Lennox, Hamilton; J. E. Atkinson, Toronto; J. L. Regan, Blind River.

Will Cost Canada Money.

Ottawa, Oct. 9.—The declaration of war in the Balkans will interfere with Canada's growing trade in the near east. At present it is largely an import trade, though exports are increasing.

Canada's trade with Turkey last year totaled $5,743,886. Of this amount the Dominion sold to the Turks goods to the value of $17,691, while in return Canada bought from them goods valuel at $556,665. Imports from Turkey consist chiefly of carpets, mats and rugs, coffee, various drugs, fruits, hides and skins. They imported from Canada mostly breadstuffs, fish and various other manufactured articles.

With the other Balkan states, including Montenegro, Bulgaria and Servia, Canadian trade was nothing.

From Greece, Canada imported goods to the value of $453,647, and to Greece $135,347, making a total of $5,888,994.

HYMENEAL.

GRANTON—HULME,
(Peterboro Messenger.)

One of the prettiest of Autumn weddings was that which was solemnized at St. Mark's R.C. Church Lere on Monday morning, September 30th, when two of our most popular young people were united in the holy bonds of matrimony. The contracting parties were Miss Maude M., eldest daughter of Prof. and Mrs. Walter Hulme, and Charles Granton, second son of Mr. B. Granton.

At eight o'clock the hour appointed for the ceremony, the church, which was prettily decorated with cut flowers was crowded with well-wishers of the bride and groom.

The bride who looked the picture of loveliness was attired in an exquisite gown of ivory Duchess paletto satin made in the panier effect trimmed with rose point lace with silk insertion train and with seed pearl trimmings. She wore the Brussels net veil an heir-loom worn by six brides before and which was caught up on the shoulder by a moon-shine crescent of pearls. Her wreath was of real bridal roses and carried a shower bouquet of bridal roses. She wore the groom's gift a solid gold bracelet.

Miss Lotta Hulme, sister of the bride made a pretty bridesmaid, wearing a turquoise blue satin with flounce of accordian pleating and with an overdress of gold net and chiffon trimmed with tiny pink satin rosebuds. Her hat was white beaver covered with pale pink feathers.

Miss Betty Hulme sister of the bride made a dainty little flower girl and was gowned in cream marquisette over pink taffeta prettily trimmed with pink satin ribbon and small rosebuds. She wore a peach-basket hat of cream shirred satin and bows of ribbon carrying pink and white carnations and lilies-of-the-valley.

Mr. Edward J. McCarthy supported the groom.

The bride was given away by her father.

Mr. and Mrs. Granton left on the 11.20 G.T.R. for Toronto and points west on a wedding tour and on their return the happy couple will take up their residence in Prescott. The bride travelled in a smart tailored suit of navy blue whipcord with hat to match.

SCOUT ORDERS

evening at the public library building 7 o'clock sharp. All members of this troop must be on hand as work in connection with the tests will be taken up. Troop No. 3 will parade Thursday evening at 7 o'clock at St. James' church. The patrols of this troop will be reorganized at this parade and every member is urged to be on hand.

LOCAL OPTION PETITION

WILL LIKELY BE PRESENTED TO COUNCIL IN COURSE OF TEN DAYS.

An enthusiastic meeting of the local option committee was held last night. The purpose of the meeting was to thoroughly organize and launch the campaign. A strong committee was appointed for the purpose of obtaining signatures to the petition to be presented to the town council. This committee will begin work to-day and it is hoped the petition will be presented in the course of a week or ten days.

Other committees have been appointed and the general committee will hereafter meet once a week or oftener if necessary until the close of the campaign.

MORE MEN REQUIRED TO HARVEST WESTREN CANADA CROPS

$10.00 TO WINNIPEG, OCT. 14.

On account of the urgent appeal from the West for additional Farm Laborers, the Grand Trunk Railway have decided to run another excursion on Monday, Oct. 14th from all stations in Canada. $10.00 to Winnipeg via Chicago and Duluth, plus half cent mile from Winnipeg to destination but not beyond McLeod, Calgary or Edmonton. Returning half cent mile to Winnipeg, plus $18.00 to destination in Eastern Canada. The farmers along the Grand Trunk Pacific pay the maximum wages and this is an excellent chance for young men to visit the west. The route via Chicago is an attractive one, as many large cities and towns are passed enroute which breaks the monotony of the journey, as there is something new to see all the time. The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg Saskatoon-Edmonton. Ask nearest Grand Trunk Agent for full particulars, tickets etc., or write A. E. Duff, D.P.A., Toronto, Ont.
