# EARL GREY BIDS CANADA GOOD-BYE

## SAILED FROM QUEBEC TO-DAY FOR ENGLAND

### Citizens of Ancient Capital, With Customary Loyalty, Bade Him Au Revoir

Quebec, Oct. 12.—Earl Grey and party left Quebec at noon to-day. The vice-regal party left the citadel at half past eleven and drove to the King's wharf, where they boarded the Canadian government steamer Earl Grey, and proceeded down the river, on the way meeting the incoming R. M. S. Empress. The remarks of that newspaper on the composition of Mr. Borden's cabinet, its advising as to which Sir Hugh Grosvenor had some hand, are therefore all the more interesting. The Star says editorially:

"There was the highest hope through out the country that with his huge majority, largely composed of 'new blood,' Mr. Borden would feel free to give us a government wholly unshadowed by even a question as to the character or reputation of any of the ministers."

"It would be hypocritical for the Montreal Star to pretend that this has been done. People's memories are not short enough to have forgotten our public opinion of some of the men who have been called to office."

"Sinister forces have been granted an admission to the Privy Council chamber at a time when they might easily have been rigidly excluded."

"Toronto, Oct. 12.—The news says of the cabinet: 'The country will be favorably impressed with the composition of the Borden cabinet. Some names have been omitted that the news critics are undoubtedly the cabinet as constituted represents a high average of ability and integrity.'"

"The Star says: 'It is a disappointment to see the Borden cabinet, but if it had to go there, Mr. Burrell, who is a practical farm grower, is not open to serious objection.'"

PROVINCE AND RAILWAY.

Edmonton, Alta., Oct. 12.—The hearing of the case of the province of Alberta against the Royal Bank for \$5,000,000, proceeds by E. P. Davis, K. C., Vancouver, and W. H. Walsh, Calgary, for the province, and in reply by G. R. Moss, Toronto, representing the Alberta and Great Western Railway Co. It will likely be some weeks before a decision is handed down by Mr. Justice Stuart. An appeal will be taken whichever way the case goes, and will be until the Privy Council reaches.

Portsmouth, Oct. 12.—The steamer Medina, which has been chartered to transport the King and Queen and royal party to India for the great coronation durbar at Delhi, has been put into commission here as a navy vessel pro tem. Rear-Admiral Sir Colin Keppel took command and will also be executive officer of the escort, which is to consist of the first-class cruisers Cochrane, Argyll, Despatch and Natal.

The royal fleet will sail out of Portsmouth on November 9th. The state entrance of the King and Queen into Delhi has been set for December 7th. The durbar, or coronation of King George as Emperor of India, will take place on December 12th, and will be the most lavish and expensive ceremony of its kind in the world's history.

# SINISTER FORCES IN THE CABINET

## FRIENDLY NEWSPAPER MUCH DISAPPOINTED

### Montreal Star is Quite Frank in Criticism of Premier Borden's Choice

Montreal, Oct. 12.—No newspaper in Canada more strongly supported the Conservative party in the recent election than the Montreal Star. No matter what may be thought of the character of the campaign it waged no one denies that it was a strenuous one. The remarks of that newspaper on the composition of Mr. Borden's cabinet, its advising as to which Sir Hugh Grosvenor had some hand, are therefore all the more interesting. The Star says editorially:

"There was the highest hope through out the country that with his huge majority, largely composed of 'new blood,' Mr. Borden would feel free to give us a government wholly unshadowed by even a question as to the character or reputation of any of the ministers."

WOMAN SUFFRAGE  
REMAINS IN DOUBT

California Vote is Not Yet All in—Friends Are Hopeful

San Francisco, Cal., Oct. 12.—The fate of the proposed amendment to the state constitution that will, if carried, grant to women the right of the ballot, remains in doubt. The latest returns at hand show the proposed amendment to be 898 votes short of a majority, but as the vote of the big cities is completed the supporters of the proposed amendment assert the belief that the country districts, as yet unheard from, will overcome this vote in opposition.

WHEAT FIELD TO TABLE

Beloit, Kas., Oct. 12.—What is believed to be a world's record in transforming standing grain into bread, was established recently by W. S. Gabel, a farmer, living near here. Just thirty minutes elapsed between the time when the wheat was cut and when Mr. Gabel took the first bite of a biscuit which had been made from the wheat, threshed, milled and formed into flour ready for baking. The previous record is said to have been one hour.

COUNTERFEIT BILL

Washington, D. C., Oct. 12.—The public is warned by the secret service against a new counterfeit ten-dollar bill. This spurious certificate, on the Crocker National Bank of San Francisco, is of the series of 1902-1908, bears check ledger "F" and the names of Charles H. New and W. T. Vernon as treasurer of the United States and registrar of the treasury, respectively. It would deceive only inexperienced handlers of money.

PROUD OF HIS HANDIWORK  
REPRESENTATIVE OF "THE INTERESTS" (to the new premier)—Well, Borden, what do you think of the cabinet I have made for you? Rather a neat job, I think. Cost you quite a penny, it is true; but we will make that all up in a year or two.

# ITALY ASSURING HOLD ON TRIPOLI

## TROOPS WILL ADVANCE AGAINST THE TURKS

### All Rumors of an Armistice Are Premature—Unquiet in Constantinople

Tripoli, Oct. 12.—General Canessa, commander-in-chief of the Italian expedition, has, it appears, ordered an immediate advance against the positions occupied by the Turks in the interior of Tripoli.

When the transports were sighted the forts saluted and the colors of Italy were run up over the forts and public buildings of the town.

Governor Borea D'Olimo, Commandant Cagni, Mayor Hassoun Karamant and several Arab chiefs went to the pier and personally welcomed the officers and men as they came ashore.

Tripoli Accepting New Order.

Rome, Oct. 12.—Advices received here to-day from Tripoli state that the Italian government, Rear-Admiral Borea D'Olimo, has been obliged to expel several Maltese who were attached to the fleet and have shown a disposition to resist the new order of things.

The population of Tripoli is being augmented daily. Not only are former residents returning, but there are many new-comers who have been attracted by the business opportunities afforded by the presence of a large body of soldiers and sailors.

Paris, Oct. 12.—The French foreign office had no confirmation to-day of the published statement that Italy and Turkey were on the point of arranging an armistice. On the contrary the officials regarded the report as premature. Neither power has informed France as to the conditions under which an offer could be made.

Preparing for Attack.

London, Oct. 12.—The Times is informed that reports have been received in London from an apparently trustworthy source that the Turks have laid mines near the Dardanelles.

Constantinople Unquiet.

London, Oct. 12.—A news dispatch from Constantinople, forwarded by way of the Bulgarian frontier to avoid the Turkish censor, to-day says that the situation in the Turkish capital is grave. It is feared that when parliament meets Saturday an open conflict

# THREE SENATORS MORE FOR B. C.

## R. F. GREEN MENTIONED AS ONE OF THE NEW TRO

### Chance for Government to Re- ward Friends—Twenty-four Members for West

Ottawa, Ont., Oct. 12.—According to the act creating the provinces of Alberta and Saskatchewan in 1905 it was provided that the senate representation of these provinces might be increased to four each after the then next decennial census, and a similar provision was made for Manitoba.

The Borden government intends to give this increase of six senators to the prairie provinces and also an increase of three senators to British Columbia, this making the total number of senators from the west twenty-four, which is the same number as now allotted respectively to Ontario, Quebec and the Maritime Provinces.

The increase will enable the government to reward some of the many aspirants for favors. For British Columbia the names of G. H. Cowan and Sir Charles Hibbert Tupper, of Vancouver, and Robert F. Green, of Victoria, have already been proposed.

Chief Provincial Detective McCaskill, of Montreal, was called for and a party left for the scene of the murder from this place by road.

PILLING THE VACANCIES.

Halifax, N. S., Oct. 12.—Hon. O. T. Daniels, who represents Amnapolis in the Nova Scotia Assembly, was yesterday sworn in as attorney-general of Province of Nova Scotia, vice Hon. A. K. Maclean, who has been elected to the Commons as Liberal member for Halifax.

Fredrickton, N. B., Oct. 12.—The resignation of Hon. J. D. Hazen as premier and attorney-general in the provincial government will be tendered to the lieutenant governor in a few days, when Hon. J. K. Fleming, provincial secretary, will in all probability be called up to form a new government. The new premier will retain the portfolio of provincial secretary, and Hon. W. C. H. Glimmer, the present surveyor general, will become attorney-general.

KILLED IN DUMB WATER.

San Francisco, Cal., Oct. 12.—Miss Eva Potshingham, aged 9, was strangled here last night by an automatic dumb waiter. The young woman was reaching for groceries on the lift when it shot upward, pinning her head against the wall. She was alone in the apartment at the time and was dead when discovered by her sister.

NOTED PHILANTHROPIST.

London, Oct. 12.—Sir William John Cassels, formerly Liberal member of parliament from the Altrincham division of Cheshire and a philanthropist, died to-day. He was born in 1844 at Dummurray, Ireland.

# CHINESE TROOPS MUTINY; MAY OVERTHROW MANCHUS

## Hundreds Killed—Result of Yesterday's Troubles in Hankow—Missionaries Reported to Be Safe.

Peking, Oct. 12.—Between 5,000 and 6,000 Chinese troops in Hankow are reported to have mutinied this morning and killed from 200 to 300 Manchus. The rebels occupied Sul Ting Fu yesterday.

Elaborate military precautions have been taken to prevent any sympathetic revolutionary uprising and the palaces are guarded by troops of proved loyalty.

The American gunboat Helena and the Japanese cruiser Tushima were ordered to Hankow to-day. Several British warships have been ordered to proceed there to-day. The women and children living on the waterfront slept aboard the merchant steamers in the harbor last night.

According to Chinese rumors, Kang Yu Wei, who was advisor to the late Emperor until 1908, when the coup of the Dowager Empress restored her regency and drove the Emperor's advisor into exile, has arrived at Hankow.

The missionaries at Wu Chang are safe. A dispatch from Cheng Tu says that the mutineers in Sze Chuen province, hold all the country west of the Min River between Kia Lieng, which is 85 miles south of Cheng Tu and Kwan Hsien, 15 miles north and 85 miles west of Cheng Tu.

Five hundred troops have joined the rebels and the fighting continues daily.

An imperial edict, issued to-day, orders the minister of war, General Yin, Tehang, to proceed to Hankow with two divisions of Peking troops, about twenty thousand of whom will be the Manchus. The commander of the Chinese navy, Admiral Sa Ching-ling, is commanded to assemble a fleet of

warships in the Yangtze Kiang river and join the land forces in the attack on the rebels now in possession of Wu Chang, Hankow and Hank Yang.

The edict cautions the viceroy at Wu Chang, who fled before the rebels, but at the same time orders him to return to his post and retrieve his reputation. He is threatened with severe punishment if he fails to capture Wu Chang. It is expected that the revolutionists will dynamite the bridges of the Peking and Hankow to prevent the arrival of troops. Extraordinary precautions are being enforced here. Chinese passengers are forbidden to travel on the Peking and Hankow railroad beyond Chumation Hunan province.

Loyal Troops Fled.

Hankow, Oct. 11.—To-day the loyal troops fled across the river, followed by the bullets of the insurgents. A fugitive colonel of the Chinese army informed the correspondent of the Associated Press at Hankow that the entire provisional army of Hupoh, with the exception of two or three thousand men, mutinied. The proclamation of the revolutionaries threatened with decapitation anyone who assaulted a foreigner. The movement aims at the overthrow of the Manchus, the reigning dynasty.

Missionaries Are Safe.

New York, N. Y., Oct. 12.—The Episcopal board of missions to-day received the following cable from Bishop Logan H. Root, of Hankow, China, who has charge of the Episcopal missionary work in that part of the Empire: "Missionaries are safe and well. Everything is now quiet. Can remain here."

Omaha, Neb., Oct. 12.—Relatives here of Miss Hilda M. Byles, formerly an instructor in the Omaha High School, now engaged in missionary work in Kuling, China, have expressed fears for her safety. Winter Byles, a local newspaper writer, brother of Miss Byles, has not heard from his sister since the outbreak of the rebellion.

These greetings were responded to by the Ecumenical Conference through Rev. F. L. Wiseman, president-elect of the British Wesleyan conference for 1912. His address was a plea that each of the denominations should continue to cultivate the particular type of religion it represented and thus make a contribution to the wealth of the church universal. He could not think that the stars which presided over their destinies at their birth would cease to operate. He saw a great work for each of these churches in the future. Difference of opinion or distinctions did not mean division in the sense of sectism. He eloquently described the ideal Presbyterian, Baptist and Congregationalist and urged them to go on as of yore.

Rev. Dr. H. Dubose, of Atlanta, Georgia, spoke in high terms of the Baptists, with whom the Methodists held the most friendly relation of any in the great republic. The Presbyterians reminded him of Holywood Castle and John Knox, who said: "God, give me Scotland or I die," and the Congregationalists reminded him of the Mayflower and that path of glory made across the Atlantic which no waves or storms could obliterate. Dr. Dubose was not in favor of the proposed union, judging by his indirect references to it. In the name of the larger unity he bade the fraternal delegations carry the greetings to all Methodists of all denominations.

THOUSANDS WILL SEE  
THE WORLD'S SERIES

Wait All Night to Secure Their  
Tickets on Opening of Sale  
To-day

New York, Oct. 12.—More than a thousand baseball enthusiasts stormed the headquarters of the New York National League club to-day to buy tickets for the world's series. Some had been in line since 10 o'clock last night.

After the doors were opened at 9 a. m. the crowd rushed the policemen on guard off their feet. Hats were lost, coats were torn off and the floor was littered with torn clothing.

Speculators who had agents sprinkled through the line comforted them during the long night wait by relays of sandwiches and coffee. The tickets were limited to four for each person.

The greetings of the pan-Presbyterian were conveyed by Rev. Dr. Somerville and Hamilton Cassels, K. C., of Toronto. Dr. Somerville said those holding the Presbyterian system numbered about eighty-four branches and represented thirty or more millions of adherents. They had raised over \$80,000,000 in the past year for their work. He evoked considerable laughter by tracing the Presbyterians as "elders" back to the time of Moses and from then on till the elders fell from the throne in heaven. He referred to the meetings of the union committee in Canada as a pentecostal season.

Mr. Cassels was surprised to hear of so many adherents in evangelical churches. If they were represented truly millions of people why was the
