PANDORA LICENSEE MUST PAY \$40 FINE

An Intoxicated Man Took Child Into Saloon and Obtained Liquor

(From Friday's Daily.)

Before Magistrate Gray in the police court this morning Albert Quonson, licensee of the Pandora hotel, was fined \$40, having been found guilty on a charge of allowing a drunken man to remain on the hotel premises.

George Doley, 1724 Cook street, a driller, was seen a week ago yesterday staggering along Pandora street holding a girl about 4 years of age by the hand. He took the child into the Pandora hotel bar where Joseph Jeffries, a barber, followed him and saw him order and obtain a drink. He heard the bartender tell the man to hurry up and take the child out of the saloon, after the drink had been supplied. Doley then left and having walked down Pandora street a short distance fell into the gutter and was taken to the police station.

Another remanded case was that against Lessee Grant of the Windsor hotel, who is charged with serving Harry Atkinson a minor. His age was not proved this morning and adjournment was taken for the purpose of obtaining the proof. The young man said he was 19 to 20 years of age and in company with William Grey at a hotel. He was given a glass of beer at the saloon. A charge arising out of the same circumstances is laid against Boyd's saloon and was remanded until Wednesday. Mr. Atkinson appears for both hotels and the defendants plead not guilty.

H. R. Beall was fined \$5 for riding a bicycle on the sidewalk, and C. H. Hilling, who admitted having beaten a horse with a shovel as was testified to by J. M. Ackland was fined \$5. The prosecution was brought by the S. P. C. A.

The Raleigh left Port Colborne Wednesday night with a cargo of pulpwood for Erie Pa. There was a high wind and a heavy sea when the latter put out from the Canadian shore and conditions grew worse during the night.

ADVOCATES GIFT OF SHIPS TO BRITAIN

Organ of Orange Society Says Time is Ripe for National Naval Policy

Toronto, Ont., Dec. 1.—The Sentinel, the organ of the Orange Society, declares that the time is ripe for a national naval policy. That journal advocates the presentation to Britain of super-dreadnoughts built of Canadian material by Canadian workmen, the placing of an export duty on raw material and nickel matte, the re-establishment of the British North Atlantic squadron with headquarters at Halifax, and a request for a voice in Imperial councils.

POLICE UNEARTH BOMBS. San Diego, Cal., Dec. 1.—In a room occupied by a man named Alvin Stodt, Chief of Police Wilson and a detective yesterday unearthed four bombs made of gaspide and equipped with fuses and caps. A number of brass knuckles and a heavy "blitz" also were in the room. One of the bombs tested high and exploded with high force.

STODT JUMPED FROM HIS ROOM WINDOW about two weeks ago to escape a fire which started from gasoline he was using to clean his clothes and broke his leg and has been in a hospital since. He refuses to give any information regarding himself, and is thought that he came here from Los Angeles. The police claim that the explosion that occurred two weeks ago indicates that Stodt was manufacturing bombs, but they are unable to account for the failure of the other bombs to explode at the same time. A rigid investigation is being made and the police are endeavoring to trace Stodt's movements before he came to San Diego.

FINISH REPAIRS TO BEATRICE SHORTLY

Princess Will Be Launched About Middle of Next Week—Work Extensive

With her hull sound and tight once again the C. P. R. steamer Princess Beatrice will be launched from the B. C. Marine Ways same time next week. The big task of repairing the injuries, caused through stranding on Noble Island about a month ago, is nearing completion, and the vessel will soon be ready to take the water. The vessel will enter service immediately, but it is not known whether she will resume her run to northern British Columbia ports or not.

THE BEATRICE has been on the ways at Esquimalt for some time and the job has been most extensive. A section of the stem had to be replaced and besides a number of frames a great many new planks had to be used to make the hull tight. The damage amidships, while not so great as that forward, required considerable time to repair, and the rudder and wheel which were slightly injured in the grounding have been fixed.

It was seriously damaged through grounding in Kyauquot Sound, and it is necessary to have her laid up for repairs, it is possible that the Beatrice may relieve the Queen City on her return from Holberg, about the tenth of the month. Since she has been at Esquimalt the Princess Mary has been looking after the run to northern British Columbia and Queen's Royal, which had just completed her summer schedule to Skagway, relieved the Charmer in the Nanaimo-Vancouver service, and she took the run between here and Comox.
