#### Will Meet Shaughnessy

Board of Trade Council Will Confer With the C. P. R. President.

Provincial Government Will Be Asked to Increase Report Appropriation.

Including Vice-President McQuade there were but five members of the Board of Trade Council present at the meeting this afternoon. The other members were Messrs. Mara, Fraser, Leiser and Captain Cox. There was little business of importance transacted with the exception of appointing the whole council a committee to wait upon Mr. Shaughnessy, president of the C. P. R., when he arrived here, and see if better freight service could not be had, and also the appointment of a committee to call on provincial secretary and see if an additional appropriation could not be obtained for compiling and distributing the report of the Board of Trade.

When the meeting was called to order the minutes of the meeting of August 10th were read and adopted.

The standing committee on deep sea fisheries submitted the following report: We, the standing committee on fisheries, beg to report that at a meeting held on September 17th Mr. Charles Todd was elected chairman. The following resolution was unanimously adopted:

"Whereas this committee is informed that no official information can be secured from the Dominion government regarding the deep sea fishing banks of the British Columbia coast:

"And whereas the government of the United States has caused investigations to be conducted by the fish commission steamer Albatross whereby extensive fishing grounds have been located on the coast of Alaska and the Pacific Coast of the United States, such grounds being now utilized by a fleet of American fishing vessels from San Francisco and Puget Sound;

"Therefore resolved that the council be requested to impress upon the Dominion government the desirability of steps being at once taken to secure a similar survey of the Western Canadian coast as that undertaken by the American government in the S. S. Albatross."

On motion the report of the committee was received.

A communication was received from the Good Roads Association, asking the board to send a delegate to attend a convention for the purpose of discussing the question of good roads. The convention would soon be held at Kamloops. It was suggested that Mr. Ker be sent

as a delegate. In regard to the tramway extension, Mr. Ker wrote that there should be no effort spared to press this forward, but there was no further report to be made

in the matter. A letter was read from the Pan-American exhibition, to be held at Buffalo, urging the board to take steps to impress the government with the advantages that had not been feeling well for some would accrue from having the province time and when spring opened up and the well represented there. The resources weather became warmer my condition of British Columbia would create a favorable impression in that section of the country, and the government could awful feeling of weakness and a rapid organization, which was now so potent not do better than to expend at least \$20,000 in sending a good exhibit to

The communication was tabled After several minor communications were disposed of, the secretary informed the members that the annual report of the board was in the hands of the printers, and would soon be ready for de-

livery. A discussion followed as to the grant given by the provincial government in compiling this work. The sum is \$100, and all the members of the council thought that this should be in-

Mr. Mara said that he had noticed when he was in London that the London office relied almost entirely on the Board of Trade reports from Victoria and Vanconver for information as to British Co- liams' Pink Pills has always brought me er finally detailed the various points in lumbia. Since then the parent association the government should liberally assist low my example." the boards of both cities in issuing and distributing these annual reports.

provincial government and ask for a further contribution.

The president suggested that as Presifreight would be handled more promptly. The present service of three times a week was very unsatisfactory, and it would be much better if the Islander returned to her old schedule. An impression seemed to have gone forth that the change in the running of the Islander was made at the suggestion of the Board of Trade; but such was not the case. The matter had never been brought be-

fore the board for action The other members also expressed dissatisfaction with the way freight was the desire of the authorities to prevent handled at present, and it was finally decided that the whole council should | Canada. wait upon Mr. Shaughnessy when he arrived here and confer with him in regard to better service.

The council then adjourned.

COWICHAN EXHIBITION.

The Horse and Cattle Show at Duncans

Promises Well for This Season. Among the agricultural exhibitions which annually take place on the Island the one at Cowichan ranks second to none. The annual horse and cattle show will open there on Friday, September 28th, and continue for two days. The exhibit this year promises to be better than ever before. In addition to the agricultural and fine arts exhibits there will be a number of sporting features in connection with the exhibition of more than ordinary interest. There will be bicycle races and other sports on the closing day of the fair, and good music

and there taking part in a hunt. It is highly probable that they will carry out

The E. & N. Railway Company has made a rate of \$1 for the round trip, and should the weather prove favorable a large number of people will be sure to visit Duncans on the dates above men-

. IS NOT A FRENCHMAN.

A Rossland Music Teacher Annoyed at Being Identified With French Martyr.

Registered at the Dominion last evening was a man and his wife who had just been released from quarantine. There was nothing remarkable in this circumstance, for there were many peo-Head; but of this man perhaps more had been written than of any of the other passengers.

The name on the register was J. L. Prof. Dreyfour is a resident of Rossland, and there he practices the profession of musical instructor. Naturally, the statement that he was related to the man who served weary years as a prisoner on Devil's island, a statement which has been sent broadcast over the land, is annoying to him. In fact it is making life a burden to him, for he is modest and unassuming. His charming spouse, too, shrinks from the curious gaze of the people who turn and stare Local Branch of Stonecutters' after them as they pass on the streets. The couple are thankful that they will soon be installed in their pleasant home in Rossland, where they are so well known that they will be safe from fur-

Miss Bella Cohoon, of White Rock Mills, N. S., Tells How She Regain-Follow Her Example.

From the Acadien, Wolfville, N. S. At White Rock Mills, within sound of the noisy swish of the Gaspereau river, is a pretty little cottage.

In this cottage there dwells her parents Miss Belle Cohoon, a very bright and attractive young lady who takes a lively interest in all the church and society work of the little village. A short time ago an Acadian representative called upon Miss Cohoon for the purpose of ascertaining her opinion of Dr. Williams' Pink Pills-which remedy he had been informed she had been using. He was very cordially received and found both Miss Cohoon and her mother most enthusiastic and ardent friends of this great Canadian remedy which is now so universally used throughout the world. We give below in essentially her own words Miss Cohoon's story:

"Three years ago this spring my health was very much run down. I became worse. The least exertion exhausted me and was followed by an toria, he outlined the history of the great palpitation of the heart. I seemed to a factor in the country. The mud things that is puzzling the gentleman. is very deep and the highways are simply impassable.

### **Banquet Last** Evening

Association Heartily Welcome Distinguished Visitor.

Pleasure and Good Fellowship the Key Note to the Festivities-Speeches.

The Victoria Cafe was the scene of hearty enjoyment and thorough good fellowship last evening. The occasion was a banquet tendered to James F. McHugh, secretary-treasurer of the ed Health, and Advises Others to Stonecutters' Association of North America, by the local branch. This pleasureable event was to have taken place a fortnight ago, but an adventitious circumstance, the quarantining of the passengers of the Walla Walla, among whom was Mr. McHugh, prevented.

About a score of the local members sat around a festive board, which was laden with tempting delicacies, and it would be a libel on the health and spirits of those present to say that the subjects on the table for negotiation were not partaken of with satisfying vigor.

The president of the local branch, H Rudge, presided at the head of the table, on his right being the guest of honor Mr. McHugh. On his left was James Tagg, vice-president of the Trades and Labor Council, who represented that body in the absence of the president, William Wilson.

After the toasts to the Queen and the President of the United States, the chairman proposed "Our Guest" in an excellent, telling speech. He pointed out the importance of Mr. McHugh's visit; and extended to that gentleman a hearty welcome to this city.
