A LONG VOYAGE.

Hattie and Lottie Sixtyfour Days Out

and Crew Almost Continuously at the Pumps—Over Thirty Portuguese Immigrants Aboard.

St. John people have during the past

few years witnessed the arrival at the port of a large number of immigrants from various European countries, but gistered in the United States to land here the first party of Portuguese people from the Cape Verde islands, on the western coast of Africa. The schooner was the Hattie and Lottie, Capt. J. Z. Silva, which having left the Cape de Verdes 64 days before, reached St. John Saturday afternoon and docked has come here under the command of Capt. Silva, who is a colored man and four hours where he was. whose crew are also mostly negroes. There are 14 men in the crew, including the officers. The schooner brought here 34 passengers, in addition to the people. Two of them were ladies, sisters, who went through to Boston on are all well dressed and are possessed of ample means to provide for themthey will locate here and seek employnigration officer, J. V. Lantalum, visassisted the two ladies to get through 600 puncheons of molasses on board to Boston. He found that the men had the schooner. each deposited with Capt. Silva \$30. In addition to that they all had money in their possession. Saturday night was spent by the majority of them at Mrs. Doherty's boarding house at Lower Cove. Yesterday the men were

The Hattie and Lottie was an object of great interest at her berth off Britain street yesterday. Hundreds of peo-ple went down to look at her. The wonder of all was how a vessel of her for over two months 48 people during weather which had been severe at cipal Gordon's resignation eight years times, as was indicated by the condition of the little vessel. She had suf- that he would resign, to take effect fered rather serious injury during her long voyage. The hull, deck and cabin showed signs of damage, and the ves-sel when docked had to use continuously her pump, and in addition to that yesterday pails were utilized to keep the water out of her. It was a case of the operation of the pump sit-uated amidships from the day Cape de Verde was left till the present time. Capt. Silva told a Sun reporter yesterday that it was a hard and trying exhides. The fact that the schooner eaked throughout the voyage did much He was taken to the Catholic hospi ko destroy and rid her of the salt. Capt. tal, where the last rites were admin-filva says but about 20 tons of it remain in her. On being melted it was pumped out and went over the side. The hides are all right. About five tays ago, when she was in the Gulf, heavy gale, a hurricane in fact, was encountered. Seas broke over the ves-bel and she was powerless for a time. This was when the damages were sus-

Yesterday the Hattie and Lottie was wound from an eyelet in one of his working her pump all day, and on the boots. The injury was so slight as not working her pump all day, and the passento be noticed until the little fellow voyage both the crew and the passento be noticed until the little fellow It meant their own safety, for if the water got in in large volume the veswel would have gone down.
