NEW CONTRIBUTION TO SCIENCE. The Great Grand Discovery.

R. R. R. Radway's Regulating Pills.

Dr. Radway & Co. have recently discovered a method for extracting from coots, herbs, plants and guns, a nutritious extract of such wonderful nourishing power—which they have sombined with Radway's Recularise Pills—that six of these Pills will supply the blood with the same amount of nutrition as one cunce of ordinary bread; so that, while the system is undergoing a thorough physicking, and regulating process, it daily becomes strengthened.

Persons affetch with Liver Complaint, Dyspepsia, Heart Diseases, Fullnes of Blood, and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly fecated with gum—free from taste, and will not gripe, sicken or weeken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of system, or leave the howels coster. Motorical should likewise take one or two of these ralls once per week. They will not only keep your system healthy and regular, but will protect your infants against Cramp and Pains in the stomach, and insure not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.
