WHERE THE WORLD'S SERIES WILL DECIDE A MOOTED QUESTION ARRANGEMENTS FOR WORLD SERIES GAMES

To the victor belongs the spoils, and now it is the Boston Braves, not the Giants, who are being subjected to the scrutiny which every contender for a world's championship receives. This is in the nature of spoils, for there is a glamour and a burrah to getting in the spotlight, and especially so when the team which is thus suddenly propelled into prominence is one that has been so long a meek and humble object as have the Boston Nationals. In this particular instance vast interest centers around the comparative baseball merits of the four men who will care for the centre of the inner defences of the two teams which in all likelihood will battle for the world's title. Boston has at short "Rabbit" Maranville and at second "Johnny" Evers, against whom the Athletics will align "Jack" Barry and "Eddie" Collins. A wonderful quartet of ball players are these four men, and the opinions regarding their respective value depends largely upon whether the person forming views is a resident of Philadelphia or Boston. Scidion has a world series been the means of furnishing such an interesting comparison as this promises to be. Maranville and Evers are a wonderful pair, but to the impartial critic the combination of Barry and Collins seems just a trifle more wonderful. The story will be told in October.

for three games, and if three games are not played, the money will be refunded. THE BAXTER CUP. On Saturday evening next in the Temperance Hall, Fairville, J. B. M. Baxter, M. L. A., the donor of a cup will present the same to The Royals, who were the winners of the Base Ball League in the past season. The Royals are winners this year as well as last year. A smother will be held and addresses will be given by Mr. Baxter, Commissioner R. Wismore, John A. Barry and Councilors Golding and O'Brien. Councilor Golding has presented a five dollar gold piece to the player who has the best batting average.

DIRECTUM WORLD'S CHAMPION PACED THE MILE IN 1.58

Columbus, Ohio, Sept. 30.—Directum I, the New York pacer, driven by Ray Snedeker this afternoon over the Columbus track, gave to William the first defeat that this Indiana four-year-old has ever taken in a race of two seasons. To do so, the cheery stallion was forced to pace the first mile in 1.58 and second in 2.00. The time of the first heat is the fastest ever made in competition and the race stands as a world's record. The former record for one heat was 1.59 1/4, made two years ago at Detroit by Frank Bogash, Jr. William, in the betting, sold favorite at \$100 to \$50. After the first heat, the odds shifted to two to one on Directum I. The horses had to race against a stiff wind on the back stretch. Brighton B, who in the 2 1/2 trotters took a record of 2.06 1/2, won the Buckeye Trotting stake, beating Margaret Druien, who was so heavy a favorite that she was barred in betting. BEAUTY OF RHEIMS CATHEDRAL GONE

Paris, Sept. 29, 8.01 p. m.—The artistic beauty of the Cathedral of Rheims, which suffered in the German bombardment of that town, can never be restored, in the opinion of Whitney Warren, the New York architect, who has just returned from Rheims where he made a thorough inspection of the famous structure. Mr. Warren, who is a corresponding member of the Institute De France was given the privilege of visiting the cathedral. His investigation has no official character, but the result of his observations will be communicated to Myron T. Herrick, American ambassador to France. "That anything remains of the cathedral," said Mr. Warren, "is owing to the strong construction of what might be called the carcass of the cathedral, whose walls and vaults are of a robustness which can resist even modern implements of war." Mr. Warren declared that his investigation failed to substantiate the charge that the French had used the towers for observation purposes or otherwise. He added, Sept. 26, and Sunday in the cathedral, talking with the cure and visiting every part to see the damage and endeavor to ascertain if it had been intentionally inflicted. On Sept. 19 the office was fairly riddled. All the wonderful glass of the nave is absolutely gone; Batteries—Johnson and Wilson; Falkenberg and Ratden. Federal League Standing
