Picked Track Team From Baltimore To Invade City On Tour On March 12

First Trip of Yank School Boy Athletes To Canada and Marks International Event — Western Ontario Team Leaves Today.

A picked track team from the secondary schools of the state of Maryland and including the city of Baltimore will come here on March 12 to compete with Western Ontario best school athletes.

The Baltimore team were coming as far as Buffalo next week, and when the invitation was extended by the Western University Athletic Association, the team coach accepted gladly.

This makes the first invasion of Canada by Yankee school boy athletes, and the meet will have an international significance, and with incidentally do much more than even has been done this past year in promoting indoor track athletics.

Team Leaves Today.

Just who will be picked to meet the Yankee cracks is not known, but it is expected that the choice will be made largely on the trials held a week ago for the Johns Hopkins meet.

Western Ontario's track team for the big Baltimore indoor meet leaves this afternoon at 4:15 in charge of Professor G. Mel Brock. At noon today they will be the guests of the Canadian Club, whose members outfitted the lads for the trip. They will land in Baltimore Thursday morning and get a few days of acclimatization before the real tests come on Saturday.

STRATFORD NOSES OUT PAN DRIEDS 4--2

The Ice Was Poor and Little Chance For Real Hockey.

STRATFORD, Feb. 22.—Stratford, playing Cameron and Morenz of the juniors, barely nosed out Tillsonburg tonight by a 4 to 3 score, in a semi-final fixture. The ice was in poor condition, and the game was ragged throughout, neither team being able to display any real hockey. The visitors have a nifty claim and the return game should be interesting. Fat Brickman, who has been out of the game through illness, played his first game tonight and showed up well.

One score each was the first period. Each put two in the second, and Stratford got one in the final.

B., Feb. 22.—The arrest of Clara Steeves, daughter of Oliver Gaius Steeves, who is charged with the murder of his wife Lucy in connection with the tragedy of February 14, when the bodies of Mrs. Steeves and five children were found in the burned ruins of their home at Coverdale, was decided on today by the police. Miss Steeves will be held as a material witness. The detention of Miss Steeves was made because of evidence submitted at the preliminary hearing of the charge against Steeves, which was to the effect that the mother was jealous of her own daughter. "DRY" SPEAKERS ARE HECKLED

Crowd in Gallery Interrupt Mass Meeting of the Dominion Alliance.

Toronto, Feb. 22.—With a large attendance of members and sympathizers present, the Ontario branch of the Dominion Alliance, which this afternoon opened its annual prohibition convention, had a big and enthusiastic rally in Massey Hall tonight. It was an open mass meeting. About 200 rowdies gathered in the top gallery and made an attempt to break up the meeting, but their efforts were unavailing, and they subsided early.

They heckled one of the first speakers, Hughson Johnston of Windsor, who declared that in his section of the province there were many Spracklins who would fight the liquor traffic to the last ditch. This declaration was greeted with booes, but by this time the gang in the gallery seemed to realize the futility of their noise, and ceased it.

At one early stage of the meeting the question was put to the gathering whether it should be a "yes" or "no" vote on the referendum question on the importation of liquor into this province, and for a few minutes there was rivalry between the gallery gang and the temperance delegates as to which could produce the greater volume of sound. The body of the audience shouted "yes" and the gallery responded by a noisy "no." However, the "yeas" had it, and that was the decisive turn in the trend of the meeting.

Touches Differences.

President Charles E. Steele of the Alliance, referring to differences between the Alliance and Ontario referendum committee, said they were united in their aims. Their only difference was on the question of the methods to be adopted to bring about prohibition. He said that a victory in Ontario in the referendum on April 18 next would mean a big step toward prohibition for the whole Dominion.

Other speakers were: Rev. R. J. Hall, Sarnia; Mrs. O. B. Jones, district president of the W. C. T. U., Ottawa; Mrs. W. C. Stevens, district president of the W. C. T. U.; W. T. Rogers, Brockville, and D. V. Sinclair, Belleville.

Rev. John Bailey gave an outline of the part played in the recent prohibition campaign in Scotland by representatives of the Alliance.

At the afternoon meeting of the Alliance, when a civic welcome was given by Controller W. W. Hilts, in the absence of Mayor T. L. Church, Rev. Ben H. Spence, secretary of the Ontario branch of the Dominion Alliance, declared: "There is, in my judgment, a determined though covert design on the part of a few persons to destroy our organization, to knife the Alliance." Mr. Spence assured the gathering that the Alliance declined to die, but would hold on and press forward unceasingly until the curse of intemperance was ended.

Refers to Friction.

Touching on the friction between the Ontario referendum committee and the Ontario branch of the Dominion Alliance, Mr. Spence said that the policy of the Alliance officers had been that of co-operation and friendliness, but their overtures had been rebuffed and met with in an unfriendly attitude. "The Alliance exists," Mr. Spence said, "for no other purpose than to get prohibition." He characterized the rum-running business as "practically organized rebellion in defiance of constituted authority."

Henry Sutherland, treasurer, reported receipts totalling $79,219, with expenditures amounting to $91,000, there being a deficit of $11,781.

A resolution was passed this afternoon protesting against certain provisions contained in a bill now before the Senate of Canada, providing for the revision of the voters' lists for the coming referendum vote, on the ground that the provision for registration on voting day will make difficult, if not impossible, an effective scrutiny of the vote. The bill provides that the provincial lists used in the general election of 1919 shall be taken as the basis, as though they had been prepared by the Dominion registrars.

The resolution takes the ground that illegal votes may be cast under the proposed provision, and says: "It is, therefore, as important that those who are not entitled to vote should be prevented from voting as it is that those who are entitled to vote should be enabled to vote. We would, therefore, request that the bill now before parliament be so amended as absolutely to afford, as far as law may, a clean election. We ask for no advantage and no favor, but simply our citizenship rights."

The convention will be continued tomorrow.

Thursday Night.

Bell Telephone vs. Terrys.
Perrins vs. McClarys.
Civil Service vs. Taylor-Campbell.

The Manufacturers' League last night was as full of surprises as a Christmas parcel, with Grand Trunks taking the count from Terry's Garage, who broke into the win column on a 3—1 tally, and Standard Drug swallowing a non-sugar-coated pill, handed them by the Bell Telephone.

Neither of the games were the best played in the league this season, because the ice was heavy and sticky, but the fans certainly saw the dope upset in great shape.

In the first game, which was strenuous, even if it was slow in spots, Pring for Grand Trunk, and Davenport were the outstanding stars, the latter getting two of the winners' goals.

The going was so heavy for the second game that it looked as if no scoring would be done at all. Bell had more shots on goal, but Baker was good in the nets for the Druggists.

Barney Clark refereed and had both games going as fast as possible.

ROYAL CITY CURLERS WIN FROM LAKEVIEWS ON ROUND

GUELPH, Feb. 22.—Toronto Lakeview Curling Club paid a return visit to Guelph today with four rinks playing against the Royal City Club, and were defeated by 21 shots. As the Royal Citys were defeated in Toronto by six shots, this leaves Guelph winners on the round by 15 shots. The ice was in fairly good condition at the start of the game, but became very sticky, and at the finish there was water on it making it extremely difficult for the players to get their stones up. Following were the scores:

B. C. UNITED FARMERS MAY JOIN COUNCIL

Vancouver, B. C., Feb. 22.—By The Canadian Press.—The United Farmers of British Columbia convention which expected to reach decisions on many important questions before adjournment on Friday, opened here this morning.

In the presidential address, R. A. Copeland recommended that the British Columbia Association make application to become affiliated with the Canadian Council of Agriculture. He said the whole country suffers loss through laxity of Federal and Provincial Governments in carrying out good, sound agricultural policies.

Pressure should be brought, he thought, to have a rural credit system established in British Columbia. He hoped the delegates would take action with reference to addition of a uniform rate per mile throughout Canada on freight, express and passenger traffic. Reference was made to the oriental question and the hope expressed that some definite steps toward adequate control of the situation in the province would be taken.
