THE HERALD

TUESDAY, NOV. 9TH, 1915.

The prevention of accidents is the duty of both employer and employees. Simple precautions may save lives.

Canada's net debt now amounts to \$462,528,492, an increase of \$139,853,093 during the past twelve months.

"CANADA during 1915 lost over ten million dollars' worth of her forests through unnecessary fires. In Ontario, Quebec and New Brunswick and British Columbia about eighty-five per cent. of the losses were due to settlers' fires," said Mr. Robson Black, secretary of the Canadian Forestry Association.

Private George Greig Mowat, only son of Sheriff Frederick Mowat, and grandson of Sir Oliver Mowat, has been killed at the front. Deceased was the chief scout in his machine gun section, the 19th Battalion. He sailed last May with the second contingent, and went to the front in the beginning of September. Pte. Mowat was twenty-one years of age.

The list of distinctions conferred in connection with the Dardanelles operations includes: Major, temporary Brigadier-General William Breck Leslie, created a Companion of the Order of St. Michael and St. George. Major Leslie belongs to Kingston, Ont. Conferment by the French President of the Cross de Commandeur of the Legion of Honor upon Lieutenant-General Alderson is also gazetted.

THERE is no cause to worry about the German successes in the Balkans. She was getting defeated in the east and held in a vice like grip in the west, so had to do something to cheer up her discouraged people. She also had to make good with Bulgaria lest the latter would join the allies. Every day that goes by is sapping Germany of her resources in men, money and provisions, and the greatest factor in the process is the British fleet.—Brockville Recorder.

Two British divisions have been ordered to the Bulgarian front, with other units to follow them closely.

Shell-making in Canada is now reorganized on a new basis, directly under the British Munitions Department.

Fifteen of the eighteen provinces of China are said by the Government to have voted in favor of a Monarchy.

Caution children not to play with matches, and warn them of the danger of bon-fires to both life and property.

Newfoundland's seventh contingent of 250 men has arrived safely in England. It is a company of expert shots.

The Fifty Thousand Club was formally inaugurated in Toronto a few days ago. The aim of the organization is to secure a dollar a month from all its members, thus obtaining \$600,000 a year for the Patriotic Fund in Toronto.

The German Ministry has announced that owing to a scarcity of copper all chandeliers and lighting apparatus as well as works of art, such as statues, will be taken over by the Government. Lighting appliances not in daily use will be taken first, but it is stated that the Government soon will have to seize all the copper in Germany.

The numerous fires throughout the country have apparently attracted the attention of the local government, which has sent printed forms to the mayors and fire-chiefs throughout the province to be filled in and returned immediately so that means may be devised to minimize the fearful losses sustained from this cause.

A suit which concerned the division of profits on \$6,000,000 worth of horses sold to the French Government by Sir Clifford Sifton and his son, Major John W. Sifton, brought by Lieut. Percy Shaver of Ottawa, former Secretary of Sir Clifford Sifton, which was up before the Ontario Supreme Court at Ottawa last week was settled out of court. The profits were said to be \$200,000 and it is understood that Mr. Shaver got a substantial part of that amount.

VICTORY FOR RUSSIANS

Ten Thousand Germans Captured Near Dvinsk.

Russian Offensive Along the Eastern Front Goes on With Unabated Vigor and Soldiers Are Instructed Not to Spare Cartridges—Surprise Attack on Enemy Near Dvinsk Results in Success.

LONDON, Nov. 8.—The weather, which has turned wintry, has not interfered with the Russian offensive along the eastern front. The Russians have extended their attacks to the district west of Riga and thence to the south of Dvinsk. They are keeping the Germans on the move, and the latter admit that in the region of Lake Swenton the Russians penetrated their lines.

The capture of 8,500 Germans in the south-western theatre, on the River Stripa, as the result of a surprise attack, is reported in an official statement issued by the Russian War Office. The statement tells of violent, but futile efforts on the part of the Germans to wrest the prisoners from the captors. Another Russian success is claimed by Petrograd in the fighting around Rafalovka, on the Kovno-Szary. Here the Czar's forces took 22 officers and 712 men.

A Reuter despatch from Petrograd says: "In the region of Czartorysk bodies of Russian cavalry from 500 to 1,000 strong have been very active in attacking German infantry detachments in various localities east of Kovno. These operations have resulted recently in the capture of 2,000 prisoners."

The Austro-German forces on the Stripa River in Galicia, have lost 28,000 men and 14 guns, says a Lemberg despatch.

The Daily Mail's correspondent at Petrograd telegraphs: "The amplitude of munitions now is emphasized by the fact that the most recent consignment of ammunition secured at Dvinsk bore on every box the inscription: 'Don't spare cartridges.'"

MONTENEGRINS VICTORIOUS.

Big Booty is Captured by Troops of Tiny State.

ROME, via Paris, Nov. 8.—The following official communication to the Montenegrin consulate here was received yesterday:

"Cettinje, Nov. 8.—The battle near Grahovo in Herzegovina continued with great fury all day Nov. 5, until evening. The enemy made several attacks in an endeavor to capture our positions, but he not only failed but was repulsed with heavy losses by our brave soldiers."

"During the fighting on the Herzegovina front we have taken four field guns, four machine guns, three telephones, a searchlight, seventy horses, 100 rifles, 100,000 cartridges, and two officers and 40 soldiers."

"The army operating in the Sanjak has taken four field guns, three machine guns, 600 rifles, 700 tools, and a quantity of munitions, and in addition has captured six officers, three surgeons, and 300 soldiers."

"On the rest of the front the artillery struggle is developing."

PRISONERS AS SHIELDS.

Letters Reveal Tactics of the German Military Leaders.

PETROGRAD, Nov. 8.—What purport to be extracts from two letters found on the bodies of German soldiers on the field of battle have been published by the Imperial commission of enquiry into the conduct of the war. The first reads:

"In this case, when the advance becomes too hard, we take Russian prisoners and drive them before us against their fellow-countrymen. Thus they at least in some measure diminish our losses."

The second reputed quotation follows:

"We don't know what to do with prisoners. Henceforth we shall drive every Russian who surrenders before the line of our fortifications to be shot."

The commission announces that the letters were photographed and translated into the leading languages of the world to be sent broadcast.

LABOR SUPPLIES RECRUITS.

Remarkable Response is Made at Rally in Trafalgar Square.

LONDON, Nov. 8.—A remarkable demonstration in furtherance of Lord Derby's recruiting campaign was held in Trafalgar square yesterday by the trades unions of London. As a result a large number of young men enlisted. With the exception of the Clapham branch of the Independent Labor party, which declined to participate, all the unions of London sent representatives, and an immense crowd gathered in the square.

Resolutions adopted at the meeting reaffirmed Labor's conviction that the volunteer system of enlistment would meet the needs of the country, and pledged devoted support to Lord Derby's campaign, "in order to bring the war to a successful issue and to prevent the establishment in this country of the conscriptionist military and naval systems."

Moral Conscription in Force.

LONDON, Nov. 8.—Without legislation empowering conscription, a sort of moral conscription is being exercised. The newspaper columns are full of advertisements for men over military age only, and employers are refusing to engage any others.

Jamaican War Contingent.

KINGSTON, Jamaica, Nov. 8.—The newly-elected members of the Legislature decided yesterday to move the Government to send a big war contingent to help England, the colony bearing a special tax for the purpose.

SERBS HOLDING BABUNA

Pass is Piled Deep With Bulgarian Dead, Says Despatch.

Lord Kitchener's Departure for Saloniki Following Upon a Conference With the French Chiefs Indicated Great Allied Activity in Balkans—Anglo-French Forces Are Being Rushed Forward.

LONDON, Nov. 8.—A division of 25,000 Bulgarians is attempting to envelop the French force in the Vlandovi region, according to information from Bulgarian soldiers obtained by a Greek outpost in the Belasica mountains, at the junction of the Greek, Serbian, and Bulgarian frontiers, says a Reuter's despatch from Saloniki. Heavy artillery and rifle fire has been heard at the outpost station.

A Serbian official is quoted as declaring the Serbs are holding firm at Babuna Pass, where all Bulgarian onslaughts have been repulsed. The pass is said to be piled deep with Bulgarian dead. At one point more than 1,000 Bulgarians were caught between a crossfire and annihilated. An important British contingent was landed Saturday at Saloniki, where additional landing facilities have been granted the Allies after negotiations with the Greek authorities.

The belief is still held here that it is not too late to the tables on the invaders. The departure for the East of Lord Kitchener, after conference in Paris with Premier Briand, Gen. Gallieni, the War Minister, and Gen. Joffre, the Commander-in-Chief of the field forces, has given confidence that the campaign is to be carried on energetically by the man who knows the East better than almost anyone else.

Advices from Saloniki and other points yesterday show that much larger forces than were thought to be near the scene are being landed at Saloniki and are proceeding to points where it is believed they can do the most good. Troop trains are continually leaving Saloniki, but so much secrecy is being maintained that it is impossible to compute the number of men.

One report says that an Anglo-Italian army has landed at Valona (Avlona) on the Adriatic, with the purpose of crossing Albania. The Russians are still concentrating in Bessarabia, to be prepared to make a descent on Bulgaria from the east.

Meantime, in Northern and Eastern Serbia and on the Montenegrin frontier big battles are in progress. The Austro-German claim to be advancing all along the line, and to have reached the Morava River, which has been crossed at some points. In their advance they are picking up prisoners, guns, and war material.

The Montenegrins, like their Serbian allies, are fighting stubbornly in defence of their country, and report that they have repulsed an attempt by the Austrians to cross their border from Herzegovina, and captured four guns, a quantity of supplies, and a few men. They also claim success over the Austrians in the Sanjak (Novi-bazar), where they captured four more field guns and several hundred men.

In the south the French are reported to be over the Bulgarian frontier, where they have taken several villages.

An Athens' despatch to The Daily Mail says: "The Serbians offered a magnificent defence at Nish, fighting successive actions of the enemy advanced. Their last stand was on the fortified hills around the town itself. They succeeded in retiring in good order before greatly superior forces."

"The situation at Uskup is unchanged. The Bulgarians, after their severe experience in Babuna Pass, appear to be reinforcing the Istip section with the object of continuing their attacks on the French, which have for their object the stoppage of French help for the Serbians on their left."

"The allied troops are now arriving in much more satisfactory numbers, and the general situation promises well."

Goderich Lad Burned Severely.

GODERICH, Nov. 8.—The little four-year-old son of Charles Black, local tailor, while playing with another boy Saturday afternoon, was severely burned in a bonfire. While securing some kerosene for the flames some of the oil got on his clothing and this was ignited when the lad fell into the flames. Latest reports last night state that he is in a very critical condition.

Dutch Infer German Submarine.

LONDON, Nov. 8.—The Amsterdam correspondent of The Exchange Telegram Company says that a German submarine which stranded near Terschelling has been interned with its crew, by the Dutch Government. The submarine referred to is evidently the U-3, which was reported to have been towed into a Dutch port several days ago.

Cossacks Take 2,000 Prisoners.

LONDON, Nov. 8.—A Reuter despatch from Petrograd yesterday says: In the region of Czartorysk, bodies of Russian cavalry, from 500 to 1,000 strong, have been very active in attacking German infantry detachments in various localities east of Kovno. These operations have resulted recently in the capture of 2,000 prisoners."

12 Bodies Found in Brooklyn Shop.

NEW YORK, Nov. 8.—Twelve bodies, eight women and four men, all of whom have been identified with one exception, and the list of missing narrowed down to one man, summed up yesterday the casualties as the result of the fire in the diamond factory building in Williamsburg section of Brooklyn Saturday.

The years' record of the Toronto Red Cross Society shows a total cash contribution of \$166,873 and supplies comprising 675,000 articles of a value of \$108,500.
