The Secretary of Moravian Council,

Moraviantown, Ont., 4th Feb 1899

At a regular monthly meeting of the Board of Council of the Moravians of the Thames, held on the above date the question came up for discussion to re-survey the roads and lots etc.

It was then moved by Walter Tobias and seconded by Monroe Pleasant to ask the Department of Indian Affairs the probable cost to send a surveyor from the Department to re-survey the roads alone, or a general re-survey of the lots on the Moravian Reserve carried
