PERSONAL

Dear Miss Millar: Mallon Sanford

I have your letter of 4th.  
Am afraid there is not much chance now, as  
Hydro has been contracting its staff and is  
to give preference to competent officials  
who have been necessarily let out temporarily.

I would suggest, though, that  
your friend write Mr. F. A. Gaby, Chief Engineer,  
giving his experience and qualifications fully.  
I will speak to Mr. Gaby the next time we meet.

Would sincerely like to meet your  
wishes.

Yours very truly,

Miss A. E. Millar,  
Secretary to the Prime Minister,  
Ottawa, Ontario.
