

Ottawa, 9th December, 1904.

Sir,-

With reference to your letter of the 5th instant I beg to say that I have had careful search made here in regard to the accounts of Messrs. Bryson, Graham & Co. which you state you did not receive. They are not on file in this Department and the records go to show that they were sent to you. It is thought that if the envelope addressed to you which contained the said letter is examined the accounts will be found therein.

Your obedient servant,

Secretary.

The Auditor General,
OTTAWA.
