

COPYING

Anyone wishing to obtain photocopies of individual marriage bonds may request reader-printer copies of them from the institutions at which the microfilm is consulted. In the event that the institution lacks such copying facilities, the request should be forwarded to the

Photoduplication Services

Public Archives of Canada

395 Wellington Street

Ottawa, Ontario

K1A 0N3

where a nominal charge is made for the production of photocopies, billed on completion of the order.

COPYRIGHT

Photographs of items desired for reproduction in a publication can be obtained from the PAC. The statement "Courtesy of the Public Archives", followed by the negative number of the photograph or the full citation for the document, should accompany the published reproduction.

CITATIONS in Publications

The recommended form of citation is as follows:

long - Public Archives of Canada, Upper Canada
 Marriage Bonds, RG 5, B 9, vol. 13, page 91;
 bond of, (day) (month) (year).

short - PAC, RG 5, B 9, vol. 14, p. 321.

The microfilm reel number is not an adequate citation, although it provides some indication of the source when the name or initials of the institution are also given (since institutional microfilm codes vary).
