

VI. JUNE hath XXX Days. 1814.

Yes! weave the gay garland! each moment improve!
 Youth's pleasures, like Spring, fleet away!
 Life has its soft season---that season is Love.
 ---Ah! taste its fond joys while 'tis May.
 But lately I winded you mountain's green side;---
 How blessed! for a fair one was by;
 I marked, as she welcomed the Spring's opening pride,
 The rapture that beamed in her eye:
