Another Temperance Sermon

The following rules affecting Chicago National League Baseball Club were posted last week by President Charles W. Murphy:

TO ALL MEMBERS OF THE CHICAGO BASE-BALL CLUBS:

The following rules will be enforced from date:

1. The use of intoxicating drinks of any kind is absolutely prohibited. 2. When the team is at home every

player must report at the field in uniform not later than 10.30 a.m. each day, and must be on the field at least one hour before game time, at home o abroad.

3. All players must be in their rooms for the night not later than midnight and should arise not later than 8 a.m. 4. The smoking of cigarettes is abso-

lutely prohibited. The penalty for the violation of any

of the foregoing rules will be a fine, a suspension, or both, according to the offence.

Here is what Mr. Murphy volunteers to say through the public press: "It is a serious proposition and all the major league clubs will demand it before long. I have come to the conclusion that the drinking and smoking clauses can be en-forced, and if I find otherwise I will

switch my team around until I secure the men who are able to offer what I demand. The Cubs might have won a pennant or at least made a better showing in the race had orders been more strict. I will en-force the new rules if I lose all my stars and if it keeps the Cubs in last place.

Remember Mr. Murphy is no prohibi-on crank. He is a perfectly sane and tion crank. uite normal man, actuated in his business life by the same question governing all men when adopting a rule of action, Does it pay? He has come to the conclusion he has because he is convinced he will never win a pennant unless he does. If the champions of "personal liberty" have murphy's prohibition that will justify them in their defence of liquor we would be glad to hear from them .- Northern Christian Advocate.

The Life That Counts

"The life that counts must toil and fight; Must hate the wrong and love the right; Must stand for truth, by day, by night— This is the life that counts.

"The life that counts must aim to rise Above the earth to sunlit skies; Must fix its gaze on Paradise This is the life that counts.

The life that counts must helpful be; The cares and needs of others see; Must seek the slaves of sin to free-This is the life that counts.

"The life that counts must hopeful be In darkest night make melody; Must wait the dawn on bended knee-This is the life that counts.'
