- "An invaluable treasury of biblical lore, and a stupendous monument of literary industry. "In this improved state, Mr. Taylor's edition of Calmet's Dictionary is indispensably necessary to every biblical student. The additions made under the title of 'Fragments,' are extracted from the most rare and authentic voyages (ancient and modern) into Judaea and other oriental countries, and comprehend an assemblage of curious and illustrative descriptions, explanatory of Scripture incidents, customs, and manners, which could not possibly be explained by any other medium.
