## At The Exhibition

at Toronto, stop at our silo booth and have a chat with  
us. We're located at the **MODEL BARN**, one  
hundred yards east of the Poultry Sheds. "The Silo  
That Lasts For Generations" shows off splendidly  
there, and you'll be impressed with its look of strength  
and durability. Remember the date of the Exhibi-  
tion—August 28th to September 13th—and

**DON'T FAIL TO VISIT THE  
Natco Everlasting Silo Exhibit**

See those hard burned clay tiles with their dead air  
spaces—fire-proof, moisture-proof and frost-resisting.  
See those reinforcing bands laid in the mortar, hold-  
ing the silo in a grasp of steel. Learn why the first  
cost of the NATCO is the last cost, and how it pre-  
serves sweet, succulent ensilage through coldest  
winters and driest summers. Talk it over with us at  
the Fair—and send for our catalogue 4 now.

No stooping to attend this  
oven. Noaching backs. No  
risk of accidents in lifting  
heavy dishes in and out of  
the oven.

The baking is always in  
sight, and at the right height  
to avoid stooping. Think  
of the time this glass door  
will save!

Lovely white tile or porce-  
lain enamel lines the cooking  
top. How easy to wipe off  
grease or stain!

## Burns either Coal or Wood and has a HIGH OVEN

**D**ID you ever expect to  
see such a convenient,  
labor-saving range?

Think of the days and days  
you would have liked to have  
the oven where you could  
reach it without stooping.  
Now, with the

### LIGHTER DAY RANGE

you simply open the door and  
slide in the baking pans, with-  
out danger of spilling the  
dishes, and without tiring your  
back, because the Lighter Day  
Oven is at standing height.

You can read the thermo-  
meter without stooping. You  
watch the baking through the  
glass door—a glance is all,  
because you never have to  
stoop to look into the oven.  
Wouldn't this LIGHTER DAY  
RANGE make a wonderful dif-  
ference in your baking days?

### New Ideas to Lighten Work.

**The warming closet**  
is directly above the oven; you  
do not reach over steaming  
kettles. The warming closet is  
heated like a second oven.

**Large storage,**  
well up off the floor—for pots  
and pans.

**Clear sweeping space**  
under the whole range.

**Two inside pot-holes**  
for keeping odors of cooking  
from escaping through the house.

**Extra long fire-box for burning wood**  
The Lighter Day may be  
changed from a coal to a wood  
range in a few moments. The  
fire-box will take sticks as long  
as 26 inches.

**New heating principle**  
The Lighter Day Range uses all the heat  
from the moment the fire is started. The  
oven heats very quickly and econom-  
ically.

### READ THIS GUARANTEE

In the fifty years we have been making  
ranges we have never expected a woman to  
keep one that did not give perfect satisfac-  
tion. We guarantee THE LIGHTER DAY  
High-Oven RANGE unconditionally.

## LIGHTER DAY HIGH OVEN RANGE

For Coal or Wood

### HAVE YOU SEEN IT?

The wonderful new  
range. The coal and  
wood range with a **High  
Oven!**  
Every day more stores  
are ordering Lighter Day  
Ranges. If your dealer  
does not sell them ask  
him to order one. He will  
supply you with this  
range if he values your  
custom.

But you needn't wait  
until the range is on sale  
in your town. Let us  
send you the pictures  
our photographer took  
of the range in use. They  
show clearly how to  
lighten work in the  
kitchen. They are bound  
into a little Booklet that  
will prove very, very  
interesting.

Just tear out the cou-  
pon and mail it to-day.
