OILS, PAINTS, AND GLASS.—We cannot hear of any noteworthy changes in price since a week ago; trade is quiet but values generally show steadiness. Linseed oil is still quoted at 64 to 65c. for raw, 67 to 68c. for boiled; turpentine, 69 to 70c. Fish oils, quiet at 34 to 35c. for Nfld. cod; steam refined seal, 47 to 49c. Castor oil shows no weakening; from lately advanced prices, some holders asking 13 to 14c. for small lots. Leads and glass both firmly held at quotations. We quote:—Leads (chemically pure and first-class brands only), \$6.25 to 6.50; No. 1, \$5.50.

Notice is Hereby Given

That application will be made at the next Session of the Parliament of Canada, for an Act to amend the several Acts relating to the Board of Trade of the City of Toronto, and to increase their borrowing powers from \$350,000.00 to \$500,000.00, and to extend the right of the said Board to hold lands to the value of \$750,000.00. And to provide for the convening or re-arranging of certain agreements entered into by the said Board with subscribers for or holders of Debentures issued or to be issued by them. And to declare that Section 7 of the Act respecting interest, Chap. 127 of the Revised Statutes of Canada, shall not apply to debentures or securities issued by the said Board. And for such other powers as may be necessary to fully empower the said Board to complete and deal with their debentures, and to carry out the purposes and objects for which they are empowered to issue the same. And for other purposes.

WOOL.—The market rules very firm; there is no very great demand at the moment for any description, but local stocks are exceedingly low, and dealers are very stiff in their views. We quote Cape, 19 to 21c.; Australian, 22 to 23c.

Joseph Maddaugh writes from Morrison P.O., Ont.,
Nov. 26, 1889:

Now that I have purchased from you one of your Standard French Burr Chopping Mills, turning in on it as part pay my iron grinder, I have no objection to tell you that the plates used in the iron grinder cost \$2, and latterly but \$1 per pair. I used over \$50 worth last winter. Occasionally a plate would last a week, but sometimes not over two or three hours. The price of the mill was \$65; much cheaper than yours, but in the end it was a very much dearer mill. I am satisfied that iron grinders are only suitable for farmers who have a very small amount of chopping to do for their own use.

Dr. L. Comeau, Maniwaki, Que., Nov. 23, 1889:

I would feel inclined to apologize for not writing sooner, had I not been too busy and my desire to give the 20 inch Standard Chopping Mill a fair trial before writing. I am most happy to state that I am entirely satisfied with the mill; it is doing splendid work.

We have repaired five Iron Grinders this month, and have them for sale from \$15 to \$30, with new plates all in good order.

nothing to do. Most dealers in the city continue to make a feature of booking orders now at current prices for the whole of the winter months; and as prices now are low, any persons who have not yet made their contract should not fail to do so, as any spell of severe weather would certainly lead to an advance.

FLOUR AND MEAL.—The market is decidedly inactive. There has been no movement in flour of any consequence all week, although straight rollers has been offered at \$3.90, and extra at \$3.60, and continued to be thus obtainable at the close. Bran is scarce and held more firmly, at \$11.00 for cars on track; at the mills all available found a ready sale at \$11.50 per ton. Oatmeal is chronically dull; scarcely any demand heard, even for small lots, which have sold very slowly at \$3.75 for standard and \$4.00 for granulated.

TO WOOLLEN MANUFACTURERS!

One of the best two-set Mills in Canada has been placed in our hands for sale at a sacrifice and on easy terms. Water-power and plenty of water all the year round. One mile from Railway Station First-class local trade and good connection outside. This property cost to build and develop \$20,000. Can be secured for \$8,000, one-quarter cash and balance as desired.
