MEWS FROM IRELAND.

A movement is on foot for the removal of Nelson's Pillar to some site where it will be less of an obstruction to business traffic than it is at present. As it stands now, in the centre of O'Connell street, it divides that thoroughfare as completely and effectually as if the upper and lower portions were two separate and distinct

streets.

Michael Davitt was entertained, on Oct.
13, at the Midland Hotel, Dublin, by the
Inns Quay Ward Registration Association,
at supper, and presented with an address.
The Lord Mayor was in the chair, and Mr.
Sexton, M. P., as well as a large number
of leading citizens, was present. Mr.
Davitt delivered a speech in favor of promoting Irish industries and against the
idea of a protective policy for that purpose.

Mr. Parnell, M. P., has taken fifty shares in the Munster and Leinster Bank. He writes—"I am confident that the new bank is founded upon a sound financial basis, and has a field of great area and unlimited capacity to work upon; and I cordially wish it every success.

On October 10, John Keogh, J. P., brother to Mr. George Keogh, J. P., of Glencourt, near Bray, went out in the Glencourt grounds to shoot. Some time afterwards, the gardener of the house found Mr. Keogh lying on the edge of a shrubbery, dead. From the position of the body, and the marks of blood among the shrubs, it would appear as if the gun had been carelessly trailed in his hand, and that the lock having become entangled in the underwood, the deceased gentleman turned to release it, and had the muzzle towards his chest, when the right barrel exploded, and the charge of shot was lodged in his breast, causing instantaneous death.

At a demonstration held at Parnell's Cross, near Ferns, on October 11, in favor of two evicted tenants, widely known as the "Kinsella Girls," who have been nine times sent to prison for refusing to quit their farm, Mr. Healy, M. P., made a strong speech in their favor, and in denunsistion of land weakly hing. strong speech in their rave ciation of land-grabbing.

Kilkenny. Three hundred tenants on the Kilkenny estate of the Earl of Bessborough, on Oct. 10, signed a declaration that they would not pay the half-year's rent, now due, unless they received a reduction of 30 per cent. The Earl subsequently intimated to a deputation, who informed him of the resolution, that he would not accede to their request, but would deal with each case on its merits.

with each case on its merits.

Some excitement and amusement was recently created, in and around Bawnmore and Johnstown, by the appearance, at the cross roads at Bawnmore, of a heap of turf, known to be boycotted. It appears two carts of turf were bought by a farmer near Johnstown, from the caretaker of the swicted farm of Mr. James To Mr. Heburn for his exemplary conduct in this matter it should be added that neither he nor his uncle raised the rents of the estate one penny; that liberal abatements have been made every year for the past five years; and that over £3,600 were expended by Mr. Ross for the permanent benefit of the tenants, after he had purchased the estate, over ten the swicted farm of Mr. James To Mr. Heburn for his exemplary conduct in this matter it should be added that neither he nor his uncle raised the rents of the estate one penny; that liberal abatements have been made every year for the past five years; and that over £3,600 were expended by Mr. Ross for the permanent benefit of the tenants, after he had purchased the estate one penny; that liberal abatements have been made every year for the past five years; and that over £3,600 were expended by Mr. Ross for the permanent benefit of the tenants, after he had purchased the estate, over ten years ago. two carts of turf were bought by a farmer near Johnstown, from the caretaker of the evicted farm of Mr. James Dunphy, and the farmer, seeing that public opinion had turned against him, after the lapse of a week, was obliged to fill up the turf into his carts, and returned it to the owner, who refused to take it. The farmer then brought it to the cross roads and upsat it there, where it remained an object set it there, where it remained, an object of amusement.

Mr. Sheil, M. P., and Dr. Kevin 12od O'Doherty, have been unanimously se-lected as the National candidates for Meath, lected as the National candidates for Meath,
—the latter for the Northern, and the
former for the Southern division of the

valuable service to the Irish Parliamentary Party in his capacity as Whip. Dr.
O'Doherty has been a life-long patriot,
his devotion to Ireland never having slept

Cork. Dr. J. E. Kenny will be the National candidate for South Cork. He took a very active part in the Land League movement, was imprisoned as a suspect, by Forster, and dismissed from his post as dispensary physician in the North Dublin Union, by the Local Government Board on account of being a "suspect." Mr. E. Leavy, M. P. the candidate for North. Leamy, M. P., the candidate for North-East Cork, has been one of the most faith-ful members of the present Irish Parlia-mentary Party. He retires from the representation of Waterford city only because that constituency has lost one of its seats under the Redistribution Act. Mr. J. C. Flynn, of Cork, the National candidate for North Cork, has long been known in the South as a Nationalist of an

advanced type.

The commemoration of Father Ma-The commemoration of Father Mathew's anniversary, on Sunday, October
11th, was one of the finest spectacles seen
in Cork for years. Twenty thousand
total abstainers marching in procession is
certainly a glorious sight. It gives hope
of a happy future in at least one respect.
"Ireland sober is Ireland free," is the old
motto. Ireland sober and Ireland free

A feeling of deep regret will be caused by the announcement of the death of the Rev. Canon Murphy, P. P. of Youghal. For 29 years he was pastor of the district. Though from weight of years and a failing constitution, Father Murphy did not for years take any prominent part in politics, he was well known as a true and sterling patriot. In 1849, his generous activity for the suffering people of West Cork rendered his name a household word among them. The decessed was in his 64th year, and for a considerable time filled the important positions of Vicar Forane, Penitentiary, and Theologian of the Diocese of Cloyne.

The tenants on the estate of Hector Van-

The tenants on the estate of Hector Van-deleur have received ejectment processes to the number of sixty, and are saked for eight years' rent which they say is not due. The new agent, Mr. Studdert, believing that the tenants owed the amount stated, caused the ejectment processes to be served on them. Some of the tenants say they have lost many of their receipts, and in many instances the agent, they say, forgot to give them one.

Limerick.

The Guardians of Limerick Union have passed a resolution against the action of the Cork landlords in trying to obtain impossible rents from their tenants, and calling on the Government not to grant them police or military aid to carry out their designs.

Tipperary.

The tenants on the property of Mr. Stafford O'Brien, who requested the agent, Mr. John Massy, Kingswell House, to forward to the landlord, on their behalf, a memorial asking an abstement of 30 per cent., have heard direct, through one of the tenants, from the landlord, that he has given instructions to his agent, already announced, how to deal with the tenants. The landlord, furthermore, says the farmers of the country have induced the depression by their National movements, and that, if they were actually paid for tilling the land, they would prefer agitation.

The Belfast papers chronicle the death of Francis Davis, "The Belfast Man," a poet better known some years ago than by his recent works. Davis, though a genuine lyrist, was, like many another gifted one, not regarded in life as his talents deserved. He shared the fate of Chatterton and Otway, as far as suffering from poverty goes, and died, we believe, in circumstances rather pitiable.

Monaghan.

Sir John Leslie, Bart., at an Orange meeting at Errigal-Truagh, on Oct. 12th, announced his intention of contesting North Monaghan at the general election. The announcement was hailed with revolver shots from the few hundred Orangemen present.

In the dark record of felonious landlordism in "sorrowful" Gweedore the future historian may point with relief to the management of at least one estate in that landlord-ridden region. The present owner of Dunlewey, Mr. William Heburn, came into possession on the death of his uncle, Mr. William Ross. The hope that he would maintain the traditions of the family, and possess in a large degree that generous spirit of charity and sympathy for the poor which formed the striking characteristic of the life of his noble predecessor, has not been disappointed. He has reduced existing rents from 20 to 60 per cent., giving an average reduction of over 32 (thirty-two) per cent. on the old rents. He has allowed the same abatement on all arrears, which amount in some cases to three years; and he has, moreover, expressed his willingness to receive such payments as the poor tenants find themselves able to make, though it were but a half gale. He has also given a judicial lease at this reduced rent. To give full credit to Mr. Heburn for his exemplary conduct in this matter it should be added that neither he nor his uncle raised the rents of the estate one penny: that liberal

Dr. F. R. O'Grady, Swinford, has been appointed to the Commission of the Peace for the county Mayo.

"That no rent be paid to any landlord until such time as the tenants wait upon him in a body, or by deputation, and demand a reasonable reduction off the rents nama a reasonable reduction on the reins mow falling due." Such is the order of the day. Resolutions to this effect were adopted, on Oct. 11, at the weekly meetings of many of the Mayo and Sligo branches of the National League. In

It is stated that a police sergeaut and constables surrounded and entered a country house at Belcarra, where the parochial clergy were holding the usual well-known periodical station, and where Mass was being celebrated, and made arrests. What is Catarrh !

What is Catarrh?

Catarrh is a dangerous disease which thousands are consciously or unconsciously suffering from. It is a muco-purulent discharge caused by the presence of a vegetable parasite in the lining membrane of the nose. The predisposing causes are a morbid state of the blood, the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomosa, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments and the germination of other poisons in the blood. Irritated by these, the lining membrane of the nose is ever ready for the reception of the parasite, which rapidly spreads up the nostrils and down the fauces, or back of the throat; causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal chords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many ingenious specifics for the cure of catarrh have been invented, but without success, until a physician of long standing discovered the exact nature of the disease and the only appliance which will permanently destroy the parasite, no matter howaggravated the case. Sufferers should send stamp at once for descriptive pamphlet on catarrh, to the business manager, A. H. Dixon & Son, 305 King street west, Toronto, Canada.—The Mail.
