LANTERN SLIDES ON ALL SUBJECTS FOR RENT

"Serving the Empire"

PUTTING military men, and men of affairs, on a good foundation; increasing the efficiency of the feet on which so much depends; in fact, so easy that you wish it would never "wear out."

The **LECKIE BOOT**

BUILT from "the ground up," the leather of the sole is conceded to be the finest used in Canada; and being Hemlock-tanned, its wearing qualities are without equal. In the Leckie Boot, the durability, ease and dash are best combined.

The result: "It shortens the miles."
