

THREE SPECIAL SERIES

All as sound and good as the Piers Plowman Histories
announced by us in last month's "School"

Philips' Children's Cameos of Poetry and Prose for Reading and Recitation.

Include short gems of prose and a large number of new copyright poems; also choice extracts from standard authors. Nine Books, including new Book of Patriotic Cameos, 3d. and 4d. *Specimen free.*

Philips' "Comparative" Wall Atlas of North America.

A Set of Eight "Phenomena Maps" designed for **comparison**; Relief, Climate, Products, Population, &c. Single maps, 2s. 6d. and 3s. 6d. Set, 21s. and 27s. 6d., according to mounting.

One of a highly-praised new Series. The miniature facsimile of the Europe set (free on application) throws a fresh light on Geographical Method.

Philips' "Semi-Upright" Copy Books.

Designed to produce Bold, Legible, and Rapid Writing. *Well known throughout the Dominion, adopted in Schools of eight States of the Empire.* 21 Books, 2d. each.

Write to us for details and a set of our interesting Illustrated Catalogues, or to our
Agents: The Renouf Publishing Company, Montreal.

Our Books, Maps, Atlases, Globes, etc., are obtainable through all Supply Houses.

George Philip & Son, Ltd., 32 FLEET STREET,
LONDON.

Phonography

Its Importance in our Schools

IT is interesting to observe the increasing importance attaching to the teaching of Phonography in our public, elementary and high schools. The recent Convention of the Ontario Educational Association had on its program a number of valuable addresses on this subject and the requirements of the stenographer.

"PHONOGRAPHY" is the Isaac Pitman system of shorthand—the only system authorized by the Educational Departments of Canada.
