## This Guarantee Protects you for 3 years—Read it!

Here is the strongest guarantee ever given with any self-feeder. Such faith have we in the Ruth Feeder that we guarantee every Ruth Feeder to feed any make or size of separator to its full capacity, with any kind of grain in any condition whatsoever, BOUND, LOOSE, STRAIGHT, TANGLED, STACK BURNED, WET OR DRY, PILED ON THE CARRIER ANY WAY YOU PLEASE, without slugging the separator cylinder or loosening a spike, and do a FASTER, CLEANER and BETTER JOB of feeding than any feeder manufactured by any other company in the world.

## Repairs and Extras

While it is an undisputed fact that the Ruth Feeder requires less repairs than any other feeder in the world, the cost per machine for repairs during the past 10 years averaged less than \$2.00, an occasional piece is needed, and when the accident does happen it is wanted quick. We understand this and in order to make it more than ever to your interest to buy a Ruth, we are doing something that no other Feeder Company has ever done, and that is we will have a good stock of repairs this year and in all the years to come at central points throughout Canada. This year you can get them from

H. A. KNIGHT at REGINA, and INTERNATIONAL HARVESTER at SASKATOON, SASK. The W. S. COOPER CO. at CALGARY, and THE MAYTAG CO. at WINNIPEG.

Feeders are also stocked at Winnipeg, Regina and Calgary.

Write at once for our large, illustrated, colored Ruth Feeder Catalogue. It not only tells all about the Ruth Feeder, but our Extension Carrier as well. This Carrier is made in fourteen and twenty-one foot lengths,

each section being about seven feet long. It is, in our opinion, one of the greatest money-makers ever sold, and it will pay you to investigate.

We have a Catalogue for YOU. It is free, and a postal card will bring one to you by return mail.
