

# Help--When It Is Most Needed

*Your subscription at this time will represent your aid to the soldiers for one year*

This war has disrupted every accepted channel of civilized life. It has dislocated our business affairs. It has asked us to change the manner of our daily life, and re-adjust the production of our farms. It has taken our sons. It now comes to us with an appeal for the Red Cross. This is not an appeal to our pride, or our patriotism, but to the heart. No figures can represent the amount of good accomplished by the money you give to the Red Cross. It is the Motherhood of all the world, appealing to you out of the agony of the shambles of Europe.

We sent our Canadian boys overseas to go into the trenches and "over the top." It was necessary. No one questions the righteousness of the cause that sends them over there; but many are already coming back, and many more are to follow—dragging back and carried back.

The Red Cross today is the only official recognized organization for the giving of voluntary aid to our soldiers. This will be the only Red Cross campaign this year. The most that anyone can give is as nothing compared with the least that every wounded soldier has sacrificed.

The Red Cross drive for Manitoba and Saskatchewan will start about the time this magazine reaches your hands. There is an organization in every community and you will be given the opportunity of having a share in the gift of the people to this work.

*Be ready for the Canvasser when he calls. If you are not called upon by Saturday, June 22nd, mail your contribution, or your pledge to pay at some later interval during the year, to your Provincial Headquarters:*
