DR. HALSEY'S FOREST WINE.

FROM its own merits and great worth, this Wine is fast becoming the favorite medicine among every class of persons. Known as the most efficient remedy for general Debility, Nervous Affections, Consumptive Decline, Complaints of the Kidneys, Heart, Lungs, and, above all, for diseases arising from impure Blood and habit of the System, eminent members of the Medical Faculty have sanctioned and adopted the use of it.

Dr. L. A. STANLY, a celebrated Physician, in a letter from Princeton, New Jersey, dated November 16, 1849, declares that in all his experience he had never seen anything to compare with the Forest Wine and Pills, at the same time relating several cases of constitutional Debility and Scrofulous affections which it cured in an incredible short time. Among the members of the Medical Faculty of New York, who have witnessed the great results of the Forest Wine, and recommended it in numerous complaints, will be found the names of the celebrated Dr. M. Y. Gautier, Dr. S. L. Mott, Dr. L. Chateseman, Dr. Collins, Dr. William Brown, Dr. Marvin, Dr. E. P. Monson, and others.

TESTIMONY.—Edward Barker, a highly respectable citizen of Waverly Place, New York:—

Dr. G. W. HALSEY:—DEAR SIR,—I esteem the Forest Wine as the King of Medicines. It has done for me in five weeks what three Physicians failed to do in as many years. In 1845, I became a victim of the Heart Disease and Nervous Affections, which have been growing on me ever since, until I procured your Forest Wine and Pills, although I had wasted several hundred dollars for medical attendance. During the last two years I was obliged to keep my house nearly all the time, and gave up business. By the assurance of my ill health I had nearly lost all trace of recovery, my complaint was of that stamp under which "nature sinks and life has not a burthen." Seeing your Forest Wine advertised I concluded to give it a trial, and before finishing the third bottle I felt like a different person, and was able to resume business again, entirely cured, by taking five bottles. For the benefit of those afflicted with similar complaints you are at liberty to publish this. Yours, &c.,

JOHNSON BURKE, Waverly Place, N. Y.

HEMPSTEAD, Dec. 1, 1847.

DR. HALSEY:—A bottle of your Forest Wine and box of Pills, which I procured of Mr. James Carr, (your Agent for this place,) has done wonders for me. I had been in a state of decline for more than a year, afflicted with a dreadful cough, pain in the breast, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two months; my friends told me I had the Consumption, and despaired of my recovery. I could not obtain any permanent relief from any medicine I had taken, or any physician, until your Wine and Pills were procured. The first dose of the Pills brought up from my stomach much phlegm and greenish matter, and my stools were perfectly black. I then commenced taking the Forest Wine three times a day, my appetite began to return immediately, my cough left me, and in less than two weeks I was almost well. I now enjoy better health than I ever did before, having increased twenty-five pounds in seven weeks. Your Forest Wine and Pills are highly valued in this vicinity, and I owe my recovery entirely to their virtues. Yours, respectfully,

MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. E. G. Mussey, a respectable and well-known citizen of Cohoes, New York, is an evidence which must remove all doubts of the great efficacy of the Forest Wine in GENERAL DEBILITY, NEURALGIA, AFFECTIONS OF THE SPINE AND KIDNEYS.—

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most unfailing success. My wife was badly afflicted with nervous debility, and pronounced incurable. After using several bottles, her health returned to her, and her general health is the use of the Forest Wine.

From my own knowledge of this excellent medicine, I confidently recommend it for the good of others who may be suffering with similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues.

Cohoes, March 9, 1850. E. G. MUSSEY.

Dr. G. W. HALSEY:—DEAR SIR,—My wife last autumn was reduced to a low state of Debility. My family Physician advised her to take your Forest Wine. Accordingly I went to Mr. Terry's, your Agent for this town, and procured a bottle of it, which restored her in a very short time to perfect health.

HENRY DONALDSON.

Cohoes, April 18, 1850.

The testimony of upwards of three hundred individuals, some of whom were afflicted with dreadful disorders, and considered incurable, may be examined at Dr. Halsey's principal Office. The following are some of them residing in this city:—

Mr. Aaron S. Smith, 167, Prince Street, Office in Wall Street, was long severely afflicted with a disease of the kidneys and bladder. The best medical skill answered no purpose. He tried the Forest Wine, and it met his case, and he was completely cured by the use of four bottles and a box of the Forest Pills.

Mr. Jacob Bell, Monroe, in Hunt Street, was for four years a martyr to severe Rheumatic Pains, and could not walk. He tried and used the Forest Wine and Pills, and recovered by taking six bottles and less than a box of the Pills.

The remarkable efficacy of the Forest Wine is very striking in the case of the Hon. S. A. Brown, of Virginia, who was cured in a few hours time of a severe attack of Bilious Diarrhœa and general prostration of bodily energy. On the arrival of the gentleman in New York in March, he was so weak and nervous, from the effects of Diarrhœa, that he could not write, and required assistance to enable him to walk to his carriage from the Wine was sent for, and he recovered after the use of less than a bottle of the Wine and a single dose of the Pills.

The Forest Wine and Pills are recommended as an efficient, and certain cure in all the following complaints:—

Dyspepsia, Habitual Costiveness, Liver Complaint, Asthma, Piles, Obstructs Headache, Bilious Disorders, Pimples, Blotches and unhealthy Color of the Skin, Jaundice, Ague and Fever, Salt Rheum, Erysipelas, Complaints incident only to Females, Lumbago, Pleurisy, Fits, Loss of Memory, Nervous Disorders, Coughs, St Vitus' and Consumption in its earlier stages.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections.—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side, or Limbs—Cramp in the Limbs or Stomach—Diarrhœa—Pains—Bilious Complaints—Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many very surprising cures in cases of the foregoing complaints. And on any and all occasions, where any pain or inflammation is present, whether internal or external, it is an Medicine designed for the use of mankind, possessing more than a tithe of the power to relieve and cure of them.

The subject particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from every other *Medicine* article, and cannot, in any imaginable case, injure the patient.

It does not harden the *Life Fountains*, nor produce the nausea, dry up, burning sensations, so much complained of in the use of other "Pain Killers."

It does not overthrow the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestinal parts.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, not briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Frozen*, &c., relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our Agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Persons read the following statement from John Buckman, Esq., of Dixmont, Me.:—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my hands became swelled to twice their original size—a large tumor swelled to the size of a goose egg, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, whom I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less and less. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended. The swelling has left my hands, and I am using my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at my time for the last three months, for a most of my age. No description of my case could do justice to the amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism, I have also used it for cholic and pain in the stomach, and always found immediate relief.

SELF-PRESERVATION;

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and unfit the unhappy sufferer for the connubial relationship, with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the influence of Tropical Climates; Local and Constitutional Weakness; Syphilis, and all Diseases and Derangements resulting from Indiscretion.—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structure, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,

No. 37, *Bedford Square, London*,

Doctor of Medicine, Marischaland Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the only features of the Work; the Causes of Impotence, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what can be more important than the subject of the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victims of amusement, indulgence and excess, are those who are most acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely entertain a fear of applying to a physician for relief, fearing exposure and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrict him, and prevent the seeking for medical advice, whereas it can be confidently asserted that in nine cases out of ten, a perfect cure is to be effected.

In sending thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably constitute the first, surest and most effectual remedy.

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Ptre.

Quebec, 7th March, 1849.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE.—*Sir*,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compounds for the hair. It imparts and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS,
Physician and Man-midwife to the Lying-in Hospital.

It is an indispensable article for the Toilet, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, long recommended by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects upon the skin,—it hoodens and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in the elegant style, calculated either for the convenience of the rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Summer F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 6, 1847.

Mr. William Bogle,—Dear Sir:—For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow on the bald portion. She has used only two bottles, and that very irregularly; and she used it oftener and more regular, I am convinced that the growth of the hair would have been increased remedial. I am, Sir, yours respectfully, SUMNER F. BARRETT.

SCROFULOUS AFFECTIONS, &c.

To all whom it may concern:—Having seen various statements regarding the efficacy of this Medicine, our assistant Physician at this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most valuable remedy for all inflammatory affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which I considered beyond the reach of medicine, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated sores, the discharge from which was acrimonious and very offensive. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected.

Sold by the inventor as above.—*See adv.*

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, Lumbago, Sciatica, Pains in the Back, Sides, Joints, Contracted Cords, in the form of Sores, Piles, Scalds or Burns, Felon, Whitlow, Sore Throat, Quinsy, Croup, Bites of Snakes, Insects, Scorpions, Stiffness of the Joints, Lameness, Neuralgia, Chilblains, Fever Sores, Sore Eyes, Swellings, Contracted Muscles, Wounds, Bruises, Cuts, Sprains, Tetter, Ringworm, Scald Head, Barber's Itch, Scurfs or Fresh Scabs. It is the most valuable remedy ever discovered for the relief of Pain, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power of Galvanism, or Animal Electricity, is but the principle of Vitality or Life, and that diseases in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power, or to the unnatural excess of it, in the system, and that by restoring the proper equilibrium, by such a remedy as the Galvanic Embrocation, all such diseases are speedily and successfully combated and cured. This has been fully attained by this most wonderful remedy, which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in Europe or America, that does not contain the most astonishing statements of various cases, showing most clearly the effects of this wonderful agent in superseding the necessity of the use of Mercury, Opium, Quinine, &c., &c., which are now known to be the most destructive agents to the human system. The following certificate, from one of the most distinguished Physicians of New York, is only one of many of the kind, which have been received by the proprietor of this Embrocation, and which he has in his possession, subject to the inspection of any person desiring to see them.

NEW YORK, Dec. 1, 1848.

I have frequently prescribed Dr. Sherwood's Galvanic Embrocation, for it is an invaluable remedy for all the diseases for which it is designed.

THE PROPHECY FULFILLED!

"In the month of August, 1851, you will be called to the Great Exhibition we will show you a remedy that will instantly stop the most excruciating pangs of pain, and speedily restore to health."

We purpose to publish, and by other facilitations for the inspection of the sick, to Physicians, Surgeons, and Medical Institutions and Bodies, to introduce our Ready Relief for their investigation, and to illustrate its wonderful properties in relieving pain, that the pain-racked sufferer may be induced to try it, and be convinced that a single trial will afford relief, in a few minutes, the most severe Cramps and Spasms in the world, across the progress of that dread plague, the Cholera, and in a few minutes more entirely change the blood, thereby, cold, and lifeless body, to warmth, vitality, and vigor.

And in a few minutes more, check and entirely remove pains in the bowels, that in fifteen minutes it would seem as if nothing had ever disturbed, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and excruciating pains, weakness and nervous headache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the great pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop that most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the announcement of our discovery. The wise sayers of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; therefore, those were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease, and a quick antidote for all pains, in New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WHITCHURCH, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me until yet I did not completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST PARK ROAD,
Upper New Cross, Peck., 1846.

SIR,—I conceive it is but a just tribute to the merits of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary effect which I have obtained from the use of your Cough Lozenges. I was for several months severely afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. box of your Agent, Mr. Sanger, 150, Oxford Street, and in New Cross, by which I am now perfectly restored to health, and no return many months, and am,

Sir, your obedient humble servant,
CHARLES WOOD.

To Mr. KEATING.

CHURCH STREET,
FOLKESTONE, Oct. 28, 1846.

SIR,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Simmons, Chemist of this town, for something to relieve me of it, and he recommended your Cough Lozenges, which I am happy to say, completely cured me in a week. I was induced to mention this to you, that you might use it as you think proper, and recommend them to the public; and you will have the honor to be,

Sir, your obedient humble servant,
JOHN HILL, Baker.

To Mr. KEATING.

MARINE WARRIOR,
HALIFAX, N. S., August 16, 1846.

SIR,—I am requested by Mr. Hamilton, Purser of the Warrior, to inform you that they have been very much benefited by your Cough Lozenges, and are gratified in being able to inform you that they have given universal satisfaction, having gained for them a great reputation for their efficacy. I have the honor to be, Sir, your most obedient servant,

THE BRITISH PERIODICALS

AND THE

FARMERS' GUIDE.

LEONARD SCOTT & Co.,

No. 54, Gold Street, New York.

CONTINUE to publish the four Leading British Quarterly Reviews and Blackwoods Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE.

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JAMES F. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the great features of the book is minute, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $3 for the entire Work in Numbers, of which there will be at least 52.

The British Periodicals Re-Published are as follows, viz.:—

The London Quarterly Review, (*Conservative.*)
The Edinburgh Review, (*Whig.*)
The North British Review, (*Free-Church.*)
The Westminster Review, (*Liberal.*)

AND

Blackwood's Edinburgh Magazine, (*Tory.*)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in this they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reputated by these publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.
