THE JUBILEE TERRACE QUESTION.

The proposed running of the Galt, along the Lake Erie and North-ward, along the front of Jubilee Terrace, has aroused some opposition—there can be no question about

The Company, for their part, have the fullest enquiry, and their only show no stint in the matter of

Why not select another route? This query most commonly heard. This paper does not possess any

for the road, but as it under-stands the matter, other routes have been surveyed, without practical re-

The minutiae would scarcely be how difficult it is to put through the plan Brantford to Galt. The nature of the intervening coun-

try, such as to render so much cut-ting and filling necessary, as to make a huge expense in such regard pro-hibit. The Grand Trunk spent a

Two dollars on bringing their main line through Brantford, and even now

trade between York and Paris is steep as a mountain, and need two engines, and a pusher, for the heavier

What the Lake Erie people desire to utilize as much as possible, done by the Grand Trunk, the same way as the C.P.R. did the work of rivers and

streams in getting through to the Coast.

Jubilee Terrace is a beauty spot of which all are proud. Then the question arises as to how much of defacement would be involved. That is a phase which should be carefully looked into.

It is a fact (a cold blooded commercial one, if you like, but nevertheless a fact) that most places having water fronts, give them over to rail-ways, and corporations and docks.

This is true of London, England, of New York, of Liverpool, England, and as far as Canada is concerned, of Montreal, Toronto, Hamilton, and so on. The truth is that transportation facilities are the keystone of all industrial communities.

How far, then, is Brantford justified in refusing an admittedly important road, to utilize a few yards of river front, if the establishment of the same is done under proper conditions?

That is the question to be faced, not in an extreme way by either side, but thoughtfully and carefully. City Engineer Jones has made the suggestion that the road could just as well go on the west side of the river.

To this, the Company make answer: 1. That it is important to locate the line in such a way as to reach all the present large factories, and that this cannot be conveniently done, if the road is placed across the river.

2. That this would mean the construction of the main line entirely outside of the city limits and place Brantford at the end of a mile and three quarter spur, something not at all practicable, when it is remembered that Brantford has in-bound and out-bound freight to the extent of 1,000,000 tons per annum.

3. That the suggestion that the company should secure running rights over existing railways will not be entertained, as the new enterprise cannot afford to be handicapped from the start by securing access to the city, and to Brantford manufacturing establishments over the tracks of competing companies.

4. That the company are not looking for a cheap entrance into the city of Brantford, but for an entrance that will enable them to render the greatest possible service.

The above would seem to be reasonable points advanced with care, and they are certainly worthy of consideration.

SOME BRANTFORD CHURCH HISTORY.

The members of the First Baptist Church are celebrating on Sunday the 79th birthday of that congregation.

This is the second oldest parish in the city. Grace church comes first in point of seniority. In the early days the Episcopalians used to walk out to the old Mohawk church when the land on which it is situated was still within the Six Nations Reservation.

It was Chief Brant who offered to set apart a block of ground of about three acres, either as an endowment or for sale or for occupation in the then village of Brantford. His proposal was accepted and in 1832 a frame church was erected which could accommodate four hundred people. The edifice was used until 1856, when the original part of the present building was erected. The first rector was Rev. J. C. Usher afterwards Canon Usher. He was succeeded by Rev. A. Sweetnam (afterwards created a Bishop), then by Rev. R. H. Starr, and in 1879, Rev. Archdeacon Mackenzie became the incumbent.

For nearly thirty-four years this Nestor among Brantford pastors, has been an outstanding figure in this community and citizens are glad to know that he is still vigorous and can occupy his pulpit with unabated power.

The First Presbyterian church was established in the early forties and is now the Y. W. C. A. building. Zion church congregation started in 1854, and the members first met in the Town Hall—yes the same gothic structure which still abideth with us.

A church was later built and opened in 1857 with Mr. Alexander as pastor. In 1860 he resigned and Rev. Dr. Cochran was selected. He was the embodiment of energy; in fact at one congregational meeting one of his admirers dubbed him as "a steam engine in pants." Small in stature, he had a tremendous voice and as he rolled out his powerful sermons—and they were powerful—strangers used to get the impression that his entire internal equipment consisted of lungs. No man ever left a more lasting impression on this community or was more sincerely mourned when he fell asleep.

Brant Avenue church was organized in 1870, St. Jude's in 1872, the Congregational in 1836, St. Basil's

church built in 1866 and so on. The many new edifices since those periods have been synonymous with the growth of the city. It may be said of the congregations en bloc, that there are no better or more willing givers, and workers in Canada—in fact Brantford enjoys an exceptional reputation in this regard.

Old World Notes A legal action which extended over 42 days and cost £7 a minute came to an end in the London Chancery Court a few days ago. The documents on each side weighed half a ton. The dispute concerning a £1,000,000 contract for the construction of a dock at Singapore, Straits Settlement, for the Tanjong Pagar Dock Board, and the contractors claimed £500,000 damages for alleged misrepresentations with respect to the strata through which the trenches had to be sunk. The opening statement took four days, and twenty-four witnesses were called, some of whom declared that there was no mud in the world to compare with that of Singapore, and that it was "slithery, oily, watery and impossible to handle." The men of form of skin disease, got some a noise like a motor bus in Fleet St. the timber fell in and if a man slipped off he disappeared unless somebody was near to pull him out, and then he left his high boots behind. The Dock Board denied the allegations of misrepresentation, declaring that the contractors were aware of the conditions and said they had suffered the loss of a million through the contractors not carrying out the contract. Five K.C.'s and a galaxy of juniors were briefed, and the fees and refreshers ran into five figures. The leader on one side received 2,500 guineas on his brief and the leader on the other 2,000 guineas, each getting a "refresher" of £100 a day. The judge came to the conclusion

THE BIRTHDAY

Of the First Baptist Church Congregation--The Seventy Ninth Anniversary Will be Appropriately Celebrated on Sunday.

When in the year 1833, the First Baptist church in this city was founded, Brantford had a population of not more than 500. At this early date a church of 26 members was formed with Rev. William Rees as the pastor. Elder Crandall preached the recognition sermon, Elder Pickle gave the hand of welcome to the newly-formed church, and Elder Ma-

makes the following memorandum: "Burnt down, January 12th, 1857, rec built 1858, enlarged at back and disfigured in front 1887." Other pastors were Rev. John Alexander, Rev. Wm Stewart, Rev. J. C. Hurd, Rev. W. H. Porter, Rev. J. B. Tuttle, Rev. Dr. Johnson, Rev. Dr. Spencer, Rev. S. J. Farmer. The present pastor, Rev. Llewellyn Brown, began his pastorate less than three years ago. Dr. A. L. McCrimmon, Chancellor of McMaster University, Toronto, recognized as one of the most eloquent preachers in the denomination, will be the special preacher in connection with the anniversary services, and will assist the pastor in all the services of the day. Miss Edith Whitaker of Hamilton, will assist the choir as the soloist of the day. Mr. David L. Wright is preparing a special musical program. The public is most cordially invited to join with the church in the celebration of her 79th birthday.

Rev. Llewellyn Brown, M.A., the Pastor, will conduct all the services in connection with the anniversary to-morrow.

bee gave the charge to the church. Of these early days, Elder Rees afterwards wrote: "For the first year we were under the necessity of meeting in small and uncomfortable buildings, and from house to house. I had the pleasure of baptizing in the Grand River, even in the depth of winter, many willing converts. Some of these seasons were affecting above the mere opening of the church, and keeping it clean." Rev. John Winterbottom was the second pastor, and served the church from 1842 to 1850. Rev. T. L. Davidson succeeded him and was pastor from 1850 to 1860. It was during this period that the present building on West street was erected, of which Mr. Shenstone

that there had been a blunder through carelessness, but no intention to deceive, and reserved judgment. In the fees paid, the mass of documents, and time occupied, this case beats the famous Wyler vs. Lewis' action in the King's Bench Division, which lasted thirty-five days, and was known as the "ever-lasting case."

A SURE QUICK COLD CURE—ACTS GENTLY PAPER'S COLD COMPOUND CURES COLDS AND GRIPPE IN A FEW HOURS. The most severe cold will be broken, and all gripe misery ended after taking a dose of Paper's Cold Compound every two hours until three consecutive doses are taken. You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains, and other distress vanishes. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end Gripe misery as promptly and without any other assistance or had after-effects as a 25-cent package of Paper's Cold Compound, which any druggist can supply—contains no quinine—belongs in every home—accept no substitute. Tastes nice—acts gently.

Cook's Cotton Root Compound. The great Uterine Tonic, and only reliable uterine regulator on which women can depend. Sold in 10c and 25c packages. No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 degrees strength. No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 degrees strength. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The

WHY SHOULD NOT OLD PEOPLE RETAIN THEIR YOUTHFUL VIGOR

No Reason Why Men And Women Of Sixty, Seventy And Eighty Should Not Be Well—The Secret Of Happy Old Age

"Fruit-a-tives", The Famous Medicine Made Of Fresh Fruit Juices, Again Proves Its Great Value In Curing Kidney Trouble.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debility, tell in the long run. And many men and women show they have Kidney Trouble by suffering with pain in the back, headaches, rheumatism, sciatica, bladder disease.

To such people "Fruit-a-tives" has proved one of the wonders of the age—and the most remarkable discovery of the century in modern medical science. This fruit medicine has performed hundreds of cures where the sufferer had been told that the case was incurable.

Take, for instance, Mr. Geo. W. Barkley, a prosperous farmer and one of the leading citizens of Dundas County, Ontario. At seventy-six, he is the picture of health—with the vigorous actions and the sprightly step of a man of fifty.

Yet for twenty years, he suffered with Kidney Trouble. He took "Fruit-a-tives" and it cured him.

CHESTERVILLE, ONT., JAN. 25th, 1911 "For over twenty years I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and said I would be a sufferer all the rest of my life. Nearly a year ago, I tried "Fruit-a-tives". I have been using them all the time since and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible."

GEO. W. BARKLEY. "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only one that acts directly on the kidneys. It cures. 50c. a box, 6 for \$2.50 or trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

ANNOUNCEMENT! We are now in position to transfer messages to Princeton, Drumbo and surrounding territory. This new connection comprises about five hundred telephone subscribers. Ask us about the winter excursions. For railroad tickets or additional information consult nearest New York Central Agent, or write General Agent, 57 Main Street, Buffalo, N. Y., or F. C. Coy, Canadian Passenger Agent, 50 Yonge St., Toronto, Ont.

Coughs and Colds From Improper Dressing

Exposing the neck and chest to the cold blasts of winter vents serious developments. It kills the germs, soothes the irritation which causes coughing, and protects with a coating the delicate mucous linings of the throat and bronchial tubes.

As a cure for bronchitis, chest colds, sore throat and hacking coughs Dr. Chase's Syrup of Linseed and Turpentine stands alone. It has a thorough and far-reaching effect, which cannot be obtained from ordinary cough mixtures.

There are so many imitations that it becomes necessary to warn you to look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the bottle you buy. 25 cents a bottle; family size, 60 cents. All dealers, or Edmansson, Bates & Co., Limited, Toronto.

Wearing thin hosiery and low shoes in damp, cold weather—Such are the customs which lead to the sacrifice of many promising young lives. No parts of the body are more sensitive to the influence of cold and dampness, and the result of exposure is coughs, colds, bronchitis and pneumonia. Like the healing vapors from the turpentine groves, Dr. Chase's Syrup of Linseed and Turpentine brings relief and cure to the sufferer from affections of the throat, the bronchial tubes and lungs. Used at the critical time when a cold is settling on the throat and chest, this great medicine brings relief in a wonderfully short time, and positively pre-

Dr. Chase's Syrup of Linseed and Turpentine
