The County Fair.

The county fair is possibly the most potent factor in stimulating agricultural aspirations among the agricultural classes of all the available organized influences that can be brought to the attention of the general public.

The county fair is a good training school for farmers and stock raisers, who are genuinely interested in the business. The person who engages in any kind of occupation or enterprise must be interested in the work in order to make it a success under his management or direction.

The Chameleon Rose.

There are flowers that change color, according to the intensity and direction of the sun's rays, and very curious plants they are.

White in the shade, red in the sun, such is the two fold character that has given a name to the chameleon rose. At night or when it is carried into a dark room, it assumes a wax-like whiteness. This does not occur abruptly, but the petals first pass through a bluish tint, which rapidly changes into a very pale rose, and finally ends by becoming the purest white. There if it is taken into the bright sunlight, with the greatest rapidity it returns the scarlet, tint of the most brilliant peony.

The horticultural phenomenon comes from Japan, that country of magic gardens and wizard horticulturists.

A WEAK STOMACH BRINGS MISERY. DR. WILLIAMS' PINK PILLS RESTORE DEPRESSED SUPPERERS TO HEALTH.

Nothing is so distressing as a weak stomach—the victims of this trouble suffer from indigestion, biliousness, dizziness and frequent headaches.

It is the blood—had blood—that is the cause of nine-tenths of the ailments from which both men and women suffer.

A notable fact that a total abstainer strikes by typhoid fever, pneumonia, or other infectious disease, or suffering severe physical injury, such as fracture, will show more recuperative power and greater vital resistance, by reason of this accumulated reserve, than one whose vital powers have been dissipated by the use of alcoholic or narcotic stimulants.

That the liquor traffic and the attendant intemperance tend more than any other thing to jeopardize the general welfare of humanity is a matter of common knowledge.

To make the liquor curse decent in a monastery, and it is vain to make the attempt. A hog will remain a hog, even if you put a golden ring in its snout.

BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen. The convincing power of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown. A brother, Lemuel Brown, of Avonlea, N.S., read in the paper about Hon. John Costigan being cured by "Fruit-a-dive." Knowing the Senator would only endorse a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-dive." They cured him of Chronic Indigestion and Constipation, so he urged his brother to try them.

These doctors told me that I had Liver Disease and serious stomach trouble. My stomach was very weak. I took their medicines for thirteen months and grew worse. My brother (who was cured of terrible indigestion by "Fruit-a-dive") after suffering for 15 years, recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty foods without distress and am greatly improved in every way. "Fruit-a-dive" also cured the Chronic Constipation which was so distressing to my case. (Signed) HUGH BROWN, 156 a box, 6 for \$1.50; a trial box, 25c.
