WOLFVILLE Nova Scotia

Buy at Home  
Week!

Buy at Home! That is the slogan for every  
man, woman and child in Kings County.

Why Buy at Home?

The farmer should buy at home, because the  
merchant buys from the farmer, beef, pork,  
lamb, poultry, vegetables, eggs, butter,  
milk, cream, fruit, hay, straw and oats.  
The town people should buy from the home  
merchant, because he helps to support the  
schools and churches, and contributes to  
the up-keep and beautifying of our town.  
If you eliminate the merchant you destroy  
one of the greatest factors in building up  
our country, and you are pulling down in-  
stead of building up your home town.

Therefore buy at home and boost your  
own county and town. Let that be your  
Slogan in the future.

Buy at Home Week is the Wolfville slogan,  
and I invite all the people of Kings County  
to call at my store during this week. You  
will be cordially received and relieved of  
your cash and sent home happy. My stock  
consists of **China, Glass and Earthenware,  
Fresh Clean Groceries, Flour and Feeds** is  
about complete, and during Home Week I  
will give a **10 per cent. Cash Discount** off  
our regular prices on Groceries, Flour and  
Feed and **15 per cent. Discount** off China,  
Glass and Earthenware. This means that  
you will buy a lot of your needed supplies  
at cost. Do not forget the place

**The Crystal Palace  
Grocery**

where you will get the best value for your  
money.

Buy at Home Week.

Blomidon, N. S.

The Schooner "Bennett" com-  
manded by Capt. Salter, sailed from  
Mill Creek wharf on Thursday,  
Nov. 27th, with a cargo of 3000  
bbls. of potatoes sold to the United  
Fruit Co's., Ltd. Bound for Santi-  
ago, she was the first three masted  
schooner ever loaded at Mill Creek.  
For years past the people of this  
place have felt the need of a wharf  
so that they could load a schooner  
instead of either hauling their pota-  
toes to Canning or paying 7c a  
bbl. freight to have the small ves-  
sels take them to Kingsport to be  
reloaded. Although the late gov-  
ernment built a small wharf here, it  
was not of sufficient size to be of  
much use to the neighborhood.  
After the election of 1911, A. de Witt  
Foster, M. P., was interviewed by  
parties interested in the welfare of  
the community, and received from  
him the promise that if possible he  
would build a wharf at Mill Creek,  
with the result that in 1912, Mr.  
W. H. Porter received a commission  
of \$1000 to repair the old wharf  
and in 1913, \$3300 to build a new  
block of 92 feet. The work was  
completed on July 1st, and com-  
pleted on Oct. 30th. Capt. Salter  
of the schooner "Bennett" pro-  
posed it the best wharf he ever  
saw. The people of this place are  
very grateful to Mr. Foster, as by no way could he  
have helped the people of this place  
as much as he has in this manner.  
We are in hopes to see another  
block of 100 ft built next year, then  
Mill Creek will be a Harbour where  
any vessel can lay in perfect safety.  
There has also been over 7000  
bbls. of apples shipped from this  
wharf this year by schooners and the  
schooner Brunswick. Better times  
are coming for the people of Blom-  
idon, N. S.

First Christmas Ship For England

(Halifax Chronicle Dec 3rd)

Tonight at midnight, the first  
"Christmas ship" leaves port for  
England. This year it is the White  
Star Dominion liner Canada that  
carries the first contingent of that  
great army of men, women and  
children who, rich and poor alike  
are homesick for a sight of old  
England in that merriest of her  
merry seasons.

This home going at Christmas is  
becoming a great annual pilgrimage  
which year after year as it has passed  
through the portals of Halifax has  
increased in numbers, until now  
thousands are eastward bound at  
this season of the year and the great  
steamships sailing from this port  
have their capacity taxed to the ut-  
most.

Forty-Five Steamers Loaded With Grain

Port William, Ont. Dec. 2nd—  
During the past three days 9,367,750  
bushels of grain have been loaded  
into the hold of forty-five steamers  
and carried down the lakes to East-  
ern points of distribution. The two  
harbours of Port William and Port  
Arthur have been kept in practically  
one continuous uproar for three days  
and nights owing to the feverish ac-  
tivity displayed a'long the waterfront  
by marine men and grain shippers to  
clear the steamers before midnight  
Sunday night when the old insurance  
rate gave way to a higher one.

Fire At Berwick

A fire occurred at Berwick on  
Saturday last and as a result Mr. H.  
E. Rood suffered very severely, the  
second time within a year. The  
fire started in the Fisher Block oc-  
cupied by Mr. Rood as millinery  
rooms and by A. Stanley Fisher, up-  
stairs by Mrs. Hicks as a residence.  
Mr. Fisher lost most of his furniture  
and Mr. Rood and Mrs. Hicks also  
most of their effects. The flames  
next attacked the store occupied by  
Mr. Rood. Most of the goods and  
store fittings were removed but in a  
damaged condition. The loss will  
be quite heavy.
