

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-lives"

HAGERSVILLE, Ont., Aug. 26th, 1913.
"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-lives' advertised, I decided to try them.
Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.
My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish."
B. A. KELLY.

In hundreds of letters received by the Fruit-a-lives Company, the same expression is used: "Fruit-a-lives is the best kidney remedy in the world." At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 30c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

ANERVOUS BREAKDOWN

Can Be Averted By Feeding the Starved Nerves With Rich, Red Blood

Nourish your nerves—that is the only way you can overcome life's worst misery, nervous exhaustion. The fits of depression and irritation, the prostrating headaches, the weakness and trembling of the legs, the unsteady hand and the imperfect digestion that mark the victim of nerve weakness, must end in nervous breakdown if neglected.

Nourish your nerves by the natural process of filling your veins with rich red, health-giving blood. Your nerves are crying out for pure blood and the mission of Dr. Williams' Pink Pills to make new, rich blood. This explains why these pills have proved successful in so many cases of nervous disease that did not yield to ordinary treatment. For example, Mr. W. H. Weldon, Annapolis, N. S., says: "In the strenuous life I have to follow the drain on my system was so great that my nerves became shattered, the blood impoverished and my whole system undermined. I tried a number of so-called remedies without deriving any benefit. Finally having read so much about Dr. Williams' Pink Pills I decided to try them. The result was beyond my expectation. I regained my energy; the blood and nerves were rebuilt; I lost the sense of constant tiredness I had felt and was filled with new life and energy. I have since used the pills with beneficial results in my family and will always have a word of praise for them."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

ABUSING CARVELL

The tory organs are now engaged in attacking F. B. Carvell with a vindictiveness without parallel; his purposes are misrepresented, his motives are questioned and every conceivable means taken to weaken the esteem and respect in which the people of New Brunswick hold him. In all these efforts they have failed utterly and completely.

The recent astounding revelations before the royal commission, have revealed several prominent persons in their true character. In an effort to cover up their crookedness the tory organs attack the man who helped expose them.

Let it be said that Frank B. Carvell, politically a Liberal, professionally a lawyer, and withal a man of high standing, a citizen whose politics are clean and who is recognized as a leader in his party is mentally, socially, politically, professionally and in every way the superior of the gentleman for whom the tory organs are trying to create sympathy.—Sentinel.

WOODSTOCK N. B.

The Oliver Riding Cultivator

The Oliver Riding Cultivator, stands in a class by itself, by reason of the fact that it is built right, with larger range of adjustments so it can be adapted to do good work under all conditions in the potato field. Oliver quality has a name the world over.

In Aroostook County alone sixty-five per cent. of the Potato Cultivators used are Oliver's.

The feature of the Oliver cultivator that appeals to all farmers who have used it or have seen it at work, is the excellent work that this implement does. By an ingenious arrangement the gangs are held parallel, and therefore always cut a uniform distance apart, no matter how far they may be shifted to the right or to the left. On the Oliver cultivator neither of the gangs leaves an uncultivated strip between the shovels, nor does one gang cut a narrower width than the other when the cultivator is shifted to the side.

Concrete walks need no repairs

THEY are not only best at first but are cheaper in the end than any other kind of walk. They are clean, permanent and safe. There is nothing to become loose nor are they slippery. They improve the general appearance of a house and are a source of great satisfaction to every housewife because they keep children out of the mud, prevent colds from wet feet and prevent dirt from being "tracked in" on floors and carpets. Equally important is the fact that they never wear out and never need repairs.

This free book "What the Farmer can do with Concrete" tells all about concrete walks and how to build them, and a score of other things needed on every farm. Write for it to-day.
