NEWARK PUT IT ALL OVER THE LEAFS YESTERDAY.

Newark Developed a Batting Streak—Detroit Won From Boston.

NEWARK WON yesterday's game from the Leafs at Toronto in the early stages, during which they hammered Pitcher McGinley off the mound. A home run, a triple, three doubles and two singles caused Manager Joe to apply the hook to his good right hander at the end of the third inning. He was succeeded by Wyatt Lee, who managed to hold down the Indians to a reasonable number of safeties, but his inclination toward wildness and the four errors behind him resulted in additional runs. The final count was 10 to 4.

Mueller was a complete puzzle to the Leafs until the sixth inning, when they got their first hit. Toward the end they began hitting, but the lead was too great to overcome. Score: R. H. E. Newark 10 15 0 Toronto 4 7 4

Batteries—Mueller and Blair; McGinley, Lee and Mitchell.

AT ROCHESTER. Rochester, Sept. 2.—Rochester took the final of the Jersey City series by 7 to 4 yesterday afternoon, the leaders hammering Milligan in the last three innings. Score: R. H. E. Rochester 7 12 0 Jersey City 4 10 2

Batteries—Milligan and Ryan; Beecher, Holmes and Butler.

IN THE AMERICAN. At Detroit—Detroit was forced to use three pitchers to win from Boston, the game going eleven innings, with a 5 to 4 score. Speer was knocked out of the box in the eighth and Willett succeeded him. He retired in the tenth to let O'Leary bat. The home team filled the bases in the eleventh Cobb walked, went to third on two infield outs, and scored on Moriarty's short single to right. Score: R. H. E. Detroit 5 9 3 Boston 4 8 3

Batteries—Speer, Millett, Mullin and Schmidt; Cicotte and Carrigan.

At St. Louis—Washington wound up its season in St. Louis with a defeat, 6 to 7. All St. Louis' runs were made in the first inning on a succession of

wild throws. The visitors cut down this lead and drove Powell from the box in the ninth, Graham retiring the last Washington batter with the bases full. The score: R. H. E. St. Louis 7 8 1 Washington 6 12 6

Batteries—Powell, Graham and Criger; Groom, Oberlin and Street.

At Chicago—Chicago defeated Philadelphia, 6 to 2, in a loosely played game, which was called after the first half of the eighth to allow Philadelphia to catch a train east. A two-bagger by Cole and singles by Altizer and Owens were instrumental in scoring five runs in the fifth and winning the game for Chicago. Score: R. H. E. Chicago 6 6 1 Philadelphia 2 6 0

Batteries—Walsh, Scott, Burns and Owens; Coombs, Krause, Dyrgert and Thomas.

At Cleveland—New York-Cleveland game postponed; rain.

IN THE NATIONAL. At Brooklyn—Overall shut out the Brooklyn 12 to 0 yesterday, allowing them only two hits, only one of which was clean. The visitors hammered Bell out of the box in two innings. Score: R. H. E. Brooklyn 0 2 2 Overall 12 16 1

Batteries—Overall and Archer; Bell, Finlayson and Bergen.

At New York—St. Louis outbatted New York, but was beaten 9 to 6 because the locals followed the gifts of the visitors' pitchers with timely hits. Manager Breanahan, of St. Louis, was ousted from the game by Empire Esquire for disputing a decision, and Pitcher Raymond, of New York, had to retire in the sixth after being hit on the nut by one of Backman's curves. Score: R. H. E. St. Louis 6 11 2 New York 9 14 0

Batteries—Lash, Backman and Myers; Raymond, Crandall and Myers.

At Philadelphia—Cincinnati won both games of a double-header from Philadelphia yesterday. Poor fielding featured both games. Manager Griffith, of Cincinnati, was banished from the field in the first game for disputing with Umpire O'Day. Score: R. H. E. Cincinnati 9 11 4 Philadelphia 4 6 6

Batteries—Morin and Dooin; Ewing and Hodder.

CRICKET

Both Men Will be Overweight and Will Put Up a Bruising Fight.

SOME REGRET that Stanley Ketchell and Sam Langford, the greatest of the modern school, will not have it out to a finish, but as they are to fight in New York there will be no chance. The bout is scheduled, for ten rounds, but in the opinion of those who know things pugilistic, the limit will be reached with both men on their feet and hitting a fast pace. Both know the long distance game and know it well, and in a contest of such short duration there is certain to be some milling that will set the bugs who see the affair afire.

The battle which is down for decision next Friday undoubtedly will be attended by the greatest crowd that has swarmed the inside of a New York club since the Horton law went into effect several years ago. The caliber of the men makes this certain, for Ketchell is a champion and a real one, while many are of the opinion that Langford would have worn the crown long ago had it not been for his color.

A comparison of the two men is not of line. That it is hard to "dope" them is due mostly because of Langford's style of fighting. The Boston negro has the ability to change his style to jibe with the way his opponent is milling, while Ketchell's way of battling is more in the set line.

Therefore it is plain that Langford's line of slugging will depend entirely on what Ketchell may do, and for this reason the result of the bout most entire-

ly lies in how effective his style will be against the style which the negro may adopt in the ring. Perhaps never in recent years has a big fighter—one past the welterweight mark—made a greater improvement in his style of fighting in a short time than this same Stanley Ketchell. When he first fought Billy Papke at Milwaukee and earned a ten round verdict he was credited with much cleverness and magnificent punching ability. But his one weakness at that time did not show itself the way it did later on. This weak department of his fistful makeup became evident in his second battle with the "Thunderbolt," in which he was knocked out, as at that time he showed a woeful lack of knowledge in the game of stalling and covering up when in distress. Had he been able to protect himself when in trouble the result of the battle might have been the reverse, with Ketchell the victor. At any rate, it is not likely he would have been knocked prone on his back for the ten count.

Before the third meeting between the two and the one that resulted in Ketchell's knocking out Papke, Stanley gained in knowledge. He practiced stalling and covering up and had it over Papke by a long margin, certainly showing the value and efficacy of this department. While he was training for his battle Ketchell received a few pointers from James J. Corbett.

HENDRIE'S SHIMONESE WON EVENT FOR CANADIAN-BREDS.

Prince Ahmed Carried 124 Pounds and Won the Mile in 1.38 3-5.

PRINCE AHMED ran one of his best races in the mile handicap at Fort Erie yesterday and when the spectators saw the King Hanover horse defeat a crack lot in a hard, driving finish with 124 pounds up and the time, 1.38 3-5, a scant fraction away from the track record, they appreciated why he has long been regarded as one of the best horses ever sent out from the southwest, and why he is the apple of the eye of H. G. Bedwell, his present owner. Prince Ahmed, thanks to his heavy impost, was a rather neglected first choice, opening at 2 1/2 and receding to 12 1/2 at Fort Erie. Meadow was next fancied at 3 and the speculators liked the others in this order: Tow Hayward, Lady Esther, Martin Doyle, Emperor William, Little Osage. When they got the word it was to a perfect alignment, but Emperor William propped himself and was as good as left. Little Osage darted to the front and Hogg opened up a three-length gap and evidently sorrowed because he could not make it larger. Little Osage gamely hung on to his advantage to the three-quarter pole, but there they closed in on him. Prince Ahmed, which had been closed up, passed him and then Tom Hayward and Meadow followed in order. The Prince stood a hard drive down the stretch and won out by half a length from the persevering Meadow. Tom Hayward was third and Little Osage fourth, a neck in front of the fast-coming Lady Esther. Martin Doyle, the Turney crack, made his first appearance here in some time, but was not the old Martin Doyle.

Although a chill, cold wind swept the grounds and rain threatened, the attendance was again big and the racing of excellent quality, the handicap being an unusually fine contest.

The opening dash for the Canadian broods, went to the Valley Farm's King Plate winner, Shimonese, which was selected as a top-heavy choice by the talent. Selwick won the maiden dash for the Turney stable, at the favorite's price. The steeplechase winner turned up in the Flippen mare, Lizzie Flat. Canvas led the way for a turn of the field and then, hard pressed by Class Leader and Lizzie Flat, made a poor landing at the Liverpool. Lizzie Flat, making the best jump, raced by the other two and took the lead. She gradually increased her advantage over Class Leader and won by ten lengths. Bergoo, the first choice, ran a poor race under his 152-pound and came back out from contact with the fence. Saint Jeanne beat the favorite, Anna L. Daley, in the sixth, being in front all the way, backed from 5 to 3 1/2. The Buffalo filly, Grenesque, made pace for a mile of the mile and sixteenth jour-

ney, but could not hold the advantage, being passed off by Florsal, the favorite, and Kenmore Queen at the close.

The judges handed down a ruling yesterday, refusing further entries at the meeting from M. E. McHenry, charged with disorderly conduct in creating a disturbance on the grounds.

After the sixth race, L. J. Ward, who had in the past claimed P. Leppert's filly, Anna L. Daley, paying \$900 for the daughter of Lissak—Anna Hastings.

Books for the Woodbine meeting of the Ontario Jockey Club, September 18-25, have been distributed among the horsemen. Summary:

Time, 1:47. McNally, Schleswig, Harkaway, Dunvegan, Agnes Wood, Peligroso, Harting, Woolstone, Finney, Barridge and Conville also ran.

ATHLETICS

Billy Carroll has received fifteen entries for the ten-mile road race on Labor Day, and as the list does not close until tomorrow night he expects that he will have double that number. Judging by the entries already received there will be a number of strange runners in the race, as some of the names are not familiar to local distance running enthusiasts. The race will start at 10:30 on Monday morning. The runners this year will have the advantage of a couple of miles of new sidewalk to run on. Cement walk has been built this summer to replace the old board walk which was in such condition on Barton street that the runners were taking a chance in attempting to run on it.

A big searchlight is being installed at Britannia Park for the big athletic meet to be held next Monday night, and there is no doubt about there being enough light. The twelve big arc lamps along with the searchlight and numerous incandescents will make the park almost as light as day, and the different events can be easily seen from any part of the grounds. The entries for the road race and night events close tomorrow night with Billy Carroll or with Charles J. Weber, 55 John street north.

The President of the C. L. A. has notified the executive of the junior Tigers that Newark will be here on Saturday afternoon at 3:30 to play a semi-final game. The followers of the national game will not be disappointed if they turn out, as the game will be played in the very best of shape. The Newark team has got the name of being a very hard one to beat, going through their district without a loss. The Tigers have a full practice to-night at Victoria Park at 7 o'clock, when Manager Ratelle will attend to the home and Rev. E. G. Saunders will coach the defense. This will be their final work-out, and everything is being done to put the team in the very best of shape. GRIDIRON GOSSIP

The M. A. A. Rugby Club suffering apparently under the curse of a common hoodoo, starts out the season in a very weakened condition. Captain Teddy Savage retires.

The fact of his retirement has been known for a month past, but the special request of President Wally Hager, was kept quiet till the last possible moment for fear of the evil effect which the news would have on M. A. A. followers and backers. The fact that Mr. Savage is to undergo a severe examination interferes with his Rugby aspirations and his loss will be felt deeply.

Tommy Stinson, the former Hamilton boy, is to captain the team. Several new men from out of town are being spoken of, and there is even talk of bringing out some of the Old Brits.

The first note of the Rugby season in Ottawa will be struck to-night, when the Ottawa club officers gather at the O. A. C. to draught out the plan of the season. The following night the players of both the senior and intermediate teams and all candidates for places on either team will meet at the same place. It is hoped to get the men out for practice early next week.

Jimmy McQuig, stroke of the Ottawa junior and intermediate four which carried off both those championships at St. Catharines this year, will turn out and fill the vacancy left on the wing by Basil Agnew. McQuig is one of the huskiest men about Parliament Hill, and has played intermediate Rugby three or four seasons.

Bert Stronach announced yesterday that his injured knee still troubled him and he had definitely made up his mind to step out of football this year and would take it up next, when his injuries were thoroughly healed.

The quarter-back position is in doubt on account of the intention of trying to bring out Frank McGee. Last year's quarter, Mart Kill, is being tried for a wing or back position on account of his speed. Should McGee not come out Stewart Christie looks the choice for quarter.

Several paddlers will turn out this season with the Ottawas. Art Plaunt, of Britannia, says he will be in the game.

Pat Cowan, the former McGill player, who is now in Ottawa, is almost sure of a place on the Ottawa Rugby team in the Interprovincial this fall. Cowan had another interview with President Nagle yesterday, and has decided to remain in Ottawa. Dr. Nagle states that Cowan had few superiors when he played with McGill in the Intercollegiate Union, the Ottawa President believing the club very fortunate in having such a crack player available. Cowan will be out with the Ottawas for their first practice about the latter part of next week. He has not played for a couple of seasons, but a few workouts will suffice to put him in the pink of condition.

Another youthful player, of whom the Ottawa officers expect much, is Gerald Dunne, who played with the College team in the City Hockey league and who also played football with McGill. Dunne will remain in Ottawa this fall.

Madge—Is it good form for a girl to wear such an abbreviated bathing suit? Marjorie—I guess that depends altogether on whether the girl has the good form.—Hartford Times.

London is fortunate this year in the presence in the city of Mr. Percy Scott, a Rugby fan of the best type. Mr. Scott, who is at present employed in the Perc. Marquette offices here, is a member of the backbone of the Parkdale Game Club Rugby team, which has figured largely in the game of late years. Mr. Scott has promised his best efforts to helping the game in this city.

Mr. W. P. Irving, who leaves next week for Vancouver, will also be present at the meeting and give a helping hand in starting things.

Several new players are now living in the city, including two or three at the Hotel for the Insane. These men, added to the start of last year's team, should put London on the football map in large type.

London has always been represented in this popular sport, but has had difficulty in arousing the proper enthusiasm at the start of the season, with the result that they have been generally put out of the running before they have got properly started. To remedy this it has been decided to get an early start. At the meeting to-morrow night an effort will be made to arrange for practices at once.

COMMENT AND GOSSIP

Reports from Johnson's training quarters at San Francisco state he is overweight. We rather expected to hear he had a pinched appearance.

Replying to a question as to how automobile racing an elliptical speedways can be made safe, we timidly suggest the use of the formula by which we made the Indians good.

Ralph Bowron, the well-known Hamilton athlete, who has been in Fort William for the past year, has accepted the assistant physical directorship of the Ottawa Y. M. C. A. in Canada. Ralph will assist Percival Lee, one of the best-known Y. M. C. A. officers in the country, and his many friends will be pleased to learn of his success.

Great interest is being taken in Toronto in the Hamilton Rowing Club's regatta at the Beach on Saturday, and a big deputation of the Queen City enthusiasts will journey to this city for the sport.

The bay has been rather rough for the past week, and this, coupled with the cold weather, has made practising conditions rather trying for the rowers. The local eight has been out every night since the arrival of the shell from Toronto last Saturday, and notwithstanding the unfavorable conditions they will be in shape to give a good account of themselves when they line up against the fast Argonaut and Don sights. Coach Don Cameron says the boys row well together and expects them to win.

The following will represent the Argonauts: Junior singles—N. B. Jackes. Working boat four—Jim Snence, stroke; Frank Sheriff, No. 3; Myer, No. 2; Kerland, bow.

The good eight, stroked by Charlie Turner, will also be here. It will probably be intact except for Lyall, who was injured by a street car the other day and will not be in shape. The eight will row senior as they won the intermediate class at the Detroit regatta. A shell four will be entered as well, probably the first four of the eight, except yall, whose place will in all probability be taken by Nightingale. Consequently the shell four will be Turner, stroke; Green, No. 3; Gregory, No. 2; Nightingale, bow.

Jackes rowed in good form at Henley, and took his event easily. As for Turner's eight, they only miss being senior champions of America by a few feet in their heart-breaking loss at Detroit against the speedy

New Yorkers and the rest of the big list.

A delicate point in amateur athletics came up at the Jolly Good Fellows' picnic at Bay View yesterday. One of the starters in the baseball race weighed out with a pint flask as a part of his equipment. As he jogged around in the race he found the flask resting heavily on his hip. He proceeded at regular stages to shift the burden to his stomach, where he figured it might rest more easily and at the same time lighten his courage while unhampering his stride. In the course of his journey he decreased his external weight to the extent of one pound. His finish and the finish of the contents of the flask were simultaneous. Now the question is: Had he completed the journey and secured a coveted position, would he have been disqualified for weighing in with less than he weighed out with or more?

At this same picnic a gentle baseball argument between the Willie Pink and Bay Fronts, lasting some nine innings, was finally, with many interruptions for wet refreshments, decided in favor of the latter by a score of 14 to 12.

Towards the end of the picnic it was noticed that some of the players had difficulty in holding their centre of gravity.

This peculiar condition was very marked in the Pink's slab artist, who vainly tried to deliver his slants while holding his body at various degrees of horizontality.

The ratification of Jeffries of Berger's agreement with Johnson which has just been received by cable means nothing. Berger and Johnson when they signed tentative articles of agreement in Chicago recently stipulated that forfeits must be posted in the hands of a stakeholder within forty-eight hours. No money has been posted, which means that a new set of articles must be drawn up and signed when Jeffries returns from abroad. Berger, in California, says he is considering offers for the mill, but as Jeffries will not be ready to fight before next April or May, if then, there is apparently no hurry about the selection of the battle ground. The date for the Johnson-Ketchell fight at Colma will probably be postponed from October 12 to the last week in the month. That is why Ketchell is taking his time about meeting Langford. Johnson has already expressed satisfaction with a later date for the Ketchell battle, as he says it will enable him to train down to the best possible form. The Langford-Ketchell match is prevented by the National A. C. of Philadelphia will offer a big purse for a six-round bout in that city.

It is sometimes difficult to distinguish between a chaperone and a matchmaker.

WEATHER INTERFERED WITH H. D. C. MATINEE.

THE COLD weather yesterday had rather a disparaging effect on the attendance at the Hamilton Driving Club's matinee at Maple Leaf Park. Nevertheless a fair-sized crowd was out and the class of sport provided amply repaid them for their attendance. No records were broken, as the weather was too cold for that, but the finishes were all close and exciting. In the second heat of the class A race, driver Turner narrowly escaped serious injury. He was driving Johnnie A. and in some inexplicable manner, while coming down the back stretch, the horse tripped and turned a complete somersault, and Turner did a stunt that beat the cars on the circle swing. Fortunately beyond the breaking of a shaft, no damage was done. No matinee will be held on the holiday, the club deciding to stick to the regular Wednesday afternoon matinees.
