Officials of International Union Giving Information Concerning Dynamiting Couspiracy—No Promise of Immunity — Darrow's Name Brought Into the Enquiry.

Indianapolis, Ind., Dec. 17.—That

one or more officials or the International Association of Bridge and Structural Iron Workers are surrendering voluntarily to the government, information needed in the investigation of an alleged nation-wide dynamiting conspiracy against struc-tural iron contractors, who maintain the "open shop" was made known last night in statements by representatives of the National Erectors' Association. Witnout resistance being offered, letters and records have been conveyed by detectives engaged by

the United States DistrictAttorney, it was announced. "No promises of immunity to men suspected of complicity in the dynamiting conspiracy have been made by the government," declared Charles W. Miller, the district attorney. "But, of course, we will accept evidence from any direction to be presented to the grand jury when it resumes its

ociation in this city to the office of

ession next Thursday." "I have got the evidence from the office of the Iron Workers' Association," said Detective Robert Foster, of the Erectors, Association, "but I will not say who turned it over to me. Certainly if it had been neces-sary we could have obtained a search warrant and made a raid, but this was not necessary."

In the face of the announcemen

of the Erectors' Association's repre sentative, Herbert S. Hockin, secretary of the Iron Workers' Association, fatly denied tonight that any papers had been taken form his office. The Erectors' Association and the Iron Workers' Union stood now as anta-gonistic as they had or the last five years, he said. "I have entered no negotiations with the erectors or with the Federal authorities," he added. 'I am not seeking immunity and there would be no reason for me to come through. The authorities can get anything in this office through the legal means provided but nothing has been given out or taken by force since the raid on this office last April, when John J. McNamara was arrested and

a mass of our records seized."

When apprised of the testimony in the Franklin hearing. Attorney Darrow said: "Whatever Franklin and Lockwood said. I know nothing at all about it. I had nothing to do with getting to any jurors in any way."

Franklin underwent his preliminary hearing here today before Justice Toung. The case aroused great interest because of the uncertainty as to how much might be developed outs'de of Franklin's own case.

When apprised of the testimony is on Monday the value of money orders issued at the local post office exceeded all previous records. The number of orders was 78, and the total value was \$392.51. Postmaster foucar has secured the contract for conveying the mail to the G.T.P. station, where a service will shortly be given.

The fees' received from patients during the past month at the Camfose Hospital totalled \$400, which

rested.

Whit testified that Franklin came to him one day and related that the prosecution in the McNamara case was using thousands of dollars to gain a conviction, and that he, as an employee of the defence, was going to use the same tactics. White declared Franklin said:

The formal opening of the \$20,000 addition to the public school will take place on the expline of Lanuary 5th.

"We have already two accepted jurors with us," said Franklin, according
to white's testimony.

Lockwood follswed on the Stand and
corroborated White's testimony.

Lockwood declared he rejected

advice of the district attorney. The
first offer, Lockwood said, was of
\$2.000; the final one of \$4.000.

When the matter finally was brought
up, Lockwood said Franklin brought
in Darrow's name. In a subsequent
telephone conversation, Lockwood, said
Franklin asked if he should bring the
"big one out." and was told to do so.

"When he arrived." said Lockwood.
"Tasked him why he did not bring the
big one out." and was told to do so.

"When he said: "Did you think that was
Darrow?" and I said yes.

"No." said he, "that is Cap. White."
Robert Bain, a sworn juror, testified
that Franklin gave his \$500, prom'sed
\$3,500, and said to him: 'Darrow gave
me \$20,000 to use."

Lockwood declared he rejected

Mr. Hockin was asked.

"Certainly not," he answered.

"There is no truth in the report that run in a north-easterly direction to meet the Goose Lake extension from Saskatoon at Kindersley. From this point the C.N.R. line, partially constructed from Strathcona to Camrose, can be extended in as straight a line as possible, thus giving through connection from Winnipeg to Edmonton. As far as can be judged, the distance

be more than 150 miles. This is a stretch of road on which it is expected operations will begin out of Camrose next spring. It is known that the survey will present very few engineering difficulties. Coal mining activities in the Camrose district will be further increased by the development of a mine on the Smith farm, east of Camrose. Coal has been found in large quantities on this quarter, and Mr. Smith, who is a railway contractor at Prince Rupert. has decided to secure a spur track frem the C.P.R. and operate the mine on an extensive scale. In the last of July the oats were about five feet high and falling down so they were cut for green feed. The stubble kept on growing and headed out when nearly two feet high. It was cut the second time on September 20th. The stubble was still green on September 25th. But winter will gather the third cutting. Rocks and roots do not bother the breaking. They used from four to eight horses on a suky gang plow breaker, turning two sixteen-inch furrows at the rate of sixteen-inch furrows at the rate of from four to eight acres per day, according to the time the sun set.

These stories of settler's development emphasize the possibilities of agriculture in Peaceland. They are fairly well representative of what the actions have done and propose to do settlers have done and propose to do in the progressive devlopment of the Peace River.
