**ALLIES REPULSE ATTACKS.**  
PARIS, Sept. 29. On our left wing along the River Somme, the French official statement issued this afternoon says the Germans attempted numerous attacks which the allies repulsed.

**OFFERS TO SURRENDER.**  
PARIS, Sept. 29. Late afternoon despatches declare that Von Kluck's army is in peril because the line of communication has been cut, also that the German right is retreating between the Aisne and the Somme. This is not official. It is reported here that General Von Kluck has offered to surrender to General Joffre if allowed to retire to German territory.

**NOTHING NEW.**  
PARIS, Sept. 29. An official communication issued to-night says: There is nothing new in the situation.

**RETURNING HOME.**  
NEW YORK, Sept. 29. The Belgian Commission, appointed to place before President Wilson alleged instances of German atrocities in Belgium, will sail back home tomorrow on the White Star liner Adriatic. The Commission has visited several American and Canadian cities.

**RELIEF OF BELGIAN REFUGEES.**  
LONDON, Sept. 29. England has come to the relief of stricken Belgian refugees with such spontaneous magnanimity that refugees are forced to decline the flood of offers of shelter. The authority for this statement is Lord Gladstone, who is now a leader in the committee work.

**GERMANS USING HEAVY SIEGE ARTILLERY.**  
PETROGRAD, Sept. 29. The following official communication from the Chief of the General Staff, regarding Russian operations, has been given out here: Russian troops are driving fast on the offensive in the forests of Augustow, in the Russian Poland Province of Suwalki. The Germans are using heavy siege artillery in the bombardment of the fortress of Osowetzel. The attempt by the German infantry to close in on the fortress has been checked. On the front at Galicia, the enemy has been greatly reinforced and shows much activity. Serious undertakings by the garrison of Przemyel have not been successful. Many prisoners, a number of cannon and some stores of ammunition, have fallen into our hands. The Austrian retreat in Galicia continues, great confusion being noticeable in their ranks.

**RE-OCCUPIED CONGO TERRITORY.**  
BORDEAUX, Sept. 29. It is officially announced that the French forces in Equatorial Africa have re-occupied the greater part of the Congo territory ceded to Germany by treaty in 1911.

**WELSH ARMY OF 50,000.**  
CARDIFF, Sept. 29. Lloyd George, in an address to-day, referred to the Government's decision to raise a Welsh Army of 50,000. He said that Glamorganshire had already recruited 24,000, and Monmouthshire 12,000. He pointed out that under conscription, Wales would be compelled to contribute a quarter of a million men, but that a voluntary army of 50,000 would be just as good as a forced army of five times that number.

**ENEMY DRIVEN FROM POSITION.**  
LONDON, Sept. 29. The Japanese occupied all the high ground outside Taining Tau, seat of the Government of the German concession of Kiao Chan, overlooking the Germans main line of defence, before noon on Monday, says a statement given out by the Official Bureau to-night. The communication continues: We began an attack on advanced positions 2 1/2 miles from the

enemy's main line at dawn. In a spirit of fierce flame from sea and land, and drove the enemy from his position.

**FIVE BRITISH STEAMERS CAPTURED AND SUNK.**  
LONDON, Sept. 29. The Official Press Bureau has issued the following statement by the Admiralty: The German cruiser Emden has captured and sunk in the Indian Ocean the British steamers Timerie, King Lad, Ribera and Foyle, and captured the collier Bursk. The crews were transferred to the steamer Grypedale, which also was captured, but later released in order to take the crews to Colombo, where they arrived in the morning.

**GERMAN ACTIVITY.**  
ROTTERDAM, Sept. 29. Activity along the Belgian frontier indicates that the Germans are planning for the siege of Antwerp. Within a few days, more than 20,000 men, German naval reserves have been brought from the North Sea towns of Kiel and Hamburg to Brussels, and are being held in readiness to serve on an improvised German fleet should Antwerp and Ostend be taken. As a direct result of this move the Dutch authorities along the Scheldt have increased their watchfulness, for during the siege of Antwerp, Belgium might like to send reinforcements through the Dutch Scheldt, which would be a breach of neutrality while on the other hand a German victory would bring the danger of an attempt on the part of Germany to use the mouth of the Scheldt as a base from which to attack the British Naval forces in the North Sea.

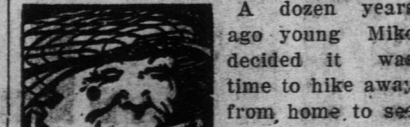

**GERMAN NAVY ACTIVE.**  
COPENHAGEN, Sept. 29. Travellers here from the Kiel Canal say that the Germans are busy placing ordnance, which the Krupp works have been experimenting with for the past two years, on armoured cruisers and dreadnoughts. The Canal is described as being crowded with warships. The arsenal is very busy day and night. Long trains are arriving continuously with immense guns for the ships. The whole fleet will soon be ready for the fight.

**Red McGhee says:**  
A dozen years ago young Mike decided it was time to hike away from home to see if baseball could not keep him fed. He wandered where Ma Fortune led an' hit Schneetady. Then back to Springfield a l-d-O-high-O. Great stories soon began to flow of Mike's heroic stunts. An when the Cubs signed Mike the town went doggone nearly upside down—they all went bugs at once. Mike stayed in Cubland quite a while till Evers led him to the stle an' turned it after him. Last year that was. But Pirate Clark decided Mike still had some spark that might be made less dim. Well, Mike an' Pittsburg didn't hitch an' he made another switch a couple months ago. He went to Foxey Griffith's clan when Griff was dyin' for a man to work in left an' show. They'd written R. I. P. on Mike. The experts didn't think it like he'd last the season out. Come back. Why, say, he's like a colt. His fieldin' took an upward bolt an' how that man did clout! I don't think Mike could do himself what's saved him from the hasbeen shelf. It's pretty hard to say. The change o' leagues it may have been—but Mike don't do no worryin'. He says he's back to stay.

**Where Responsibility Lies.**  
No matter how large, or how small, a business may be, nobody can deny that its Office is the nerve centre of the firm. Every transaction, important or trivial, must be recorded at the Office. An order is received at the Office, its history is recorded at the Office, and finally payment is received at the Office. If the Office makes an error the firm stands the loss. That's why you must be sure that your office is modern and dependably equipped for the care of all important papers. To do this effectively you need the up-to-date equipment of the "GLOBE-WERNICKE CO." When sixty offices in St. John's have found this necessary this equipment can surely be of use to you. Mr. Percie Johnson represents this world known firm in Newfoundland.—sep17,tf

The prices on "Stafford's Liniment," "Stafford's Prescription 'A'," "Stafford's Phorotone Cough Cure" remain the same as when we placed them for sale in Newfoundland 3 years ago.

If you have contracted a Cold in some way or other and this Cold has developed into a Cough it would be advisable to try the following treatment:—

**SIR CHAS. STANFORD** born 1852, Irish musical composer and conductor. He stands in the front rank of British composers and his productions comprise operas, choral-orchestral works in various forms, symphonies, chamber music and numerous songs.

**LORD ROBERTS** born 1832 at Cawnpore. Commonly known as "Bobs," he won his V.C. in India during the Mutiny. He saw much service in Afghanistan and also in the South African war. Though 82 he is able to take his part in this Great War and for a number of years has been advocating military training, especially with the rifle, for all.

**GEORGE WHITEFIELD** died 1770, aged 56. Associated for a time with John Wesley he left the Methodists on a point of doctrine and thenceforward simply preached as an evangelist, allying himself with no sect, but expounding Calvinistic doctrines with fervour and eloquence.

**TO TOMMY ATKINS.**  
(By a Yankee.)  
Of course, we're strictly "neutral" and we shouldn't say a word. About the mess that started when the Kaiser drew his sword.

It isn't our drum picnic or our business, that is true. But you're our own blood-brothers, and, Tommy, we're with you.

Our fathers fought beside you in wars of long ago. And then we had to lick you once, but that is past, you know.

'Twas nothin' but a family row, we fought as brothers do. And now, old Tommy Atkins, you bet that we're with you.

Minard's Liniment Co., Limited.  
Dear Sirs,—While in the country last summer I was badly bitten by mosquitoes, so badly that I thought I would be disgraced for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly,  
W. A. V. R.

**Obituary.**

**MRS. JESSIE REDSTONE.**  
There passed away yesterday at her late residence, South Side, Jessie E. Redstone, after an illness lasting over a year. This is the third death in the Redstone family within six months, which makes the sorrow of the surviving children almost beyond human endurance. On April 9th last Mr. Redstone died while on the way here from England, on July 26th his little son died, and yesterday the six children who were mourning the loss of a father and brother while attending to the wants of an invalid mother, were deprived of her too, thus leaving them alone in the world.

To the children and relatives the Telegram extends sincere sympathy in their sad bereavement.

**An Old Veteran**  
Laid to His Final Rest.

All that was mortal of the sergeant and veteran soldier George Winstony was laid to rest yesterday afternoon. The funeral was very largely attended. Deceased was employed in a handsome outfit, which was covered with beautiful floral wreaths. The hearse was preceded by a squad of Volunteers and followed by a large concourse of citizens. At the R. C. Cathedral Rev. Dr. Greene officiated, and interment was at Mount Carmel Cemetery.

**Volunteer Notes.**
