NOTICE!

Those who have not made application for telephone service within the past month or two should do so as soon as possible.

This applies also to present telephone subscribers who want additional telephones installed.

It is expected that the new telephone system will be in operation within nine months, meanwhile the Company will continue to operate the present telephone system which it has taken over from the Anglo and Western Union Telegraph Companies.

Applications made now will assist the Company materially in laying out its cables and lines to the best advantage and much less time will be lost in supplying applicants with telephone service.
