### A Shameless Confession

"English as she is Japped" is the term given by Anglo-Saxons in the Orient to the weird effect sometimes produced by the Japanese in their efforts to employ English in their shop signs. This Oriental

capacity for using our mother tongue with strange twists of unconscious humor is perhaps no better exemplified than in the wording of a sign on a Japanese baker's shop: "A Kashin-uru. Biggest Loaf in Tokyo."—American Mutual Magazine.

### EXCITING RACES FEATURE PROMENADE BAND CONCERT.

The Prince's Rink last night was the scene of a Promenade Band Concert by the United Bands of the C.L.B. and C.C.C. Bands, and some very exciting races. The sports side of the programme was the attraction for many, and those present followed the events with increasing interest. The first event on the programme was the 2-Mile Race, in which three competitors took part. L. W. Linegar, Gover Stone and Clifford Stone. At the start C. Stone took the lead, with brother Gover second, followed closely by Linegar. The pace was hot from the outset and much excitement was evinced. At the one mile mark C. Stone, in the lead, crossed over in 5.28. Running into the 24th lap Linegar put on a spurt and went to the front, but the Stone brothers were not to be denied and quickly passed out to the front with C. Stone again in the lead. A merry chase then followed between the brothers for the honors, and it was not until the 42nd lap did Gover Stone take the lead. The remaining six laps of the course were covered in quick time, Gover Stone increasing his speed in the final lap, winning out over his brother by eight yards in the time of 16 min. 23.4-5 seconds. Linegar finished a good third. The 1-Mile Walk was won by Grant Burnett in the splendid time of 7 min. 57.2-5 seconds. Ted Piercey, the local indoor champion was unable to compete, much to the regret of the gathering. Mr. W. Case substituted for him and made a very good showing for his first race. The Relay Race, between T.A., Holy Cross and Mr. Cashel, of the Junior Football League, proved to be a very exciting event, but there was general disappointment when the winning T.A. team were ruled out by the Judges, claiming one of the runners had committed a foul on the north corner. Holy Cross took the lead, closely followed by the T.A. until the last lap, when Nikosey, for the latter team, forged ahead and won out by 10 feet. Following the races the prizes were presented by Hon. Tasker Cook, who gave each competitor a hearty handshake and congratulated them on their prowess. The musical side of the

programme was then taken up, and a very enjoyable time was spent by the gathering in dancing until 11 p.m. when the evening's entertainment concluded.

### GUARDS HOCKEYISTS ELECT OFFICERS.

A very enthusiastic meeting of the Guards Hockey Club took place in their rooms last night, with H. J. Wratt, President of the Association, in the chair. The meeting was called for the purpose of making arrangements for the approaching season's games, and a large number of players turned out and again signified their intentions of competing. The annual election of officers took place and resulted as follows:—

Manager—Gen. Marshall.  
Captain—W. J. Clouston.  
Vice-Captain—H. Coultas.  
Secretary—A. H. Thomas.

Votes of thanks were passed Mr. Gus Herder and Mr. Stan Lumsden, retiring Manager and Secretary respectively, for their yeoman services in the past. The Guards will have practically the same line-up as last season and, with the addition of some new blood, they feel confident of placing a strong team in the hockey arena. The players will begin preliminary training in a few days.

### M. C. WINS INTER COLLEGIATE FOOTBALL CHAMPIONSHIP.

The inter collegiate football championship for the season of 1925, was decided on St. George's Field yesterday afternoon, when the Collegians won the honors for a second successive season, by holding the St. Bon's team, runners-up, to a draw, no goals being scored. Great interest was centered in the clash, and a large attendance of rooters from the various colleges were present. The afternoon was by no means suitable for the playing of football. A northerly wind swept across the field, making it impossible for the players to control the ball, and very rarely did either side get the leather within shooting distance of goal. Time and again the ball was swept to the southern side of the field, and the exhibition, which was expected to be a good one, was marred in this respect. The game really resolved itself into a game of throwing the ball into play from the touch line. Both teams were at full strength, and under the conditions, they did exceptionally well. The Collegians had the best of the game throughout, and they are richly deserving of the championship.

To Captain Max Whelan and his team, the congratulations of the other colleges and the many fans who witnessed the games, are being extended, and they are deserving of them. Throughout the entire season they have played a splendid brand of football, and showed the result of hard and persistent training. The following is the personnel of the winning team:—

Goal. H. Drover; backs, J. Rabbitts, G. Whiteley; halves, J. Forbes, M. Whelan (Capt.), K. Marshall; forwards, A. Johnston, J. Butt, F. King, J. Barbour, H. Puddister. Mr. H. Coultas refereed.

### Life in Russia

HAFORD, Sask., Oct. 30.—Despite the eight-year-old rule of the Soviets, conditions in Russia are very unsettled to-day, according to M. Voloshin, a newcomer from Soviet Ukraine and a graduate of one of the Soviet high schools.

Personal property, he says, is still rather insecure on account of depredations of bandits and thieves, while the government is almost entirely under the control of the Communists, the vast number of whom, according to Mr. Voloshin, are youths.

The village life, he said, is entirely different to what it used to be. Instead of a "Starost" or overseer, the village now is ruled by a society. In the community there are various political organizations, chiefly pro-Communist and which exercise a powerful influence over the populace. There is the committee of all land owners and the "pioneers" both bodies operating as a kind of elementary school of training. To become a full-fledged Communist, a youth must have served his apprenticeship in either of these junior parties.

These two political organizations, Mr. Voloshin asserted, are all-powerful in the villages and cities and although they are independent of the government, exercise a strong influence there.

Instruction in the schools is now given in both Ukrainian and Russian. These languages are used for extensive Communist propaganda. Punishment of pupils in or out of school is prohibited by law, but the teacher or parent can be punished upon the child's own complaint.

A good crop this year and a recent edict bringing about a drastic tax reduction, Mr. Voloshin said, has greatly strengthened the morals of the peasants generally, but farming methods in Russia, he intimated, were very antiquated when compared with those he had already observed in Canada.

Mr. Pethick Lawrence, M.P., on Debts

"The case between France, Britain and America is somewhat different. Both France and America are highly prosperous, though the former, through disinclination to being taxed and continued military expenditure, has a difficulty in bringing about a balance in her Budget," writes Mr. Pethick Lawrence, M.P., in Foreign Affairs, dealing with international debts.

"Broadly speaking, America stands on the letter of her bond, though she is willing to be generous about details; France, though she does not repudiate the debts, lets it be known that she would regard it as the 'best' thing to cancel them.

"Britain is in the unfortunate position that whatever we do is suspicious even when it takes the form of sacrifices on our part. When we agree ourselves to pay America in full the French say we are giving away the principle which they believe in. When we agree to forgo part of our debt from France, the Americans say we are queering their pitch.

"A perfect solution is therefore impossible, and it is in line with tra-

ditional British policy to fall back on a compromise which will not make any attempt at settling the original difficulties, and will satisfy no one. And yet what else are we to do? There are occasions, as John Morley once said, when no really good course is possible, the only thing to be done is to select the least unsatisfactory of a choice of bad ones."
