

HEALTHY OLD AGE

Pe-ru-na Invaluable for the Catarrhal Diseases Peculiar to Old Age.

In old age no matter how healthy the person may be there is a tendency to coldness, sluggishness of the circulation, inadequate digestion of food. Such a condition is not exactly a disease, but is one of the inevitable consequences of old age. Peruna is peculiarly adapted to these conditions which result from old age. It spreads a grateful warmth throughout the whole system. It invigorates the circulation. It increases the digestive powers. In short, it mitigates all of the symptoms which are directly caused by old age.

Peruna never fails to be of inestimable worth to old people. It prevents premature wrinkles. It gives health and elasticity to the skin, and under its use the slowness and wizened expression disappears. It has been stated over and over again in letters from old people, that "Peruna has made me look twenty years younger."

In old age the mucous membrane becomes thickened and partly loses their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peruna corrects all this by its specific operation on all the mucous membranes of the body.

Mrs. Jerusha M. Crane, Deerfield, Mich., writes: "I must claim you as a friend, for you have cured me of my suffering. I cannot speak too highly of you and your Peruna, for I believe it has saved my life. I suffered with my head, throat, lungs, stomach, intestines and bladder (systemic catarrh). I am now feeling well, thanks to Peruna. I can eat anything I want and it does not hurt me. I can sleep, and get up feeling well and good. I am so thankful that I found your Peruna. I am almost 71 years old."

A New Man at 79.

Major Frank O'Mahoney, West Side, Hamilton, Mo., writes: "Up to a few years ago I felt no need to test my medicinal potency, but lately when my system needed it, your Peruna relieved me of many catarrhal troubles. Some two years ago I weighed 210 pounds, but fell away down to 165 pounds, and besides loss of flesh I was subject to stomach troubles, indigestion, loss of appetite, insomnia, night sweats, and a foreboding of getting my entire system out of order. During some months I gave Peruna a fair trial, and it rejuvenated my whole system. I feel thankful, therefore, for although 79 years old I feel like a young man."—Major Frank O'Mahoney.

One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

TO AVENGE ALEXANDER

Plot Discovered to Kill Late King's Assassins.

Bucharest, Roumania, July 14.—It is said that the Servian authorities have unearthed a conspiracy to avenge the late King Alexander. A lieutenant of a frontier garrison has been arrested, charged with making threats against Col. Maschin. A search of the lieutenant's quarters disclosed evidence that twelve officers had formed a league to take vengeance upon the guards.

WAR IN VENEZUELA

The Revolutionists and Government Troops Were Engaged.

Soledad, Venezuela, July 14.—Soledad, which is a strategic position opposite Ciudad Bolivar, on the Orinoco river, has been taken by Government troops. Trenches along the river front before Ciudad Bolivar were shelled yesterday by the revolutionists.

It is believed that the Government commander-in-chief, with a fleet which will co-operate in a general attack on the city.

It is learned through despatches that General Gomez on entering the valley of the Orinoco defeated the revolutionists under Gen. Antonio Paredes. It is not believed that General Bolivar, who holds Ciudad Bolivar, will be able to resist the Government's attack.

BOTH UNSATISFIED

Says Boers May Have to Establish Their Own Schools.

Heidelberg, July 14.—Gen. Botha, addressing the burghers, whom he had convened to discuss public questions, said the Government had, unfortunately, refused to permit an hour a day being devoted to the teaching of the Dutch language, or to allow the parents to have a voice in the election of teachers.

He trusted Sir Arthur Lawley would further consider the matter, otherwise they would be reluctantly compelled to inaugurate their own schools.

Another resolution was carried, asking the Government not to place six to five millions of war debt on the country before representative institutions had been granted.

DROWNED AT STRATFORD

Mr. James A. Stewart Loses Life While Bathing.

Stratford, July 14.—A drowning accident occurred here on Sunday at the pond at Jarvis' brickyard, about a mile and a half east of this city, whereby James A. Stewart lost his life.

Mr. Stewart was employed at the Brockton cheese factory as a cheese maker, and together with a companion, started out to have a swim, intending to go to the Little Lakes, but was persuaded to go to the pond, as being the safer. He was an expert swimmer, and had swum about two-thirds across the pond, when he suddenly, without a cry, disappeared. This occurred about 11 a.m., on Sunday. The body was not found till 10 o'clock last night, after strenuous work by his companions and the men gathered there. Deceased was the son of James A. Stewart, of Dufferin street, this city.

EAST LAMBTON CROPS

Prospects Bright for Good Yield in All Lines.

Watford, Ont., July 14.—The rains have materially improved the crop outlook in East Lambton. Wheat, and oats, which presented a discouraging outlook early in the season, now promise to be a good crop. Hay will be light, but it is of better quality than last season. Corn will be below the average on account of the late season and wet weather. The pea crop is very light, farmers generally having ceased to grow this crop on account of the bug. Barley is looking well, but not much is grown. Clover is light, but is much better than earlier in the season. Pasture is good and stock looks well. Early apples will be good, but late varieties will be below the average.

AMES & COMPANY HAVE RE-OPENED

Creditors Received Twenty-Five Per Cent of the Amount Due Them.

Toronto, July 14.—Messrs. A. E. Ames & Co., the King street stock brokers, reopened their doors yesterday morning. Their suspension, which was precipitated by an overload of securities carried in a declining market, occurred on June 2—just about six weeks ago.

Since then they have made rapid progress towards straightening out their affairs. Their secured creditors, the banks, did not press the estate too severely, and the house has been enabled to greatly reduce its liabilities. On June 18 they got so far as to issue a circular to their unsecured creditors offering them in settlement 25 per cent on account on July 15, and the balance in three equal instalments, to be dated six, twelve and eighteen months thereafter. Each interest of 5 per cent on the unpaid balances. The offer was almost unanimously agreed to by the firm's creditors.

This morning the creditors were pleasantly surprised to receive their first checks for 25 per cent of the sum due them under the agreement of settlement. These checks were not due till July 15, but were sent out on Saturday last. Following is the form of the letter mailed with each check: "Dear Sir,—Pursuing our letter of the 18th June, we have now pleasure in enclosing our check for 25 per cent of the amount due you, the remainder of which is payable in three equal payments at six, twelve and eighteen months from the 15th inst., with interest on the unpaid balance at 6 per cent per annum, payable with each instalment.

"Kindly sign and return to us the attached receipt.

"Thanking you most heartily for the consideration which you have extended to the firm, we are, yours truly," "A. E. AMES & CO."

It is understood that the total thus paid out of the firm in cash on Saturday was about \$140,000. Besides the cash the firm are also sending out scrip for one-quarter of the stock held by them for clients at the time they made the offer of settlement.

PETROLEA.

Petrolia, July 13.—Rev. Mr. McGregor, of Toronto, who has been occupying the pulpit of the Presbyterian Church here during the absence of the pastor, Rev. A. G. Graham, preached for the last time yesterday, July 12. Rev. Mr. Graham may be expected to occupy his own pulpit on Sunday next.

Pastor L. Brown, of the Baptist Church, conducted a special service for the children of the Sunday school, a July 12, when a very large company of the children, parents and friends of the school gathered to hear the illustrated address on "A Swarm of Bees Worth Having." From a beautiful picture of a swarm of bees and a hive the pastor proceeded to explain the nature and habits of the bees, drawing as he went along, suggestive lessons from them. Six young ladies from the Sunday school rose and read in turn six passages from the New Testament, each beginning with the word "Be." As the teacher was explaining these, Rev. J. T. Dowling, who assisted the pastor during the service, rose and fastened a card bearing the name of the virtue of which the passage spoke. When the sermon was ended there stood before the children six words, which are in turn: "Be thankful, cheerful, loving, diligent, Christlike, saved." A beautiful flower motto, composed of 100 bouquets of variegated colors, was set out before the congregation, which proved very interesting. In all this proved a most inspiring and helpful service.

AN UPROAR IN DUBLIN

Aldermen Vote Against Address of Welcome to King.

Dublin, July 14.—Wild scenes yesterday marked the second debate by the municipal corporation on the question of presenting an address of welcome to King Edward on his arrival in Dublin. The public gallery was filled with people long before the meeting began, and the huge crowd, which was shut out, subsequently broke down the doors in its efforts to get in. Lord Mayor Harrington presided, and the speaker against the address, and compared the Nationalists who favor it to men who had "sold the Irish Parliament."

Maud Gonne (Mrs. McBride) was among the demonstrators who continued the uproar until the lord mayor finally called in the police, who cleared the hall.

After a stormy sitting of four hours the motion in favor of the address was defeated by 40 to 37 votes.

It is said that where one boy smoked occasionally ten years ago 500 smoke regularly today.

C. E. TENT COLLAPSED

Serious Accident at the Big Denver Convention.

Denver, Col., July 14.—The big tent where the Christian Endeavor convention has held forth for the past four days was blown down yesterday, while over 5,000 people were inside. A dozen persons were injured, but none seriously. The presence of mind of Mr. A. M. Ramsey, of Chicago, who sprang to a chair and called the people to hold the canvas and poles undoubtedly prevented many from suffocating. Many women fainted, and were extricated from the folds of the canvas with much difficulty. When the majority were extricated from the tent they held an impromptu prayer service in the open air.

The convention was in full progress at the time of the accident. The sides of the tent had been raised to admit air, and this emboldened a sudden wind to lift up the big canvas as if it were a balloon. Immediately the 5,000 occupants of the tent were in a panic. Hundreds of men sprang to their feet, however, and raised the sides of the tent, and the people who were seated near the tent walls escaped the folds and immediately organized a rescue corps.

ORANGEMEN CELEBRATE

Big Gatherings at Brantford, Wingham and Chesley.

Brantford, Ont., July 14.—Yesterday was a busy day at Brantford in celebration by the Orangemen. The morning was fine and pleasant. The trains from all directions brought in their contingents of Orange lodges, and by noon there were probably about 1,000 strangers in the city. The visiting Orangemen were met at the different stations by a reception committee and band, who escorted them to their respective hotels, where they dined. At 1 o'clock all formed into line on the market square, marching north to Darling street to Peel down Peel to Colborne, thence to the Agricultural Park, West Brantford, where a programme of games of different kinds was carried out, and addresses delivered by Rev. G. W. Graham, Rev. E. W. Hughes, Rev. G. Adams and Messrs. J. H. McCann and E. T. Essery, the latter of London. The usual fire and drum bands accompanying such processions were numerous as ever. It took the procession 20 minutes to pass a given point.

Wingham, Ont., July 14.—The Orange celebration in this district yesterday at Wingham was a great success, thousands attending. Besides local lodges there were lodges from the following places: Auburn, Belgrave, Bervie, Belfast, Brussels, Kincairdine, Kintail, Ripley, Londonderry, Lucknow and Wingham. Lucknow band and Belgrave Lodge secured first prizes.

Chesley, Ont., July 14.—The glorious Twelfth was celebrated in Chesley on Monday, and it was celebrated in right earnest style. The early train from the north and south brought in crowds until the streets were packed with Orangemen and their friends. At 11:30 a procession was formed and marched through the principal streets to Victoria Park. The procession was a very large one, nearly an hour being occupied in passing a given point, and was as orderly a body of men as ever walked in procession.

RHEUMATISM

Acute, Chronic, Muscular.

ITS CAUSE AND CURE.

Rheumatism, that painful and dangerous malady, is of three varieties—Acute, Chronic and Muscular. Acute Articular Rheumatism affects the articulations or joints. The pain it causes can be appreciated only by those who have endured it. Chronic Articular Rheumatism is of a milder form but lasts longer and sometimes settles in a single joint, causing a lasting malformation. Muscular Rheumatism is similar to neuralgia, causing more or less pain in the muscles. It is given various names according to the muscles affected.

Rheumatism is a blood disease. It is caused by the presence of foreign matter in the blood. The kidneys should have filtered out this foreign matter, but they were weak or clogged or overworked.
