Premier Laurier Gives Denial to Reckless Statements of Manitoba Minister.

[Special to The Advertiser.]
Ottawa, June 23.—The reckless and indefinite allegation made Monday by Hon. Robert Rogers, minister of pub-lic works for Manitoba, that a judgeship has been offered for sale, is made the subject of a statement this morn-ing by Sir Wilfrid Laurier.

Dominion Government unless it carries with it a rake-off for the political fund. It was informed the other day that this condition of affairs is going to Mount Pleasant Cemetery, and was largely attended. The pall-bearers were Messrs. Cockburn, Durst, Cook, Dean, kind. I was informed that when we had a vacant judgeship in this provinice a very few months ago, and important positions, the delay was owing to the fact that a leading Liberal in this province, a man recognized as a trusted friend of Sir Wilfrid Laurier in this province, was trying to sell that judgeship for the sum of ten thousand dollars, claiming as he did that the money was necessary to go into the campaign to defeat the Roblin Government in this province."

The Prime Minister's statement is as follows: "The charge of a racoff on contracts we are familiar with, and it can be set aside without comment. but an attack upon the honor of the judiciary is too serious to be allowed to go unchallenged. I do not believe that there is the slightest foundation for the assertion of Mr. Rogers, and as far as the Government may be concerned I give it the most unqualified denial. On behalf of the Government I add that if it were true that a judge had paid a single dollar to anyone in connection with his appointment, that judge would not be fit to go on the bench, and the charge, if true, would impeachment. - (Signed), Wilfrid Laurier.'
