Chicago, Sept. 21 .- Bears had an advantage in the wheat market today, owing more or less to an official report indicating that France has a surplus of 28,000,000 bushels over and above bread and seed requirements. Selling came chiefly from commission houses. Aggressive support was lacking. Initial tations, which ranged from 1/4c to lower, were followed by a decided

etback all around. New low record prices for the season were reached in the corn market. Pre-dictions were current that the Government crop report, October I, would be bearish. After opening unchanged to 1/2 lower prices continued to sag.

Oats were weak with other grain, starting unchanged to 1/4 down and then scoring further losses.
