CIVIC COMMISSION MEETS TO DISCUSS BIG QUESTIONS

Mayor Wilson Calls Gathering to Deal With Important Civic

At last there is a stir in municipal circles. Mayor Wilson's civic commission meets in special session Monday next, when several questions of outstanding importance will be considered.

Numbered among these is the proposal, emanating from Alderman Dr. Douglass, that all automobiles owned by the various city departments, be operated and maintained under one head. In short, Alderman Douglass desires the inauguration of a mun-

icipal garage. City Clerk Baker has now in his possession a statement from the public utilities commission, revealing the cost of maintenance for a given period, of all machines employed by that department. This will be sub mitted at Monday's session.

REPORT LARGE INCREASES AT SCHOOL FAIRS THIS FALL

Medals Donated by Federal Ministers Develop Improved Proficiency in Exhibits.

Special to London Advertiser. ESSEX, Oct. 5 .- School fairs in Essex County have not lost their appeal and popularity. Justus Miller agricultural representative, reports a great increase in number of pupils and schools involved, and a marked improvement in quality of exhibits. In the ten school fairs just concluded 79 schools, 96 teachers and over 3,000 pupils took part. There were a total of 5,320 entries, 1,410 prize winners and an attendance of 7.500. At many of the fairs there were larger entries of higher quality than in the same classes at the county agricultural

A unique feature of the Essex school fairs this year was the donation of a medal at each fair for the pupil coming highest in general proficiency by ministers of the federal cabinet. In North Essex there were provided by the Hon. W. C. Kennedy, and in South Essex by Hon. Geo. P. Graham. The highest score in the county was made by a boy with 73 points. A 9-year-old boy made a score of 64 points in another district. The majority of the medals, however, were won by girls. Indeed, it is an interesting fact that girls made much higher scores in almost al

schools involved than did boys. The school making the highest score of 521 points was a singleroomed school in Sandwich South Township. The second school in the county was a double-roomed school in Tilbury West Township, with 407 points. At all fairs, committees of management, composed of pupils. teachers and trustees of the various schools, had charge of the various features of the fairs, under the general supervision of the agricultural representative. This system of local direction and managemer has given such excellent results it will be continued in the future.

SIANDARD EXCHANGE

Toronto, Oct. 6.-A slight decrease 1070nto, Oct. 6.—A slight decrease in the volume of transactions was noticeable at this morning's session of the Standard Mining Exchange. This can probably be accounted for by the unsettled conditions in the mining districts of Northern Ontario, due to the forest fires. Atlas opened unchanged at 27½c, gaining ½c at the noon close. McIntyre, on small sales, sold down 20 points. Teck-Hughes, after opening a point higher at 8 pc, dropped to 84½c. Castle Trethewey opened fractionally higher at 27c, selling up to 29½c, at which figure it closed. Total sales were 178,875 shares.
