

Ontario Loan Debentures

Invest \$100 in
at **5½%** per annum

And just clip your interest coupons every six months.
Why shouldn't you let your money earn the Debenture Rate instead of depositing it in a savings account at 3 or 3½% per annum?
After you have purchased one debenture and see the real thrift embodied in every bond, with the absolute assurance that your money is safe you will then decide that Ontario Loan Debentures are real thrift investments.

Put a FLEXLUME ELECTRIC SIGN

On Your Payroll

Let us send you a sketch
showing how your Flexlume
sign will look.

A Flexlume Electric Sign on your store front is the least expensive salesman you can hire. Day and night they call attention to your products in a striking way. In the day-time raised snow-white letters; solid letters of light at night. All they ask is their keep—a few cents a day for current and maintenance.

CHESLEY SCHOOL HAS MANY PRIZES

Entries in Hobby Fair Bring
Splendid Results For
Pupils.

PET STOCK LEAD

The hobby habit is strong at Chesley Avenue School, if the winning list of the Hobby Fair serves as an indication. The pupils exhibited with considerable success in almost all of the many classes.
The pet stock section was a special favorite for the pupils of this school. A Persian cat exhibited by Mary Manix was awarded first prize, while Billy Westhead's puss came third. Billy Ballard's cat was given mention. Fred Shaw was given a first prize for his ducks, while Fred Hyatt's stock brought him two prizes, second for guinea pigs, and third for his giant rabbit. Willie Geddes also received a third for his rabbit, while a bunny belonging to Bay Cannon gained second place. The Forbes silver cup for having the best dog in the show was awarded to Ralph Thomas. Honorable mention was made of the dogs exhibited by Cale Quigley, Howard Rake and Kenneth Powell.

The art department of the school was also well represented. Maurice Day received second prize for his drawing of Richmond street north bridge, while Edith Beattie gained a prize for her study of still life in black and white. The exhibit from Grades 7 and 8 took first prize. Grade 3 exhibit obtained second place, while that of Grades 5 and 6 was honorably mentioned. William Burgess took first prize for his landscape painting.

Three bronze medals were accorded the school in domestic science. One was gained by Mae Quinn for an apron, and the other two by Catherine Holm for knitting, and a dressed doll. Catherine also took a second prize for embroidery. Edna Rayner received a first for sewing on a garment, and Leona Kew came second on infants' garments. A quilt shown by Flossie Wilson was honorably mentioned. Maudie Taylor's doll took third rank, and the dolls shown by Marguerite Jones and Marion North were specially noted.

In the manual training, Jack Reid's boat was considered the best. Second and fourth prizes were won for fern stands by Fred Carswell and Joe Holmes respectively. Joe's towel rack came second, while Robert Ferguson's bridge took third prize.
John Atkins and Jim Crosby won the junior pushmobile race, while the fourth place in that event was achieved by Robert Holmes and Raymond Allington.

SOUTH LONDON SCOUTS HOLD ANNUAL BANQUET

Toasts, Addresses and Games
Are Features of the
Evening.

The annual banquet of the South London Troop of the local Boy Scout Association was held in the Church of St. John the Evangelist on Wednesday night. This was the largest affair that has been held by the troop in years, there being about 145 present. The guests of honor were F. C. Irwin of Toronto; E. A. Miller, principal of the London Central Collegiate, and A. E. O'Neill, principal of the East Collegiate.
In proposing the toast to scouting, Mr. O'Neill pointed out the need of correct education among the boys of the present age, and in answering, Mr. Irwin showed how the Boy Scout movement meets these needs in a very efficient manner. Several other toasts followed, and were responded to and answered in a fitting manner.
Following the banquet, the swearing in of three new recruits, the presentation of badges and the promotion of Patrol Leader Willoughby made up an impressive ceremony. This was followed by stunts and first aid drill for the amusement of the visitors.

ASKIN ST. ORCHESTRA PRESENTS CONCERT

Large Audience Is Present at
Grace Methodist
Church.

A large audience at Grace Methodist Church last night was delighted with the concert given by the Sunday School Orchestra of Askin Street Methodist Church. The orchestra, under the leadership of Dr. James H. Smith, won high honors recently at the musical festival in Toronto, and their program included several numbers given at the competition.
Assisting artists were A. G. McCullough, bass soloist of Askin Street Church; Roy Olsen, well-known whistling soloist, and Master Billy Bending, who won first prize among boy violinists at the Hobby Fair last week.

ASKIN STREET ELKS ENTERTAIN STUDENTS

The Elks, a progressive group of young men, organized in connection with the Sunday school of Askin Street Methodist Church, entertained a number of the Normal students very successfully last night. The guests, among whom were thirty young ladies, were introduced to the mystic ceremonies of the Elks, and an enjoyable program of games and music was carried out. Short speeches were also given by a number, and at the conclusion refreshments were served. In a contest which formed one enjoyable feature, the prize-winning couple was Miss French and W. Finlayson.

REDUCED EDITIONS.
Associated Press Despatch.
Paris, May 23.—The Socialist organ Le Populaire, of which Leon Blum and Jean Longuet are the political leaders, hitherto published daily, announced today that it would appear only twice a month after June 3.

In Canada's Parliament

Canadian Press Despatch.
Ottawa, May 23.—Today in parliament—The Senate meets at 2 o'clock. Budget resolutions will be discussed in the House of Commons.

Yesterday—in the Senate, Senator W. H. Bennett said that the recent statements given out by Hon. George P. Graham, minister of railways, in regard to the charges made against the employees of the Canadian National Railways contained a reflection on the independence and honor of the Senate and was simply a political subterfuge to escape responsibility. Sir George E. Foster called the attention of the Senate to the operation of the railways, and that was mentioned for president and that was mentioned for president and that was mentioned for president.

In the House, without dividing, the House adopted a motion by E. G. Porter, Conservative, W. Hastings, calling for reference to the committee on privileges and elections of the withdrawal of Hon. James M. Macdonald, minister of labor, of a deposit of \$4,000 from the Home Bank two days before the election. An item of \$2,000,000 for inspection of animals was adopted, in the estimates of the department of agriculture after four and a half hours discussion of the dismissal of Dr. Torrance, former veterinary director-general.

GOLF COURSE BEGINS TO LOOK LIKE REALITY

Forty Men Are Engaged at
Present in Preparing
Grounds.

London's municipal golf course at Springbank is fast becoming a reality, and officials look forward to an opening in the early part of June if the weather permits the work to progress as rapidly as it has in the last two weeks.

About 40 men are engaged on the undertaking at present. A. O. Hunt, assistant general manager of the public utilities, said this morning, and present indications are that when completed, the nine-hole course will equal any of its size in the Dominion.

The subscription list is now bordering on the 600 mark, and the waiting list is growing every day. Mr. Hunt asserts. Those who have signified their intentions of subscribing but have not yet paid their dues will remit the 100 fee, will only be given a short period of grace before their names will be struck off the list and those of waiting subscribers substituted.

ENGINEER WILL START PAVING ON MONDAY

Work on Egerton Street Will
Be Done First.

The city engineer is starting the paving work on Egerton street on Monday, and in this way will get started some weeks previous to the starting time of last year. The street of paving runs from the C. N. R. tracks to the Hamilton road, and will keep the engineer's gangs busy until the autumn. He is also about to commence the preparatory work in connection with the paving of Wellington street. All the sewers are in place on this street, but the gas company and the Bell Telephone Company are still down pipes and an underground cable, respectively, and this work can be carried out now so that when the street railway is able to commence the work in the end of August everything will be ready for the surface work of paving. This is probably the only street on which the street cars run in the city which will be paved this year.

PICNIC PLANNED.
Strathroy, May 22.—The executive of the Ontario Threshermen's Association held a meeting here on Tuesday evening at the office of Sam Oakes to complete the arrangements for their annual picnic, June 12, to be held at Springbank Park. Two baseball games are planned, one between Florence and a Lambton County team, the other between Terrhill and a team from the threshermen.

BAPTISTS START ATHLETIC LEAGUE

One Year Closes and a New
One Is Launched.

HUDGELL PRESIDENT

The Baptist Athletic League in London wound up one year's business and started on another following a supper served by the Gleasons Class of Talbot Street Church. The churches represented were Maitland, Egerton and Talbot street.
When it came to the election of officers there was only one name mentioned for president and that was Mr. S. S. Hudgell, who so successfully defeated the league last season. The vice-president is Charles Malone and secretary-treasurer, Nelson Fisher.

Mr. Hudgell acted as chairman of the meeting last evening, one pleasing feature of which was the presentation of the basketball trophy to the Amity Club of Talbot street, and the hockey trophy to the winners, Maitland street. It was proposed to extend the trophy list to include smaller snafels for the individual players on the winning teams, it being felt that in this way the boys would have something when they left the city to take with them as a souvenir of the time spent here.
A committee was named to draw up the schedule for the basketball league, which it is hoped to start the first week in June. This may be followed by a softball league. The three teams in the league for the start of the season will be Egerton, Maitland and Talbot, with a possibility of enlisting a later one.
At the conclusion of the supper the boys' appreciation of the work of the Gleasons Class was shown by a vote of thanks expressed by Frank Blackwell and Ralph Clark on behalf of the Amity Club, and coupled with the presentation of a box of roses to the ladies.

RECORD MAY FOR RAIN, BUT COLD NOT INTENSE

Thermometer Has Not Yet
Reached Lowest Point of
Last Year.

In spite of the continued cool and rainy weather, May of 1924 has not yet registered as low a temperature as May of 1923. On May 5 of last year, according to the local weather bureau, the thermometer descended as low as 26, and while there have been frosts this month, the temperature has not been below freezing. Sir Frederick Stupart of the meteorological office in Toronto announced yesterday that May of this year had been the coldest and rainiest in years. This statement is based on the average temperature. Sir Frederick also said that May in 1894 had a particularly bad record in the way of cold and rain, but so far May of 1924 has not exceeded it. Figures on the average temperatures are not available at the local weather bureau.

WILL HOLD PICNIC

Members of the Senior Leader Corps of the Y. M. C. A. and their women friends will hold a picnic at Springbank tomorrow afternoon. There will be a program of softball and other games. It is expected that some thirty members and their friends will attend.

How Much Further Ahead Did YOU Get Since Last 24th of May?

Are you one of the masters of fortune who are out to own a home of their own, or are you still plugging in the same old groove, paying rent to live in another man's house?

You can't shut your eyes to the finish of your neglect—galling dependence on relatives when your earning power wanes.

You don't want to be "a poor relation."

You have your future in your own hands, but you must act now. Men and women who have gone through the mill

will tell you you will save when you have to. Buy real estate. You will succeed like others have done, who hadn't half your chance.

A goal to work for and something behind you will give you confidence and command respect. The man with a little property is never rated "an old fossil" or "hanger-on." Buck up. Have respect for yourself, and with the first piece paid for you can soon swallow another. Then when you feel you have earned a rest, take things easy and have a little of the landlord's fat yourself.

CELEBRATE VICTORIA DAY

by visiting Riverview Heights, the new, moderately restricted, inexpensive South London sub-division, adjoining the new City of London Riverview Park and playground, where every convenience—easy access to downtown streets, major industries, nearby schools and street cars, pavements and improved streets, with cement walks, curbs and gutters, sewers, street lights, city water, hydro, morning and afternoon postal delivery, police and fire protection, are all available in healthful surroundings and a high-class neighborhood at less than \$10 a foot. Ten per cent down and two years to pay. Clear title. We will help you to finance and build your model home.

Special representatives available to show you over the property all day Saturday. Take Richmond south car to Tecumseh Avenue and walk east through Foxbar. As Wellington Road is now being reconstructed as Wellington Boulevard, motorists should drive via Ridout and Emery streets or through Chelsea Green via Adelaide and Thompson Road.

PUPILS WILL PICNIC AT SPRINGBANK PARK

Plans Will Be Carried Out on
Same Lines As Last
Year.

This year's public school picnic to be held on June 6 at Springbank will be conducted on practically the same lines as last year, the special picnic committee decided at a meeting yesterday afternoon. All the school principals present, as well as the various educational officials were of the opinion that the 1923 system of conducting the frolic was as efficient as it could possibly be made under existing circumstances.
The appropriation for the event remains at \$475. Of this amount it will be necessary to expend \$100 to have the lunch hampers taken to the park from the various schools. While this figure was considered high, the committee concluded that as all the hampers had to be transported at the same time the cost of trucking could not be reduced.
The schools are divided into seven districts, and each is allotted its own

Of Him it is Said!

THE story of the patriarch Joseph dying in a strange land is one of intense human interest. Of him it is said "he gave commandment" and expressed his last desires concerning his possessions.

Upon returning to their native land after many years, his descendants, we find, were seeking to carry out his wishes.

Conditions have changed since then, yet every owner of property still has the right to direct, during his life, the manner of its distribution after life ends. To make a Will is both a duty and a privilege.

In former years an executor's task was comparatively light. In modern times the complications arising out of Government Income Tax and Succession Duty Returns have made an executor's work burdensome. To-day it is experience that counts.

Of great import to the future welfare of loved ones is your selection of an Executor. The Canada Trust Company is organized to carry out the desires of Will-makers. As Executor of your Estate its officers will see to the execution of your wishes in an impartial, thorough manner.

Our booklet "How to Make your Will" shows the first step to be taken. For your family's sake, write for a copy to-day.
