### CHILDREN'S AID SOCIETY, ANNA. CO.

First Meeting of Executive Held Thursday Afternoon. Work and Aims of Organization Set Forth.

The Annapolis County Children's Aid Society has been duly organized and has already begun to function. The first meeting of the Executive was held in the Board of Trade rooms last Thursday afternoon.

The need of such an organization is very obvious to any one conversant with the facts of the situation we face. There are at least a score of children under sixteen years of age in and about our town calling for immediate attention and oversight. Domestic irregularity with the illegitimacy accompanying it is far too common and striking, as it does, the very foundation of our civilization cannot be ignored if we expect to prosper and make progress. Cases of alleged bigamy are reported right at our doors. Homes are established and maintained by unmarried parents. Children reared amid such baneful surroundings cannot receive the training and treatment due them.

If the parents or guardians of our children fail to care for them the State should assume the obligation. Helpless and innocent children must not be permitted to suffer any avoidable handicap. The Children's Aid Society is the friend of the neglected child. It will offer any reasonable assistance to any parents or guardians who make an honest effort to provide for the children under their care. The Society is composed of interested Christian men and women and their ideals of home life, and not those of careless and incompetent parents, will be adhered to in dealing with domestic problems. The public is asked to give this very commendable undertaking their hearty moral and financial support. It is a very difficult work to carry on, but it is a very necessary one.

Among our immediate needs is a shelter to which the children committed to our care can be taken until homes are provided for them.

There will be half a score of neglected children to care for at once. Most of these will need foster homes. Some will be sent to institutions but in every case the best interests of the child will be the matter of first consideration.

The responsibility delegated to the officers of this organization is great and everyone at all interested is asked to do everything possible to make the work succeed and thus prove the blessing it is intended to be to all our delinquent and neglected children.

### CLARENCE

Miss Pearl Chute, of the Public Health Class of Dalhousie University, Halifax, spent the week-end with her parents, Mr. and Mrs. A. C. Chute. Mr. MilEdge Banks had the misfortune to lose one of his horses Saturday. Mr. Owen Beals also met with the same loss last week. Mr. Chester Barteaux and Mr. Victor Chute have each purchased a fine big horse. Miss Lena Sanford has returned from the Sanatorium. She was accompanied home by her mother.

### PORT WADE

A. S. Williams, of Bridgetown, bought three fine pairs of cattle in Lower Granville last week. E. Shafner and Roy Sahean, of Lower Granville, are doing a meat business through to Victoria Beach. Arthur Jefferson, of Clementsport, bought a fine ox at Port Wade last week. Miss Delta White is spending a short vacation with her grandmother, Mrs. Jane Litch. The Pulp Co. have their men here awaiting stock for building and repairing saws in which to carry timber from the Bay shore. Archie Morrison is in charge of a fine span of horses tooting to and from the pulp camps. The Port Wade Lumber Co. are producing lumber and lath at quite a rapid rate. Their output this season is expected to be about 1/2 million feet. Planting is nearly done in the vicinity and ground is becoming very dry on account of continued dry weather. Stanley Reid has been home here from Lynn the past week and returned Friday, Walter Westhaver accompanying him. Our people here seem to be slow to patronize a "submarine" as a ferry boat, although conversant from her recent "dip" she seems to be unable to go more than three trips. From St. John to Westfield on the river is a distance of fourteen miles. The fare on the river boat is 25c. Here we have to cough up 50c. for 3 1/2 miles. Give us a Ferry Boat.

### TUXIS SPORTS ON SATURDAY

Our Boys Contend Here in Athletic Contests With the Middleton Boys.

The Taxis Squares and the Trail Rangers had their elimination sports on the school grounds and made an excellent showing in the various athletic events. The winners on Saturday will next Saturday afternoon meet the Middleton winners on the High School grounds here in the annual contest. We regret that owing to holiday and extra pressure on space we cannot go farther into details this issue but will promise a full account. Come on Saturday afternoon and see a splendid contest between Taxis boys of Bridgetown and those of Middleton in High and Broad Jump, Shot Put, Hundred Yard Dash, Throwing Baseball and various other events. The contest is here this year and these annual events always bring out a good crowd who see events closely and most excitingly contested.

Mr. Harry Carter, formerly foreman with The Monitor but now with the Liverpool Advance, was united in marriage at Bridgewater on Saturday afternoon to Miss Lena Barnes of Bridgetown. We hope to give a more extended account in our next issue.

### WANT MINISTRY OF PUBLIC HEALTH

Valley Medical Society Ask This to Aid in Combating Provincial High Death Rate.

The sixteenth annual meeting of the Valley Medical Society was held in the Court House on Tuesday. There was a large attendance, in fact it was the largest meeting of the society, which has yet been held. The members were officially welcomed to the town by the Mayor, Dr. DuVernot. The election of officers for the year resulted as follows: President—Dr. A. S. Burns, Kentville. Vice-President for Annapolis—Dr. L. B. W. Braine, Annapolis. Vice-President for Digby—D. W. R. Dickie, Barton. Vice-President for Kings—Dr. M. R. Elliott, Wolfville. Secy.—Treas.—Dr. C. E. DeWitt, of Wolfville.

An important item of the business was the passing of the following resolution: Whereas, the general death rate and infant mortality of Nova Scotia compares very unfavorably with the most modern countries where advanced public health measures are being carried out; And whereas, most countries in which public health activities are being fully prosecuted have in their governments a department in charge of a Ministry of Public Health;

Therefore resolved, that the Valley Medical Society places itself on record as in favor of the creation of a Ministry of Public Health in this Province; Further resolved, that a copy of this resolution be passed to the Premier of Nova Scotia, Hon. E. H. Armstrong, and that copies be forwarded to the Nova Scotia Medical Society, and all branches of that Society, for their early consideration and endorsement. The President's address was followed by an address by Dr. S. L. Walker, Associate-Secretary of the Medical Society of Nova Scotia, on "Some Factors of Organization". This was followed by a paper by Dr. H. A. Chisholm, Provincial Health Inspector, of the Profession in Procedure. The discussion on this paper was opened by Drs. M. E. Armstrong and W. B. Moore.

This closed the afternoon session after which the delegates repaired to the Columbia House where they were guests at a banquet.

After the banquet the Society re-assembled in the parlors of the Columbia house on a paper on "Interest Obstruction", by Dr. L. M. Curran, of St. John, was read and discussed, the discussion being opened by Drs. L. R. Morse and A. S. Burns.

The second paper was that by Dr. Glen Donovan, of Halifax, whose subject was "Fractures." The discussion was opened by Drs. M. R. Elliott and J. G. McNally.

Dr. Harry L. Roberts, of Digby, was the author of the third paper, his subject being "Tuberculosis and Pregnancy." Drs. F. S. Messenger and E. O. Hallett opened this discussion.

The fourth and last paper was on "Tuberculosis" and was read by Dr. C. M. Bayne, of the Provincial Sanatorium, Kentville. Drs. C. A. E. DeWitt and L. B. W. Braine opened the discussion.

It was decided that the semi-annual meeting should be held at Wolfville in October.—Courier.

### MOTHER AND THREE CHILDREN WERE DROWNED

Mrs. Edward Hatfield And Her Three Children Were Drowned By The Capsizing of a Row Boat at Quinan, Near Yarmouth.

Yarmouth, N. S.—Mrs. Edward Hatfield, of Quinan, and her three small children were drowned early Wednesday afternoon by the upsetting of a row boat in the little stream which flows alongside the door of their home. A neighbor, Mrs. Duncanson, frightened and crazed by the terrible accident, of which she was a helpless witness, fled to the forest, accompanied by her little grand-daughter. It was thought at first that they, too, had perished in the stream, but they were traced wandering in the woods toward Kempt late in the evening. The body of Mrs. Hatfield was found about a mile from the scene of the accident where the stream had swept it, and the bodies of two of her children have since been found.

The children were two girls and one boy, the eldest of which was seven years of age, the other five and the other four. While men of the country side are dragging the river for the other body, crowds of the demented and frightened woman who with her little grandchild is fleeing, possessed with the terror which overcame her when she saw the Hatfield family swept to their deaths within arms length of her, and she could not aid. Just before dusk assurance that she, too, had not met the same fate was given when a searching party found the woman's footsteps and just behind them the toddling steps of the wearied child in the soft sand of the shore of Cranberry Lake, several miles from Quinan.
