**A BRIDE'S CONFESSION**

"Yes, dear, I am married now, and George and I are keeping house in the loveliest flat on 64th St. Well, yes, we did get married somewhat suddenly. My health, you know, had for some time been very delicate, and Dr. Heavy-fee told mamma that he feared I would follow poor, dear aunts Belle, who died three years ago from a wasting disease. Dear George was almost crazy when mamma told him what the doctor said, and I nearly cried my eyes out, but one day I overheard that hateful Nelly Parker say to her mother, 'I think that George Blauvelt is just too lovely for anything, and when the girl he's engaged to dies, and they say she is dying of a galloping consumption, I'm going to step in to her shoes and become Mrs. George Blauvelt; now just you wait and see.' This spring I noticed George seemed to be almost resigned to the idea that we should never be married, and the thought that that deceitful husband might get him after all nearly drove me crazy. One day I read the testimony of Lawyers Howe and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just sailed for Europe on business for his firm. On Sept. 1st he returned. I was, from the use of the Wafers, by that time again a well woman, and so enraptured was he with my healthy and robust appearance that he insisted we get married the very next day. I could not say him nay, and, as you will see by my card, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is so handsome, and as good as he is handsome. Good-by; be sure not to forget."

**THE DEY OF ALGIERS!**

The SHAH OF PERSIA and the SULTANS of TURKEY and MOROCCO now FATEEN and BEAUTIFY their harems exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.  
 "The Shah found his harem in a state of disorder on his return to Persia."—N. Y. World, Oct. 12, 1888.  
 Reason—Their supply of CAMPBELL'S WAFERS was exhausted.  
 ILLUSTRATIVE of the desirability of a certain amount of Pimples, rancor has it that the above distinguished Oriental Potentates make it a practice to WASH their wives regularly once a month, precedent in rank and imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

**THE HISTOGENETIC SYSTEM OF MEDICINE.**

**WONDERFUL TESTIMONIALS.**

I have suffered from Asthma for twenty years, gradually growing worse and worse. Have consulted several doctors, all of whom told me it was useless for me to take medicine, as I could not be cured. I have also had dropsy of the flesh, which doctors call Anasarca, also dropsy of the abdomen and heart since the first of last March. I was filled from my feet up to my heart. I was treated by two doctors and partly cured twice, but in a few days filled up again and worse than ever. I got so bad the third time that I felt as though I must suffocate for want of breath, and could scarcely walk, and my heart felt to be drowning in water. I was told by Mr. Albright, 10 Wilkins Avenue, of Toronto, about Dr. J. Eugene Jordan's Histogenetic System of Medicine, and made a desperate effort and reached 17 Queen Street East, headquarters in Canada for above system, and consulted Dr. W. Rear, who assured me that Histogenetic Medicines would cure me of both the Asthma and Dropsy. I grasped like a drowning child at a straw, and to the astonishment and delight of myself and friends in six weeks I was cured of both Asthma and Dropsy. Over sixty pounds of fluid have been removed, my limbs are natural in size, my body perfectly natural and my breathing free and easy; my tongue is clean and my appetite good. The cure is evidently radical, and tongue and you can never tell how thankful I am that God has spared my life. I look upon the cure as if it were a miracle. These Medicines are tasteless and leave no ill-effects. I shall be more than happy to answer any enquiries about the treatment. This testimony is voluntary, and I hope through it thousands of sufferers may be saved from an untimely grave.

J. H. JOLIFF,  
 10 Wilkins Avenue.

I was attacked with congestion of the liver and inflammation of the kidneys on the 17th of August, attended with excruciating pains in my side and back. Could not lie on either side—could scarcely breathe. The slightest movement caused agonizing pain. Nothing gave me relief. I sent for Dr. Rear, 17 Queen Street East, knowing he had cured my daughter of a dangerous illness with Histogenetic Medicine after she had been given up by four skillful physicians. In one week my pain was gone and liver and kidneys acting as well as ever. The cure is complete. It acts the most magic of any medicine I ever took. I sincerely hope the suffering ladies of Toronto and elsewhere may try the superior merits of these pure and tasteless beautifully prepared Histogenetic Medicines. My object in giving this testimony is purely through sympathy for the sick and dying.

MRS. McCULLOUGH,  
 60 1/2 Adelaide Street East, Toronto.  
 Like thousands who did not recover from the effects of the grippe, I was left with bronchial troubles after a severe attack, and became very anxious about my condition, as did also my wife. I consulted Dr. Rear at the "Histogenetic" office, 17 Queen Street East. He gave me a thorough examination, and explained Dr. J. Eugene Jordan's Histogenetic system of medicine to me, which looked so reasonable and clear that I consulted my wife, who advised me to try it at once. I did so and the medicines acted like a charm. They are the best to take and quickest to act of any medicine I ever took. I would strongly advise any one suffering from lung and bronchial diseases to try them. They build up very rapidly and remove all pain and coughing at once.

We cannot all be first, but T. A. How to Catch a Lion.

A fierce lion, the terror of the Sahara Desert, was recently captured by the following simple method: The sands of the desert were passed through a sieve. The lion of course remained in the sieve. His majesty had in his vest pocket a can of Imperial Cream Tartar Baking Powder, which he was taking home to his Queen.
