STRANGER THAN FICTION

IS THE TRUTH CONCERNING JOHN GIBBONS
OF EAST LONDON.

He Was Tortured With the Pains of Sciatic
Rheumatism—Tried Doctors, all Sorts of
Medicine and Went to the Hospital in
Vain—Dr. Williams' Pink Pills Cured
Him When All Else Had Failed

From the London Advertiser.

There are two things in this world which
Mr. John Gibbons, a resident of Queen's Ave-
nue East, will henceforth place implicit confi-
dence in. One is the judgment of his wife
and the other the curative qualities of Dr.
Williams' Pink Pills. In his case the two
went hand in hand. Mrs. Gibbons thought
of the remedy, the pills did the rest, and to-
day Mr. Gibbons is a well man where last fall
he was virtually a cripple. An Advertiser
reporter called at the house the other evening
and was met at the door by Mr. Gibbons, to
whom he told the object of his visit, and was
cordially invited in. The reporter had no
sooner got comfortably seated when Mr. Gib-
bons went into an adjoining room. The sound
of clinking bottles floated through the half
open door, and when Mr. Gibbons reappeared
he had in his arms a whole basket of bottles—
all he has to show for many and many a hard
earned dollar spent in useless drugs. As Mr.
Gibbons was busy showing the bottles and des-
cending upon the impotency of the medicines
they had contained, the reporter had abund-
ant opportunity of marking the personal
appearance of the man. His speech betrays
his English birth and his face still bears the
marks of suffering, but his frame is erect, his
step light and elastic, and when he tells you
that he can work, run, or jump with any man,
you cannot help but believe him. He is 29
years of age and was born in Bow Road,
Stratford, England. He came to Canada in
1882, and located at Galt, where he is well
and favourably known. He worked for the
Hon. Mr. Young, member of parliament, for a
long time, and seven years ago he married
Miss Alice Mann, also of Galt. After Mr. Gib-
bons removed to London he settled down near
the car shops and did very well, always having
plenty of work and always having the strength
to do it. He cared nothing about a wetting
until one day a year ago he took an acute at-
tack of sciatic rheumatism following wet
feet. "I lay down on this floor," said
Mr. Gibbons, in telling his story, "night
and day suffering terrible agony. I could not
get up a step and my wife had to help me
up from the floor. I felt the pain in my back
first. It then apparently left my back and
got into my hips. Doctors came here to see
me. They gave me prescriptions but none of
them seemed to do me any good. The neigh-
bors could hear me all over Queen's Avenue
when I would get an attack of the pains.
Last fall I was taken out of their place in a
hack and taken to the hospital. I remained
there about three weeks and the doctors did
what they could for me, but could not give
me any relief. At the end of three weeks
I came home again suffering as much as
ever. My wife got hold of a pamphlet
which told of a number of remarkable cures
by the use of Dr. Williams' Pink Pills, and
we determined to try them. I took about
three boxes and felt myself getting a
little easier. I took thirteen boxes alto-
gether, and it is over two months since I felt
the least suggestion of pain." "Do you feel
that you are entirely cured?" asked the re-
porter. "Yes, sir, I can go out and do a
day's work just as well as ever I could. I
feel perfectly strong and have a good ap-
petite." "No, I don't want another attack
of sickness like that," said Mr. Gibbons, as
he lighted the reporter to the door.

Mrs. Gibbons was not at home on the
occasion of the reporter's first visit. Subse-
quently he called on her and received an
entire confirmation of Mr. Gibbons' story.
"He was home all last summer," said Mrs.
Gibbons, and last August the pains were so
severe as to bring him down on his knees,
and to save himself he could not get up. I
had to lift him off the floor many a time.
He seemed powerless. The bottles he showed
you had almost all of them been repeatedly
filled so that the number of bottles is no
criterion of the amount of medicine taken.

Before he took the pills," concluded Mrs.
Gibbons, "I thought my husband would never
be able to stand upright again. But now,"
she added in parting, "he is as well as ever
he was."

Dr. Williams' Pink Pills create new blood,
build up the nerves, and thus drive disease
from the system. In hundreds of cases they
have cured after all other medicines had
failed, thus establishing the claim that they
are a marvel among the triumphs of modern
medical science. The genuine Pink Pills are
sold only in boxes, bearing the full trade
mark, "Dr. Williams' Pink Pills for Pale
People." Protect yourself from imposition by
refusing any pill that does not bear the regis-
tered trade mark around the box.
