THE GOODALL CUP.

ACCOMPANYING this article appears a picture of the Goodall Cup, which has been frequently referred to in these columns. The handsome trophy was presented to the Canadian Whist League by Charles Goodall & Son, Limited, London, England, to be competed for by Canadian whist clubs. It is solid silver and very handsome and imposing in appearance. Teams from Hamilton, London, Ottawa, Napanee and Toronto entered the competition this year, the cup being won by a team from the Toronto Whist Club, composed of Messrs. W. S. Wallace, G. F. Macdonnell, L. G. Amsden and R. C. Sinclair. The cup becomes the permanent property of any club winning it three consecutive times.

NEW CONGRESS PLAYING CARDS.

THE United States Playing Card Co., at Cincinnati, U.S.A., have announced ten new Congress playing card backs for the season 1905-06. Miniature proofs of these backs in black and white appear in their advertisement in this issue. The black and white illustrations give but little idea of the beauty of the cards, as it is their rich colors which principally give to them their beauty. The new cards are all finished with gold, and with light-colored, durable margins. The designs are the most artistic and harmonious in color yet offered in the Congress grade. The Congress cards will be extensively advertised in the magazines this season, and the consequent demand on dealers will be heavy.

Another departure in the Congress brand is the put

ting of them into fancy holiday packages, as illustrated herewith. They are put up two packs, three packs, and six packs to a box, the boxes being covered in a great variety of handsome designs of cover paper. These fancy

boxes will also be advertised in the magazines, and a large holiday season sale is expected for them. Samples of the new designs and illustrations in colors of the fancy boxes will be sent to any dealer on application. Orders may be placed through any of the leading Canadian jobbers.

"Is your son working?" asked the neighbor.

"Not yet," answered Father Confessed.

"Can't he get a job?"

"He ain't satisfied with a job. He wants a position."—Washington Star
