It is beyond all doubt that "Myrtle Navy" is the favorite tobacco with the smokers of Canada. They obtain more enjoyment from it than from any other tobacco made, and those of them who have used it long enough to test its merits never abandon it for any other brand. The reason for this preference is that the "Myrtle Navy" is made of the very finest leaf which is grown, and that in every process of its manufacture the most vigilant care is exercised to preserve the genuine aroma of the leaf.
