THE DOCTORS CONFER ANOTHER FAVOR.

FIRST three months free of charge. On account of the large number of invalids who have been unable, owing to the rush, to consult the staff of eminent physicians and surgeons, now permanently located at No. 272 Jarvis street (near Gerrard) before January 1st, these eminent doctors have kindly extended the time for giving their services free to March 1st, therefore all invalids who call upon them before March 1st will receive services for the first three months free of charge. The only favor desired is a recommendation from those whom they cure. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

The doctors treat every variety of disease and deformity and will perform all surgical operations free this month, viz.: The removal of cancers, tumors, cataract, polyp, etc. All diseases of the eye, ear, throat, lungs, heart, stomach, liver, kidneys, bladder and all female difficulties arising from whatever cause, nervous prostration, failing vitality and all diseases originating from impure blood are treated with the greatest success.

Catarrh in all its various forms cured by their new method, which consists in breaking up the cold-catching tendency, to which every person suffering from catarrh is susceptible.

Invalids will please not take offence if they are rejected as incurable. The physicians will examine you thoroughly free of charge, and if incurable they will positively tell you so. Also caution you against spending more money for useless medicine.

Remember the date and go early, as their offices are crowded daily. Hours from 9 a.m. to 5, and from 7 to 8 p.m. Sundays from 2 to 4 p.m.

SENATOR PLUMB was a printer and a pretty fair type of man.—*Boston Herald*.

WHEN King James the First wrote his "counterblast to tobacco," the royal pedant knew nothing of the "Myrtle Navy." If he had, instead of wasting his brains over his curious production, he would have filled his royal pipe with it, and would have taken a royal smoke he would then have been prepared to admit that with regard to the injurious effects of tobacco, it all depended on what tobacco you smoked.
