

The facts fully justify every claim put forth in behalf of Thomas, Bourgeois, Orléans, Testimony of the most convincing nature, to which publicity has been frequently and widely given, and which can easily be verified, placed beyond all reasonable doubt, the fact that it fully deserves the confidence which it has placed in it as an award and outward remedy for coughs, colds, catarrhs, sore throat, influenza, bronchitis, and other disorders of the respiratory organs, as a means of removing pain, swelling and inflammation of the muscles and joints, rheumatism, neuralgia, kidney disorders, excruciating and inflammation of the nipples, burns, scalds, bruises, corns, and a variety of other diseases and hurts, and of abnormal conditions of the cuticle. It is inexpensive and safe, as well as prompt and thorough. Its merits have met with the recognition of physicians of repute, and veterinary surgeons, horse owners and stock raisers administer and apply it for colic, galls, affections of the hoof, swellings, garget and troubles incident to horses or to cattle. Sold by all medicine dealers. Price, 25c.

FINANCE & COMMERCE

TRUE WITNESS OFFICE, Tuesday, November 11, Financial.

A more active demand for accommodation at the banks has been reported during the past week, owing to the movement in the crops and the general improvement in business. Rates are steady and firm; good lines of mercantile papers are at 7 to 8, according to name and date. Loans on approved collateral are negotiated at about 7 per cent on call and 7 on 30 days. A rather quiet market for the round amount of sixty-day bills between banks, and 10 1/2 to 10 3/4 over the counter. Currency drafts on New York are at 100.

It is hoped and confidently expected that the statement of the banks doing business in the Dominion for October in respect to several items, will be favorable in comparison with the corresponding month of the year 1917. Notwithstanding the improvement in trade and commerce during the month of October, the circulation of bank bills shows a decrease for September this year of \$2,233,221, as compared with the corresponding month of 1917, and a decrease in September last before the new crop began to move, which fact may to some extent account for this decrease. The total amount of bank bills in circulation on October 31, 1918, was \$1,000,000,000, as compared with that for August last, and general deposits increased \$1,172,202 over those of August. The amount of the discounting of bills for the month of October was \$10,000,000 less than for September, \$8, in specie and Dominion notes the banks have increased the amount to the extent of \$2,000,000 over September, '18, and over the month of August, \$800,000 less.

The local stock market has been very strong all the week, and values for bank stocks, although fluctuating considerably, have generally advanced, and large sales of Montreal, Merchants and Commerce have been made at top prices.

For Consolidated Bank bills brokers are paying 92 to 93c on the dollar, and for Mechanics' 20c to 23c. Ville Marie Bank bills are now taken at par, of course, as the bank is liquidating its liabilities.

Under an improved demand, the Montreal and Quebec Rubber companies have made another advance in prices of from 2 1/2 to 5c per pair for rubber shoes.

Messrs. J. D. Lawlor & Sons, the well-known spring manufacturing concern of this city, are about to transfer their business to a company to be called the Lawlor Sewing Machine Company, the capital to be \$100,000, with power to increase to \$200,000.

In the Supreme Court of Nova Scotia John Silver & Co. have obtained a verdict of \$7,000 against the Dominion Telegraph Company, for having furnished to the St. John papers, in January last, a copy of a letter from the Dominion Telegraph Company, being an increase for this year of \$2,000.

The Grand Trunk Railway return of traffic for the week ending November 1, 1918, compared with the corresponding week of 1917, shows an increase of \$84,001.

Passengers, mails and express 1870, 1875, 1880. Freight and live stock 155,263 131,577. Total 342,263 313,457. Increase, 13 weeks \$28,806 \$28,807.

Business Troubles.

Pierre Veinza has attached Thomas L. Steele for \$241. C. O. Ferrault, assignee.

George Demers has taken out a writ of attachment against Joseph Thompson for \$27,000. If A. Bulp assignee.

John Taylor, of Taylor & Shumway, has been appointed assignee to the estate of J. P. Moss, of St. Johns, Que.

WEEKLY REVIEW OF THE CITY WHOLESALE TRADE.

Tuesday, November 11. Business has continued active in nearly all the branches of commerce in this city during the week, and in some lines the wholesale market has been excited, at steadily advancing prices, notably groceries and chemicals, and some lines of hardware goods. An extensive business has been done in butter at very firm prices, and at the close cheese is beginning to move again for shipment at prices tending upwards. Lumber and boots and shoes, wool, hides, etc., are all reported active, and values for sole leather have further advanced 2c on previous figures. Remittances are universally improving. In many lines merchants are working with great energy to secure stocks at low freight before the close of navigation. Our harbor is looking bare of ships, and those now in port are working day and night to get their cargoes in and get off to sea before the weather becomes colder.

Cattle shippers are commencing to make arrangements to forward their cattle to Halifax, which will be the winter port for this trade. The Government are about erecting sheds there for the accommodation of the trade, which will, it is anticipated, be a large one.

In the local shoe business a quietness is being felt. The demand has fallen off, holders have had to make concessions in order to make sales, consequently a decided decline in the price of raw materials is being felt. Over a grain freight from this port to Liverpool and Glasgow are weak and lower; the rates yesterday were 6s to 6d, yesterday from 4s to 4d to 4s 1/2.

The following are the city prices for flour—Superior Extra 40 00 5 55. Extra Superior 38 00 5 50. Spring Extra, new ground 5 50 5 55. Superior 5 50 5 50. Spring Bakers 5 50 5 50. Middlings 5 00 5 00. Pollards 2 80 2 85. Ontario Bakers 5 00 5 12. City Bags (delivered) 5 00 5 12. Cornmeal, Ontario 2 80 2 80. Cornmeal 2 80 2 80.

BOOTS AND SHOES—A good, steady business continues to be done by our large manufacturers in filling orders for winter goods. Country dealers have come to recognize the value of their orders freely for fall and winter goods, and judging from their anxiety to have them filled at once, their stocks are evidently low. Although there has been still another advance in price for sole leather during the last couple of days it is not probable that prices for manufacturers' goods will be materially affected. Travellers start out with spring samples about a month hence. Remittances continue to improve, and are reported very satisfactory. Rubber goods will be material during the week, and the demand is reported active at the advance.

DRESS AND OUTFITTING—Considerable excitement and activity in the goods trade is being reported, and with prices nominal and uncertain. Values for all chemicals are steadily on the move, a wariness which reflects on the more active demand for large lots to brokers and others who show a strong disposition to speculate; at present

DRY GOODS—Travellers are still on the road, and have been forwarding large quantities of goods during the week. This is attributed to the recent winter weather. At Viger cattle market to-day the offerings were about 130 head cattle, of which 30 head were from St. Gabriel market; about 60 head cows, 100 lambs, and about 10 calves and hogs. There were only a few local butchers on the market, and the demand for cattle was slow; forced sales were made at 2c to 3c per lb. Louis Delorme sold 12 steers weighing about 1,050 lbs. each, to-day, at about 4c per lb. Napoleon Taillefer sold 2 extra fine large steers to a local butcher yesterday for \$88.

The few small cows offered were of rather inferior quality, and all were sold at \$20 to 25 each. The lambs were the leanings of yesterday, and all were disposed of at from \$2 to 3 each. The best calf on the market brought \$12, and the others being very small were sold at \$2 to 8 each. The demand for lean hogs has almost entirely fallen off, and no sales were made to-day.
