St. Andrews is situated on Passamaquoddy Bay, and for natural advantages is not surpassed by any point on that portion of the Atlantic coast.	11.09	416

		367	7.25	Vanceboro.		The first station after crossing the boundary between New Brunswick and the State of Maine. It lies close to the beautiful St. Croix river, the outlet of the boundary chain of lakes, and is an excellent point for the sportsman.	9.55	391	
							St Croix river		
5	481	379	7.47	Tomah	The country about these stations is wild and rugged, and intersected by streams and lakes—a good territory for the sportsman, but as the villages are all new, they possess no features worthy of special notice.	9.33	379

		423	9.10	Mattawamkeag		Here the Penobscot river is crossed, and many canoeists make this station their objective point, descending the river from Moosehead lake, a trip that offers great inducements in the way of fishing and scenery. At Brownville Junction the line of the Kathadin Iron Works Railway is crossed. The scenery along this section of the line compares well with the best bits of Maine, Lake Onawa being, perhaps, as pretty as any of the numerous waters. At Wilson stream the road runs close to the base of Boarstone Mountain. The two stately iron bridges will be noticed before Greenville is reached. The fishing and shooting of this section is exceptionally good.	8.05	335
